INVOLVED IN MYSTERY IS MISS RAYL'S DEATH

Theories of Suicide, Murder and Accident Are All Promulgated to Account For It.

CLEVELAND POLICE COMPLETELY BAFFLED

Cleveland, September 23.—The mystery surrounding the death of Miss Olive K. Rayl, of Wellsville, at Gordon park yesterday morning is apparently no nearer solution than before. Opinion is divided as to whether she was murdered, was a suicide or was the victim of accident.

Olive Rayl came to this city September 1 and entered the Lakeside hospital as a nurse, the position having been secured for her by Dr. W. L. Rayl, her brother, who has an office at 2782 Superior street. The work at the hospital was hard and the young woman became discontented and left one week ago, without consulting her brother. She was sorry afterward and returned to the hospital and asked to be reinstated.

Although the young woman was learning rapidly this was refused, the authorities stating that it would establish a bad precedent. Dr. Rayl then wrote a note of introduction for his sister to the doctors of the Charity hospital. About 9 a. m. Monday Miss Rayl left her brother's home and started for the Charity hospital. It was the last her brother saw of her in life.

"She seemed quite dejected at the time," said he. "I cheered her up a little and she seemed in better spirits as I helped her on the car."

Miss Rayl visited the Charity hospital shortly before noon. She was given a half promise of a position, and told to fill out a regular application blank. Where she was during the afternoon and evening no one seems to know. Shortly before 6 a. m. yesterday the girl's body was found on the track by an engineer on a switch engine. He at once telephoned to William Abel, whose ambulance took the body to his morgue.

The police were notified and detectives sent out on the case.

The severed body was lying on both sides of the north rail of the second track. The head was between the rails and the trunk just outside the track. The face was flat against the ground and slightly scratched by contact with the cinders. A deep scalp wound was found on the right side of the temple, barely concealed by the girl's hair. It might have been caused by the train which struck the girl, but looks more like an injury received in a struggle. The wound does not penetrate the skull.

There was scarcely any blood on the tracks where the body was found. This, the police say, is one of the strong indications the girl was dead before struck by the train. The Lake Shore trainmen say that it would not have been possible for the body to be lying in the position it was if she had been struck by a train when she was erect. The conclusion of the police is that she was first killed and the body dragged to the track and laid across the rails.

Just south of the tracks runs the boulevard. On the roadway was found the fresh track of a buggy, or more

Engineers May Go Ont Unless It Is Speedily Adjusted.

THE PROPOSED AGREEMENT

Unless something in the way of a compromise can be suggested within the next few days, indications are that every steam engineer in the jurisdiction of the local branch of the International Union of Steam Engineers will go out.

The dispute with the factory owners of East Liverpool dates back to July 10. In each case the employer was informed that the proposed agreement was to become operative on August 10, one month later. At the end of that time an answer was not forthcoming as to what disposition the manufacturers proposed to make of the matter.

The manufacturers were loath to recognize or treat with any union organization save the N. B. of O. P. Proof was furnished that the engineers were affiliated with a separate and distinct society, and their interests and those of the potters were identical only in that the engineers were employed to furnish the power.

The controversy was thus situated at the time of the annual convention held at Wheeling last week. The East Liverpool matter was brought up for consideration there, and when adjournment was taken H. B. Erdhaus, an international official, was sent to the city to endeavor to adjust the dispute. Mr. Erdhaus arrived here Monday, and took steps to at once familiarize himself with the situation. A visit was paid to J. G. Lee, president of the manufacturers' association, yesterday and arrangements made for a conference this morning.

When the time agreed upon arrived the employers failed to put in an appearance, and taking this as an indication they did not propose to treat, preparations were at once made for a fight.

Upon arriving here Mr. Erdhaus

LISBON BUSINESS ASSOCIATION STANDS BY THE BELL.

Columbiana County Company Hustling for Subscribers at New Rate.

Lisbon, September 23.—(Special)—At the meeting of the Lisbon Business association last evening a defiant attitude was assumed toward the Columbiana County Telephone company and a previous action emphasized by passing a resolution to notify all telephone patrons of the association that after October 1 the Bell 'phone only will be used to the entire exclusion of the Columbiana County 'phone.

This action by the Business association clinches its former decisive action in adopting the Bell telephone and defies the latest move of the Columbiana County company in discounting the rate offered by the Bell, with the apparent intention of forcing the use of both 'phones.

A petition requesting the Lisbon city council to revoke the franchise of the Columbiana County Telephone company was also introduced with the recommendation that it be presented to the council. Action was deferred by tabling the petition for the present.

Solicitors are now canvassing Lisbon in the interests of the Columbiana County company and several prominent business and professional men have signified their intention of retaining that 'phone.

A force of Columbiana County company workmen came here yesterday from Salem and is putting in some instruments.

Suit on a $450 Note.

Lisbon, September 23.—(Special.)—S. C. Hoopes, of Hanover township, as administrator of the estate of the late Mary Ann Milbourn, has filed suit against S. O. Whinnery and M. R. Elliott to recover on a promissory note for $450 given in 1898 in favor of the now deceased Mrs. Milbourn. He alleges that the only credit on the note is $90, the purchase price of a horse bought of Whinnery by the deceased. The plaintiff asks judgment for the amount actually due.

THOMAS WEDGWOOD ADJUDGED INSANE

Other Matters of Interest Acted Upon By Probate Court at Lisbon.

Lisbon, September 23.—(Special.)—The sale of real estate by William Nouffer, as administrator of the estate of the late Jacob Nouffer, having been confirmed, distribution of the proceeds amounting to $500 has been ordered.

Elias Richards, of Wellsville, having left no will, W. R. McDonald has been appointed as administrator of his estate under bond of $2,200. Appraisers, J. C. Catlett, W. E. Lowary and H. C. Wells.

The administrator having petitioned for permission to settle a claim for wrongful death the court has authorized him to accept $1,100 from the Pennsylvania Railroad company.

Thomas Wedgwood, of East Liverpool, has been adjudged insane and application made for his admission to the Massillon asylum.

MR. COLE'S CLAIM IS NOT ALLOWED

Supreme Court Rules On Disputed Point in Dairy and Food Cases.

IN A SUIT FROM SALEM

From a Staff Correspondent.

Columbus, September 23.—The supreme court reconvened for the fall session of court yesterday and handed down decisions in a number of cases. Among the cases disposed of was that of the state of Ohio on relation of Richard Cole against J. Frank Adams, auditor of Columbiana county, raising the right of persons serving on juries in dairy and food cases to collect fees when such actions are dismissed for want of prosecution.

Cole is a resident of Salem and was a juror in an action tried before Justice of the Peace K. L. Cobourn, in which Edward Umstead, of that city, was charged by State Food Inspector Martin Cowan with deception in the sale of dairy products. The jury could not agree and the justice dismissed the case. Cole presented his claim for fees, amounting to $4 to Auditor Adams, and he refused to issue a warrant on the treasurer for the same, whereupon Cole brought suit in the common pleas court to mandamus the auditor to issue the warrant.

The court allowed the application for a writ of mandamus. Prosecutor J. H. Brookes, representing the auditor, filed an appeal with the circuit court, which overruled the common pleas court. The supreme court affirms the judgment of the circuit court, which sustains the position of Auditor Adams, and Cole is out his fee.

The suit was brought more to settle the question raised than for the sum involved. Had Cole won other jurors would have put in claims for fees. Cole's petition in mandamus was filed July 19, 1900. L. P. Metzger, of Salem, and E. B. Dillon, of Columbus, now on the common pleas bench of Franklin county, represented Cole. Dillon was chief attorney for the dairy and food commission under the administration of Commissioner J. E. Blackburn, predecessor of the present incumbent, Horace Ankeney.

DOMESTIC TROUBLES

The Alleged Cause of the Insanity of a Woman of Knox Township.

Lisbon, September 23.—(Special)—Mrs. Fannie Haenny, of Knox township, was taken before Judge Martin and adjudged insane. Her condition is ascribed to domestic difficulties, together with grief over the death of her infant son, who died three years ago. On Monday the woman wandered away from her home and walking to Damascus got a rig and drove to Salem, where she was apprehended.

After the inquest last evening she was taken back home, where she will be kept pending removal to Massillon.

Sues the Estate.

Lisbon, September 23.—(Special.)—Laura Whinnery is plaintiff in a suit filed here today against S. C. Hoopes, of Hanover township, as administrator of the estate of the late Mary A. Milbourne, asking judgment for $198, with interest from July 7, 1903, alleged to be due on an account for services as a domestic.

MUCH BUSINESS BEFORE THE COURT

Anthony Clunk Will Be Tried For Killing Frank Nuzum.

THE MANY OTHER CASES

Will Likely Make the September Term One of the Busiest Ever Held. Civil Docket Now Contains About 328 Suits.

Lisbon, September 23.—(Special.)—Next Monday morning at 10 o'clock the September term of court will open. As a rule the September term is characterized by the heaviest grand jury work of the year, the grand jury a year ago being a record breaker. The amount of work to come before the jury that will convene next Monday morning can not be forecasted, but it is anticipated that there will be a proportionately large amount of business when it is remembered that a special grand jury last spring disposed of a number of cases that otherwise would have come over to this term.

Probably the most important case that will be brought before the grand jury will be that of Anthony Clunk, who is in jail charged with the murder of Frank P. Nuzum, of Elkton. Clunk has recovered from his recent attack of nervousness that seemed to portend a breaking down and will be ready to face the charge.

Clerk of Courts James N. Hanley has completed the assignments for the first week, which will be devoted to court cases only, with Judge Hole on the bench, the petit jury having been notified not to report until Monday, October 5, the beginning of the second week. There are in the neighborhood of 328 cases now on the civil docket.

Following is the assignment for the first week:

Monday, September 28, 10 a. m.—Empaneling grand jury; R. H. Everson vs. H. W. Sinclair, motion; Mary Hanley vs. Thomas Whalen et al, demurrer; David Hanley vs. Thomas Whalen et al, motion; W. P. Wells et al vs. the city of Wellsville, demurrer; McGarry Real Estate Agency vs. Etta Hawkins, motion; city of Wellsville vs. East Liverpool Railway company, demurrer; Harold T. Powell vs. the McNabb Coal company, demurrer; Charles Anderson vs. J. C. Lewis, motion; Paul Metzger vs. Ellis Robert, demurrer; Joseph Chillery vs. Thomas J. Stringer, motion; New Waterford vs. J. A. Benzenhoffer, motion; Joseph H. English vs. C. A. Smith, demurrer; Mike Shuster vs. American Steel & Wire company, motion; John W. Moore vs. the Crisis Publishing company, motion; Eden Reeder vs. Peter Woodward et al, motion; John W. Rutledge vs. Joseph S. Faloon, motion; Wm. T. Kountz, executor, vs. John T. Kountz, motion; Robert Campbell vs. W. S. Potts, administrator, demurrer; Charles Potato vs. Bridget Potato; Susie Korp vs. John Korp.

Tuesday, September 29—Peck Williamson Heating & Ventilating company vs. board of education South District No. 8, Unity township, motion; Ohio on rel, J. P. McGill vs. trustees of Knox township; in re estate of Abram Hartley; Lucinda Cyrus et al vs. John Spencer et al; Arthur Green vs. Maggie J. Green; Katie Rohrbaugh vs. Tait Rohrbaugh.

Wednesday, September 30—Henry Chambers vs. the city of East Liverpool; James Faloon et al vs. John Matthews et al; Job Ritter vs. Mary Sultner et al; Samuel L. Whinnery vs. John L. Whinnery et al.

Thursday, October 1—Leonidas Wilson vs. Olive L. Wilson; Maul Lange vs. Ottmar A. Lange; R. H. McMichael vs. Lisbon Banking company; George Lower vs. C. P. Rothwell.

Licensed to Marry.

Lisbon, September 23.—(Special)—Harrison A. Weigler and Sarah McCartney, both of Wellsville, have been licensed to wed.

Homer Walker, of East Rochester, and Estelle M. Fultz, Bayard; Charles F. Craig and Mary B. Yant, East Liverpool; Robert A. Peters and Annie Clouse, East Liverpool.

Needs Investigation.

Lisbon, September 23.—(Special.)—Officials here are of the opinion that the case of Alfred Mordis, the Salineville man, who at the age of 33 wanted to marry 13-year-old Viola Beckwith, of the same town, yesterday, needs investigating.

CHANCES AGAINST CHILD'S RECOVERY

A Little One Near Lisbon Terribly Scolded By Hot Coffee.

Lisbon, September 23.—(Special)—Marshall, the 1-year-old son of Mr and Mrs. S. T. Bailey, living in the country midway between Lisbon and Salem, was terribly and it is feared fatally scalded Monday afternoon by upsetting a pot of boiling coffee upon himself. The child's entire body was badly scalded but the worst injuries are about the face and chest.

The chances are against small children in cases of serious burns, but the little one was getting along well last evening.

Will Case Appealed.

Lisbon, September 23.—(Special.)—A petition in error has been filed in the circuit court in the case of Lina Hartley vs. Mary E. Burris et al. This is the famous Salineville case in which a jury some months ago sustained the alleged will of Abraham Hartley.

MET HIS DEATH COUPLING CARS

Brakeman Weitzel Almost Instantly Killed In This City.

TRAIN MOVED SUDDENLY

A. D. Weitzel, aged 28, employed as a brakeman by the Cleveland & Pittsburg Railroad company, met a horrible death last night shortly after 10 o'clock on the main track between Broadway and Walnut street, while in the act of coupling two freight cars. He was standing between the cars when the train unexpectedly gave a sudden jerk, knocking him headlong to the track. Before he could escape from his perilous position the trucks of a heavily laden box car had passed over his left arm and both legs and crushed his body in many other places. Death relieved him of terrible agony in less than 10 minutes.

John McFarland, proprietor of a saloon opposite which the awful accident occurred, was the only witness to the shocking mishap. He was standing in front of his saloon and saw Weitzel as he went sprawling to the track. He says that the brakeman was attempting to make a coupling when the train struck him in the back. Without uttering a cry that was audible at least Weitzel fell and was so terribly crushed that he could not speak a word, dying in abject misery.

McFarland shouted to the engineer to stop the train and when this was done a number of people quickly rushed to the scene and soon had the body free from the weight of the wheels. Dr. W. J. Taylor was summoned, but by the time he arrived the life of the injured man was extinct. The patrol wagon was then called and the body was removed to the passenger depot, where it was prepared for shipment to Wellsville, where Weitzel boarded during his employ with the railroad company.

The railway officials at Wellsville had the body prepared for burial at the undertaking establishment of R. M. Haugh, Wellsville, and it will be shipped to Dayton, where, it is thought, Weizel lived prior to his arrival in Wellsville two weeks ago.

Weizel was single and had followed the life of a railroader for about five years.

DOUBT IS RAISED AS TO THE VALIDITY

Of Bequests to the Salem High School and the Damascus Academy.

Lisbon, September 23.—(Special)—Samuel Allen Bailey and Josephine Murdock, through their attorneys, Smith & Lones, of Wellsville, have filed a petition as executors of the will of the late Mary B. Haines, of Damascus, asking the judgment and direction of the court in construing the twenty-third item of the will. The item in question reads as follows: "I will to the Salem high school of Salem, O., and to the Damascus academy, of Damascus, O., $300 each, to be used for education of the worthy colored race to be spent in such manner the board of education of school directors may deem proper."

In the petition these institutions, with a large number of personal beneficiaries and several charitable and other institutions, including the home for aged women in Salem, Waynesburg college in Greene county, Pa., the Christian church of Westville, O., and the mission board of the Christian church of the American Christian convention, are named as the defendant heirs. It is alleged that all the defendants except the Damascus academy and the Salem board of education, hold that the bequests are invalid to these two beneficiaries and the executors, being in doubt about the matter, ask the court to instruct them as to their duty.

COUNCIL AND THE C. & P. ONCE MORE FAIL TO AGREE ON IMPROVEMENT MATTER

Requests of Supt. Scriven Not Likely to Be Granted in Toto—Ultimatum On Bonds.

It now looks very much as if East Liverpool is going to be the stumbling block for the Cleveland & Pittsburg Railroad company in getting its double tracking through to either terminus of the lines. The councilmen of this city are utterly opposed to giving the company consideration, and at the regular meeting of the body last night a disposition was displayed to compel the company to live up to every provision of the ordinance recently passed or no extra track goes through the Crockery City.

President Horwell and Messrs. Cannon, Moon, Bullock, Croxall and Barlow were present at the meeting, and the action taken against the railroad was unanimous. Upon the reading of the communication from Supt. Scriven, Mr. Cannon took the floor and announced that he was not in favor of considering the requests at all, and he made a motion that the clerk be instructed to notify the superintendent that the ordinance as passed must be accepted or none at all. More conservative ones spoke on the requests, however, and it was finally decided to instruct Supt. Scriven that one of his requests would be granted, that relative to the changing of the roadway at Ralston's crossing; providing, however, that the railroad company pay for the re-advertisement of the ordinance.

During the conversation each councilman expressed his sentiments and all seemed much against considering in the least the communication. It will be noted from his communication, printed yesterday, that Supt. Scriven is willing to move the switch at the Broadway wharf when public necessity requires it and to erect a freight station on the hill when the merchants and business men who have occasion to patronize a freight station demand it.

Before business was taken up in earnest by council, Mr. Cannon expressed himself on the gas question. He said that he did not think it was right for council to hold a meeting without notifying every member and that he was very sorry that he did not know there was to be a meeting last Friday evening. "If I had been there," he added, "I most assuredly would have voted for the solicitor to proceed with the injunction. I would like to be placed on record as taking that stand. I am not in favor of a gas monopoly or any other monopoly, and my vote would never have been cast for dropping the proceedings."

Mr. Croxall announced that Fairview street from Division street to a distance of about 360 feet is badly in need of paving and other improvement and stated that the adjacent property owners are desirous of having the work done. It was decided to have the engineer make an estimate of the cost and report to council.

Mr. Moon reported that the police and other funds were in bad shape and that certain improvements can not be attended to unless the $92,925

MORE DIVORCE SUITS HAVE BEEN FILED

A Young Wife of East Liverpool Tells of Desertion And Extreme Cruelty.

Lisbon, September 23.—(Special.)—Two more divorce petitions were filed today. Ferdinand Wolpert, through Attorney J. C. Boone, of Salem, asks separation from Eva Wolpert, of Salem. The petition says they were married in that city in July, 1899, and have no children. The plaintiff asserts that his wife left him June 20, 1900, and has not returned.

Edna Kays asks divorce from Frank B. Kays, of 334 Walnut street, East Liverpool. They were married February 6, 1901, and have no children. Mrs. Kays charges habitual drunkenness, gross neglect, abandonment and extreme cruelty. She says from the time of their marriage until he finally left her March 1, 1902, she was compelled to perform menial labor to support herself and husband and that when drunk he frequently beat her and used vile and abusive language. Smith & Lones, Wellsville, are the plaintiff's attorneys.

Admitted to Probate.

Lisbon, September 23.—(Special.)—Upon application of Edward W. Holz, of Leetonia, authenticated coupies of the wills of the late Gertrude M. Zweidinger and A. C. Hamilton, both of Allegheny, and Martha M. Hamilton, of Jo Daviess county, Illinois, have been admitted to probate in this county. Property in Columbiana county is disposed of by these wills.

Will Save His Sight.

Lisbon, September 23.—(Special)—L. B. Pike, who was badly burned about the eyes by the spontaneous combustion of some fertilizer a few days ago, has recovered to a degree which makes it apparent that he will not lose the sight of either eye. He still suffers intense pain and has had scarcely any sleep.

CONDEMNED MAN ALMOST GOT FREE

Rand Culver Nearly Sawed His Way Out of Greensburg Jail.

WORKED HARD ALL NIGHT

Greensburg, Pa., September 23.—Charles Kruger, alias Rand Culver, alias Brown, of East Liverpool, who ten days ago was convicted of first degree murder for the killing of Constable H. F. Bierer, on Monday night made an effort to break jail by sawing off the iron bars at the back of his cell. He succeeded in cutting six of the large bars, and only one remained between him and liberty. The other prisoners in that part of the jail heard him sawing all night, but as there was no communication from that part of the prison with the sheriff's room they could not give the alarm until next morning. The sheriff found the bars almost ready to fall out.

Kruger said: "It's all up now; but you can't blame me, sheriff." A search for the saw was made and after an hour's hunt it was found hidden in a broom in Kruger's cell. He was removed to another cell and from now on a guard will be on duty at night.

The seventh bar, which when cut off, would have permitted him to crawl through, had been partly cut when his action was discovered by a fellow prisoner and an alarm was given. While the sheriff did not hear the yells of the excited prisoner, they had the effect of frightening Kruger, and he gave up the critical job in disgust. His idea was to complete the work and gain his liberty in one night. It is admitted by the jail authorities that had the murderer used better judgment and done the work by degrees, his aim would have been successful.

Kruger laughingly told the sheriff when asked where he received the saws that he would tell that secret were he a man who would delight in getting others into trouble, but as he was not of that stripe the sheriff would have to seek another source for the desired information. The sentence of death will be pronounced on Kruger on September 26.

Sues the Estate.

Lisbon, September 23.—(Special.)—Laura Whinnery is plaintiff in a suit filed here today against S. C. Hoopes, of Hanover township, as administrator of the estate of the late Mary A. Milbourne, asking judgment for $198, with interest from July 7, 1903, alleged to be due on an account for services as a domestic.

MUCH BUSINESS BEFORE THE COURT

Anthony Clunk Will Be Tried For Killing Frank Nuzum.

THE MANY OTHER CASES

Will Likely Make the September Term One of the Busiest Ever Held. Civil Docket Now Contains About 328 Suits.

Lisbon, September 23.—(Special.)—Next Monday morning at 10 o'clock the September term of court will open. As a rule the September term is characterized by the heaviest grand jury work of the year, the grand jury a year ago being a record breaker. The amount of work to come before the jury that will convene next Monday morning can not be forecasted, but it is anticipated that there will be a proportionately large amount of business when it is remembered that a special grand jury last spring disposed of a number of cases that otherwise would have come over to this term.

Probably the most important case that will be brought before the grand jury will be that of Anthony Clunk, who is in jail charged with the murder of Frank P. Nuzum, of Elkton. Clunk has recovered from his recent attack of nervousness that seemed to portend a breaking down and will be ready to face the charge.

Clerk of Courts James N. Hanley has completed the assignments for the first week, which will be devoted to court cases only, with Judge Hole on the bench, the petit jury having been notified not to report until Monday, October 5, the beginning of the second week. There are in the neighborhood of 328 cases now on the civil docket.

Following is the assignment for the first week:

Monday, September 28, 10 a. m.—Empaneling grand jury; R. H. Everson vs. H. W. Sinclair, motion; Mary Hanley vs. Thomas Whalen et al, demurrer; David Hanley vs. Thomas Whalen et al, motion; W. P. Wells et al vs. the city of Wellsville, demurrer; McGarry Real Estate Agency vs. Etta Hawkins, motion; city of Wellsville vs. East Liverpool Railway company, demurrer; Harold T. Powell vs. the McNabb Coal company, demurrer; Charles Anderson vs. J. C. Lewis, motion; Paul Metzger vs. Ellis Robert, demurrer; Joseph Chillery vs. Thomas J. Stringer, motion; New Waterford vs. J. A. Benzenhoffer, motion; Joseph H. English vs. C. A. Smith, demurrer; Mike Shuster vs. American Steel & Wire company, motion; John W. Moore vs. the Crisis Publishing company, motion; Eden Reeder vs. Peter Woodward et al, motion; John W. Rutledge vs. Joseph S. Faloon, motion; Wm. T. Kountz, executor, vs. John T. Kountz, motion; Robert Campbell vs. W. S. Potts, administrator, demurrer; Charles Potato vs. Bridget Potato; Susie Korp vs. John Korp.

Tuesday, September 29—Peck Williamson Heating & Ventilating company vs. board of education South District No. 8, Unity township, motion; Ohio on rel. J. P. McGill vs. trustees of Knox township; in re estate of Abram Hartley; Lucinda Cyrus et al vs. John Spencer et al; Arthur Green vs. Maggie J. Green; Katie Rohrbaugh vs. Tait Rohrbaugh.

Wednesday, September 30—Henry Chambers vs. the city of East Liverpool; James Faloon et al vs. John Matthews et al; Job Ritter vs. Mary Sultner et al; Samuel L. Whinnery vs. John L. Whinnery et al.

Thursday, October 1—Leonidas Wilson vs. Olive L. Wilson; Maul Lange vs. Ottmar A. Lange; R. H. McMichael vs. Lisbon Banking company; George Lower vs. C. P. Rothwell.

Licensed to Marry.

Lisbon, September 23.—(Special)—Harrison A. Weigler and Sarah McCartney, both of Wellsville, have been licensed to wed.

Homer Walker, of East Rochester, and Estelle M. Fultz, Bayard; Charles F. Craig and Mary B. Yant, East Liverpool; Robert A. Peters and Annie Clouse, East Liverpool.

Needs Investigation.

Lisbon, September 23.—(Special.)—Officials here are of the opinion that the case of Alfred Mordis, the Salineville man, who at the age of 33 wanted to marry 13-year-old Viola Beckwith, of the same town, yesterday, needs investigating.

CHANCES AGAINST CHILD'S RECOVERY

A Little One Near Lisbon Terribly Scolded By Hot Coffee.

Lisbon, September 23.—(Special)—Marshall, the 1-year-old son of Mr and Mrs. S. T. Bailey, living in the country midway between Lisbon and Salem, was terribly and it is feared fatally scalded Monday afternoon by upsetting a pot of boiling coffee upon himself. The child's entire body was badly scalded but the worst injuries are about the face and chest.

The chances are against small children in cases of serious burns, but the little one was getting along well last evening.

Will Case Appealed.

Lisbon, September 23.—(Special.)—A petition in error has been filed in the circuit court in the case of Lina Hartley vs. Mary E. Burris et al. This is the famous Salineville case in which a jury some months ago sustained the alleged will of Abraham Hartley.

MET HIS DEATH COUPLING CARS

Brakeman Weitzel Almost Instantly Killed In This City.

TRAIN MUVED SUDDENLY

A. D. Weitzel, aged 28, employed as a brakeman by the Cleveland & Pittsburg Railroad company, met a horrible death last night shortly after 10 o'clock on the main track between Broadway and Walnut street, while in the act of coupling two freight cars. He was standing between the cars when the train unexpectedly gave a sudden jerk, knocking him headlong to the track. Before he could escape from his perilous position the trucks of a heavily laden box car had passed over his left arm and both legs and crushed his body in many other places. Death relieved him of terrible agony in less than 10 minutes.

John McFarland, proprietor of a saloon opposite which the awful accident occurred, was the only witness to the shocking mishap. He was standing in front of his saloon and saw Weitzel as he went sprawling to the track. He says that the brakeman was attempting to make a coupling when the train struck him in the back. Without uttering a cry that was audible at least Weitzel fell and was so terribly crushed that he could not speak a word, dying in abject misery.

McFarland shouted to the engineer to stop the train and when this was done a number of people quickly rushed to the scene and soon had the body free from the weight of the wheels. Dr. W. J. Taylor was summoned, but by the time he arrived the life of the injured man was extinct. The patrol wagon was then called and the body was removed to the passenger depot, where it was prepared for shipment to Wellsville, where Weitzel boarded during his employ with the railroad company.

The railway officials at Wellsville had the body prepared for burial at the undertaking establishment of R. M. Haugh, Wellsville, and it will be shipped to Dayton, where, it is thought, Weizel lived prior to his arrival in Wellsville two weeks ago.

Weizel was single and had followed the life of a railroader for about five years.

DOUBT IS RAISED AS TO THE VALIDITY

Of Bequests to the Salem High School and the Damascus Academy.

Lisbon, September 23.—(Special)—Samuel Allen Bailey and Josephine Murdock, through their attorneys, Smith & Lones, of Wellsville, have filed a petition as executors of the will of the late Mary B. Haines, of Damascus, asking the judgment and direction of the court in construing the twenty-third item of the will. The item in question reads as follows: "I will to the Salem high school of Salem, O., and to the Damascus academy, of Damascus, O., $300 each, to be used for education of the worthy colored race to be spent in such manner the board of education of school directors may deem proper."

In the petition these institutions, with a large number of personal beneficiaries and several charitable and other institutions, including the home for aged women in Salem, Waynesburg college in Greene county, Pa., the Christian church of Westville, O., and the mission board of the Christian church of the American Christian convention, are named as the defendant heirs. It is alleged that all the defendants except the Damascus academy and the Salem board of education, hold that the bequests are invalid to these two beneficiaries and the executors, being in doubt about the matter, ask the court to instruct them as to their duty.

COUNCIL AND THE C. & P. ONCE MORE FAIL TO AGREE ON IMPROVEMENT MATTER

Requests of Supt. Scriven Not Likely to Be Granted in Toto—Ultimatum On Bonds.

It now looks very much as if East Liverpool is going to be the stumbling block for the Cleveland & Pittsburg Railroad company in getting its double tracking through to either terminus of the lines. The councilmen of this city are utterly opposed to giving the company consideration, and at the regular meeting of the body last night a disposition was displayed to compel the company to live up to every provision of the ordinance recently passed or no extra track goes through the Crockery City.

President Horwell and Messrs. Cannon, Moon, Bullock, Croxall and Barlow were present at the meeting, and the action taken against the railroad was unanimous. Upon the reading of the communication from Supt. Scriven, Mr. Cannon took the floor and announced that he was not in favor of considering the requests at all, and he made a motion that the clerk be instructed to notify the superintendent that the ordinance as passed must be accepted or none at all. More conservative ones spoke on the requests, however, and it was finally decided to instruct Supt. Scriven that one of his requests would be granted, that relative to the changing of the roadway at Ralston's crossing; providing, however, that the railroad company pay for the re-advertisement of the ordinance.

During the conversation each councilman expressed his sentiments and all seemed much against considering in the least the communication. It will be noted from his communication, printed yesterday, that Supt. Scriv- is willing to move the switch at the Broadway wharf when public necessity requires it and to erect a freight station on the hill when the merchants and business men who have occasion to patronize a freight station demand it.

Before business was taken up in earnest by council, Mr. Cannon expressed himself on the gas question. He said that he did not think it was right for council to hold a meeting without notifying every member and that he was very sorry that he did not know there was to be a meeting last Friday evening. "If I had been there," he added, "I most assuredly would have voted for the solicitor to proceed with the injunction. I would like to be placed on record as taking that stand. I am not in favor of a gas monopoly or any other monopoly, and my vote would never have been cast for dropping the proceedings."

Mr. Croxall announced that Fairview street from Division street to a distance of about 360 feet is badly in need of paving and other improvement and stated that the adjacent property owners are desirous of having the work done. It was decided to have the engineer make an estimate of the cost and report to council.

Mr. Moon reported that the police and other funds were in bad shape and that certain improvements can not be attended to unless the $92,925

MORE DIVORCE SUITS HAVE BEEN FILED

A Young Wife of East Liverpool Tells of Desertion And Extreme Cruelty.

Lisbon, September 23.—(Special.)—Two more divorce petitions were filed today. Ferdinand Wolpert, through Attorney J. C. Boone, of Salem, asks separation from Eva Wolpert, of Salem. The petition says they were married in that city in July, 1899, and have no children. The plaintiff asserts that his wife left him June 20, 1900, and has not returned.

Edna Kays asks divorce from Frank B. Kays, of 334 Walnut street, East Liverpool. They were married February 6, 1901, and have no children. Mrs. Kays charges habitual drunkenness, gross neglect, abandonment and extreme cruelty. She says from the time of their marriage until he finally left her March 1, 1902, she was compelled to perform menial labor to support herself and husband and that when drunk he frequently beat her and used vile and abusive language. Smith & Lones, Wellsville, are the plaintiff's attorneys.

Admitted to Probate.

Lisbon, September 23.—(Special.)—Upon application of Edward W. Holz, of Leetonia, authenticated coupies of the wills of the late Gertrude M. Zweidinger and A. C. Hamilton, both of Allegheny, and Martha M. Hamilton, of Jo Daviess county, Illinois, have been admitted to probate in this county. Property in Columbiana county is disposed of by these wills.

Will Save His Sight.

Lisbon, September 23.—(Special)—L. B. Pike, who was badly burned about the eyes by the spontenaeous combustion of some fertilizer a few days ago, has recovered to a degree which makes it apparent that he will not lose the sight of either eye. He still suffers intense pain and has had scarcely any sleep.

CONDEMNED MAN ALMOST GOT FREE

Rand Culver Nearly Sawed His Way Out of Greensburg Jail.

WORKED HARD ALL NIGHT

Greensburg, Pa., September 23.—Charles Kruger, alias Rand Culver, alias Brown, of East Liverpool, who ten days ago was convicted of first degree murder for the killing of Constable H. F. Bierer, on Monday night made an effort to break jail by sawing off the iron bars at the back of his cell. He succeeded in cutting six of the large bars, and only one remained between him and liberty. The other prisoners in that part of the jail heard him sawing all night, but as there was no communication from that part of the prison with the sheriff's room they could not give the alarm until next morning. The sheriff found the bars almost ready to fall out.

Kruger said: "It's all up now; but you can't blame me, sheriff." A search for the saw was made and after an hour's hunt it was found hidden in a broom in Kruger's cell. He was removed to another cell and from now on a guard will be on duty at night.

The seventh bar, which when cut off, would have permitted him to crawl through, had been partly cut when his action was discovered by a fellow prisoner and an alarm was given. While the sheriff did not hear the yells of the excited prisoner, they had the effect of frightening Kruger, and he gave up the critical job in disgust. His idea was to complete the work and gain his liberty in one night. It is admitted by the jail authorities that had the murderer used better judgment and done the work by degrees, his aim would have been successful.

Kruger laughingly told the sheriff when asked where he received the saws that he would tell that secret were he a man who would delight in getting others into trouble, but as he was not of that stripe the sheriff would have to seek another source for the desired information. The sentence of death will be pronounced on Kruger on September 26.

ENGINEER BRYAN ON CITY LIGHTS

His Report Is Very Favorable to the United Power Company.

ATTENTION TO THE LAMPS

And Greater Care in Cleaning Them Would Result in Better Illumination—Contract Terms Being Complied With.

As was exclusively stated in the News Review, the report of James Bryan, expert electrician, of Pittsburg, who was employed by the board of public service to investigate the lighting system given the city by the United Power company, was very favorable to the company. The report was read to council last evening and was ordered received. It was as follows:

The Board of Public Service, East Liverpool, Ohio.

Gentlemen—At the request of Mr. Smith, a member of your board, I visited East Liverpool for the purpose of ascertaining whether the United Power company were operating arc lamps of a capacity specified in the terms of their contract with your city. The contract calls for the furnishing of arc lamps of a standard power of 2,000 candles each light, of the same make as the General Electric company, or their equivalent.

At the time this contract was entered into, the Power company had in service what are known as direct current open arc lamps consuming an average of 480 watts per lamp. The lamps at present in service are what are known as "alternating current enclosed arc lamps" consuming an average of 600 watts per lamp. In regard to the phrase in the contract, (standard power of 2,000 candles) it is universally understood to be a nominal rating, and to refer to illuminating effect of a 480 watt open arc lamp. Photometric measurements show that at no angle does the candle power of a 480 watt open arc lamp reach 2,000 candles. The average maximum candle power is about 1,250 at an angle of 45 degrees. Supposing that the lamp were to be suspended at a height of 25 feet from the ground, the maximum illumination would be at a radius of 25 feet from the center of the pole.

This illuminating effect rapidly diminishes and at a radius of 150 feet falls off to about 10 candles. This class of lamp casts an immense shadow for a radius of about 15 feet from the center of the pole. In comparing from memory the illuminating effect of the arc lamps you had in service at the time the contract was entered into, with the lamps you now have in service, the intensity of the light at a comparatively short distance from the pole in comparison with the intensity of the light from the lamps at present in service at a similar distance has been compared to the disadvantage of the present lamps. The average candle power at the radius of 150 feet of the lamps now in service is about 25 candles. The arc lamps now in service are of the General Electric company manufacture, and are of capacity recommended by them for street lighting in preference to open arc lamps.

The steadiness of the light of the enclosed arc as against the violent flickering of the old open arc, together with the illuminating effect at a greater distance results in the more satisfactory illumination for street lighting. In all modern arc light installations, the enclosed arc lamp is installed, and the alternating current arc lamp is for economic reasons, in station operation, superceding the direct current lamp. It is, however, necessary to give more attention to the cleaning of the inner and outer globes of the lamps you now have in service than is required to be given to the cleaning of the globe of open arc lamps. It is necessary for proper illuminating, that both the inner and outer globes of the lamps now in service be thoroughly cleaned each trimming, as failure to do this materially decreases the illuminating effect of the lamp, due to particles deposited in the inner globe by the combustion of the carbons.

In my opinion, the United Power company are substantially complying with the terms of their contract, in as much as they are furnishing an arc light of an equivalent illuminating capacity to the standard commercial 2,000 candle power arc lamp as universally understood.

Respectfully submitted,
JAMES BRYAN,
Engineer.

WITH THE WORKMEN IN THE CLAY PLANTS

QUAINT WARE.

Some charming new Dutch pottery from Gouda shows a great variety of figures in low relief. The colors are delicate and the scenes are all characteristics of different parts of the land of Queen Wilhelmina. Peasant women and children figure in numerous quaintly charming scenes. A Scheveningen woman is showing her small daughter the sails that dot the sea. Marines are conspicuous, as is natural among artists who dwell in the land of the coast, waterways and reclaimed land.

In another one sees two peasant women, one carrying a basket on her head and both of them beautifully neat and clean. Still another piece is in a long boat shape and is intended for a center piece or fruit dish. Outside this the vase shape predominates. Other parts, Amsterdam and Volandam, are represented. One of the former shows a girl reading a prayer book, while one of the latter shows an industrious maid knitting. Another is carrying a basket.

Quite different is the dark green Gouda pottery. This is of deep though distinct coloring, the figures and decorations, generally being confined to band and medallion shaped views in which windmills, spires and ships are most in evidence.

WILL INSTALL SPRINKLERS.

The West End pottery, which has undergone extensive improvements in the pas six months, is to be equipped with the sprinkler system of fire protection, and with this end in view the four-inch water main leading to the plant is being replaced with a main double that capacity. With the completion of this work the plant will be one of the best in the city. The capacity has been more than doubled, a necessary move, owing to the rapidly increasing volume of business.

GOES TO CAMERON.

James Myler, one of the best known disi makers in the city, has accepted a bench in the new Cameron plant and left for that city yesterday. He was formerly connected with the China works and is a skilled and steady operative. He was one of the delegates from the dishmakers local to the last national convention.

POTTERY NOTES.

Stanton Barton has returned from a brief visit with his parents at Sebring.

The clay department at the Sebring plant, Sebring, has been handicapped the past few days by a shortage of flint.

Frank Heltzel, of Lisbon, has secured a situation with the Crooksville China company and will start to work there at once.

At the Dresden the decorating department has been overworked for the past month to keep up with orders. The demand has been principally for decalcomania goods and the printers have not felt the rush.

A Purgative Pleasure.

If you ever took DeWitt's Little Early Risers for biliousness or constipation you know what a purgative pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not gripe, sicken or weaken, but give tone and strength to the tissues and organs involved. W. H. Howell, of Houston, Texas, says: "No better pill can be used than Little Early Risers for constipation, sick headache, etc."

Go Prepared.

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Manly, a dry goods merchant, of Bellville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

ENGINEER BRYAN ON CITY LIGHTS

His Report Is Very Favorable to the United Power Company.

ATTENTION TO THE LAMPS

And Greater Care in Cleaning Them Would Result in Better Illumination—Contract Terms Being Complied With.

As was exclusively stated in the News Review, the report of James Bryan, expert electrician, of Pittsburg, who was employed by the board of public service to investigate the lighting system given the city by the United Power company, was very favorable to the company. The report was read to council last evening and was ordered received. It was as follows:

The Board of Public Service, East Liverpool, Ohio.

Gentlemen—At the request of Mr. Smith, a member of your board, I visited East Liverpool for the purpose of ascertaining whether the United Power company were operating arc lamps of a capacity specified in the terms of their contract with your city. The contract calls for the furnishing of arc lamps of a standard power of 2,000 candles each light, of the same make as the General Electric company, or their equivalent.

At the time this contract was entered into, the Power company had in service what are known as direct current open arc lamps consuming an average of 480 watts per lamp. The lamps at present in service are what are known as "alternating current enclosed arc lamps" consuming an average of 600 watts per lamp. In regard to the phrase in the contract, (standard power of 2,000 candles) it is universally understood to be a nominal rating, and to refer to illuminating effect of a 480 watt open arc lamp. Photometric measurements show that at no angle does the candle power of a 480 watt open arc lamp reach 2,000 candles. The average maximum candle power is about 1,250 at an angle of 45 degrees. Supposing that the lamp were to be suspended at a height of 25 feet from the ground, the maximum illumination would be at a radius of 25 feet from the center of the pole.

This illuminating effect rapidly diminishes and at a radius of 150 feet falls off to about 10 candles. This class of lamp casts an immense shadow for a radius of about 15 feet from the center of the pole. In comparing from memory the illuminating effect of the arc lamps you had in service at the time the contract was entered into, with the lamps you now have in service, the intensity of the light at a comparatively short distance from the pole in comparison with the intensity of the light from the lamps at present in service at a similar distance has been compared to the disadvantage of the present lamps. The average candle power at the radius of 150 feet of the lamps now in service is about 25 candles. The arc lamps now in service are of the General Electric company manufacture, and are of capacity recommended by them for street lighting in preference to open arc lamps.

The steadiness of the light of the enclosed arc as against the violent flickering of the old open arc, together with the illuminating effect at a greater distance results in the more satisfactory illumination for street lighting. In all modern arc light installations, the enclosed arc lamp is installed, and the alternating current arc lamp is for economic reasons, in station operation, superceding the direct current lamp. It is, however, necessary to give more attention to the cleaning of the inner and outer globes of the lamps you now have in service than is required to be given to the cleaning of the globe of open arc lamps. It is necessary for proper illuminating, that both the inner and outer globes of the lamps now in service be thoroughly cleaned each trimming, as failure to do this materially decreases the illuminating effect of the lamp, due to particles deposited in the inner globe by the combustion of the carbons.

In my opinion, the United Power company are substantially complying with the terms of their contract, in as much as they are furnishing an arc light of an equivalent illuminating capacity to the standard commercial 2,000 candle power arc lamp as universally understood.

Respectfully submitted,
JAMES BRYAN,
Engineer.

WITH THE WORKMEN IN THE CLAY PLANTS

QUAINT WARE.

Some charming new Dutch pottery from Gouda shows a great variety of figures in low relief. The colors are delicate and the scenes are all characteristics of different parts of the land of Queen Wilhelmina. Peasant women and children figure in numerous quaintly charming scenes. A Scheveningen woman is showing her small daughter the sails that dot the sea. Marines are conspicuous, as is natural among artists who dwell in the land of the coast, waterways and reclaimed land.

In another one sees two peasant women, one carrying a basket on her head and both of them beautifully neat and clean. Still another piece is in a long boat shape and is intended for a center piece or fruit dish. Outside this the vase shape predominates. Other parts, Amsterdam and Volandam, are represented. One of the former shows a girl reading a prayer book, while one of the latter shows an industrious maid knitting. Another is carrying a basket.

Quite different is the dark green Gouda pottery. This is of deep though distinct coloring, the figures and decorations, generally being confined to band and medallion shaped views in which windmills, spires and ships are most in evidence.

WILL INSTALL SPRINKLERS.

The West End pottery, which has undergone extensive improvements in the pas six months, is to be equipped with the sprinkler system of fire protection, and with this end in view the four-inch water main leading to the plant is being replaced with a main double that capacity. With the completion of this work the plant will be one of the best in the city. The capacity has been more than doubled, a necessary move, owing to the rapidly increasing volume of business.

GOES TO CAMERON.

James Myler, one of the best known dish makers in the city, has accepted a bench in the new Cameron plant and left for that city yesterday. He was formerly connected with the China works and is a skilled and steady operative. He was one of the delegates from the dishmakers local to the last national convention.

POTTERY NOTES.

Stanton Barton has returned from a brief visit with his parents at Sebring.

The clay department at the Sebring plant, Sebring, has been handicapped the past few days by a shortage of flint.

Frank Heltzel, of Lisbon, has secured a situation with the Crooksville China company and will start to work there at once.

At the Dresden the decorating department has been overworked for the past month to keep up with orders. The demand has been principally for decalcomania goods and the printers have not felt the rush.

A Purgative Pleasure.

If you ever took DeWitt's Little Early Risers for biliousness or constipation you know what a purgative pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not gripe, sicken or weaken, but give tone and strength to the tissues and organs involved. W. H. Howell, of Houston, Texas, says: "No better pill can be used than Little Early Risers for constipation, sick headache, etc."

ALCOHOL IN ALL LIQUID KIDNEY AND RHEUMATIC REMEDIES CONDEMNS THEM.

An ignorantly compounded remedy, containing alcohol, as nearly all kidney remedies do, will stimulate them so violently that an inflammation will be set up, and instead of being merely lazy the kidneys will become diseased. Alcohol congests the kidneys with blood and retards their activity.

There is no Alcohol in Nervan Tablets to interfere with the removal of all harmful sediment from the body. The Tablets soothe and heal the kidneys when they are irritated and inflamed. They cure the kidney diseases that make you dizzy, restless, sleepless and irritable; that make you pass water often during the day and night; that cause rheumatism, catarrh of the bladder, pain in the back, joints and muscles; that make your head ache and indigestion, stomach and liver trouble, and a sallow, yellow complexion.

RALLY DAY SERVICES OF GREAT INTEREST

Special Sermons and Music Are Being Arranged For Second Presbyterians Next Sunday.

The Rally Day services at the Second Presbyterian church promise to be of great interest to both old and young and from present indications nearly every member or adherent of the church and Sunday school will take part. Rev. N. M. Crowe, the pastor, is making a special effort for the services and has announced that several noted speakers have been secured and that special music will be rendered.

At the morning service, which will be the rally for the Sunday school, Rev. Mr. Crowe will deliver an address particularly for the children. He has chosen a topic of the greatest interest, "The Life of Christ," and his remarks will be well worth listening to. At the evening service, the rally of the Christian Endeavor society will be held. It is the intention to have at least three out-of-town speakers at this service to make addresses. Rev. Mr. Crowe has asked Rev. S. L. Boston, of Steubenville, and two other noted relgious workers to be present and it is hoped that they will accept.

SLOT MACHINE RAIDED

Four Small Boys, Suspected of the Deed, Must Answer to the Mayor Today.

Four well known young men of the East End have been cited to appear before the mayor this evening after school hours to answer to the charge of raiding a penny slot machine at the establishment of B. A. Swan, opposite the entrance of Columbian park. The robbery occurred Monday night but was not discovered until this morning. It is alleged that 23 pennies and 70 pieces of chewing gum were taken.

Mr. Swan made an investigation and soon had one of the guilty parties under suspicion. It was later learned that four boys had been unusually well supplied with gum and suspicion also rested upon them. Captain Terrence made an investigation of the case and required all four to report to the mayor.

Club Enetrtained.

Mr. and Mrs. Charles Vervain, of Pennsylvania avenue, entertained the Married Folks' Club yesterday afternoon at their pleasant home. This club, which has been in existence several years, is composed of young married people, who meet at the homes of the members at stated intervals. Last year it afforded the members a great deal of enjoyment. The meeting yesterday was the first of the fall and winter season.

Gone to Mechanicstown.

Dave F. White, district deputy for the Protected Home Circle, left this morning for Mechanicstown, where he will complete the arrangements for the installation of a P. H. C. lodge. Mr. White visited that town several weeks ago and in a short time had the pledges of a sufficient number to secure a charter. The new lodge will be instituted tonight by Mr. White.

Grays Beat Invincibles.

The East End Grays won a lop-sided game from Sodaker's Invincibles yesterday afternoon at Columbian park by the score of 16 to 5. Bolton, who pitched for the Grays, was a puzzle. The Invincibles made four errors, while the Grays had but one.

EAST END AFFAIRS.

Miss Bessie Hauck has returned from Cleveland.

Mrs. Charles Herbert, of Erie street, is reported quite ill today.

Thomas Hayes, Sr., has returned from a visit with relatives at Monaca.

S. B. Fellons left last night for Pomeroy, where he will spend a few days with relatives.

John Searight, who was severely injured in a fall about two weeks ago, is able to get around again.

George Bower, of Steubenville, was the guest yesterday of his sister, Mrs. Dr. W. E. Mowen, of Pennsylvania avenue.

East End lovers of gridiron contests are sorely disappointed over the latest fluke in the game announced between the Oaklands and the Athletics.

Work upon the new house for Mrs. Orvilla Dawson, on Railroad street, has been commenced. The structure will be one of the finest on that thoroughfare.

Officer Jay Fisher will remain at the Pittsburg hospital for a period of 20 days to complete the Pasteur treatment necessary as a result of the dog bite received last Saturday.

INVOLVED IN MYSTERY IS MISS RAYL'S DEATH

Continued from First Page

probably a surrey. There was but one horse attached to it. The horse wore a three-quarter shoe, with a calk on the right fore foot. The tracks indicated that the rig had been driven into the park from the St. Clair street entrance, and through a wood toward the east. About 500 feet east from the crossing the buggy was turned around.

The buggy evidently stopped there for the occupants to alight. The buggy turned at this place and the wheel tracks led back to the boulevard. The spot where the rig turned is a lonely one between two strips of woods. There is not a house for many rods. On the ground were found a great number of foot prints and the ground was badly tramped, as though there had been a struggle.

Footprints corresponding exactly with the shoe worn by Miss Rayl were found at this place. A man's plain white linen handkerchief covered with blood and with the initial J. D. stamped in one corner was also found at the same place. A man's footprints were plainly discernable. Whether there was more than one man could not be told from the tracks.

From the spot where the struggle evidently took place to the place where the girl's body was found upon the track, Detectives Wilmore and Reiser traced the footprints of two persons, those of a man and of a woman. Miss Rayl's shoes were compared with these marks, but the shoe did not correspond. The marks were those of a shoe considerably larger than that of the dead girl. As Miss Rayl's footprints were found at the roadside and did not lead to the track where she was found, the detectives were left no other conclusion than that she had been murdered at the roadside and her body carried by a man and a woman to the track, where it was carefully placed so that it would be struck by the next train. What train ran over the body is not known. The engineer evidently did not notice anything upon the track. It is thought from the condition of the body that it had been placed on the track early in the evening.

The girl was very slight in stature and could be easily carried the short distance to the main track of the railroad. Between the road and the main track is a side track. On the side track were several flat cars loaded with stone. The body was lifted over one of the cars, and lying on one of the stones there was found a card bearing the name of Blanche Dillon. This is a cousin of the girl and the card probably dropped from her pocketbook. Another card found in the pocketbook bore the name of A. Hunter, 676 Payne avenue. In the pocketbook were also found proofs of some of Miss Rayl's pictures and a small picture of a friend. There was $1.70 in cash. When the girl left the house in the morning she had about $8.

Patrolman Graul also discovered a letter, torn into fragments. The fragments were saved and an attempt made to put them together. The young woman was of exemplary habits. While she was working at the hospital she was doing night work. Since her resignation she had not been out of her home a single evening, Dr. Rayl stated.

"I know of no one with whom she kept company," said the doctor. "She knew no young men in the city, as far as I am aware. She was engaged to a young man by the name of John Pettit shortly after she left high school. This engagement was broken about a year ago, for what reason I do not know. I do not think she has had any communication with the young man since that time and she corresponded with no other person that I know of. The case looks very much like murder to me, but who could have committed the deed I have not the slightest idea."

Slight blue marks were discovered upon the girl's throat.

Nurses and other attaches at Lakeside hospital were shocked upon learning the fate of Miss Rayl. She had been in that institution a short time only, but while there the other girls had learned to like her, though she made friends slowly.

Miss Ellis, the principal of the nurses' training school, liked her work and thought that in time she would make a good nurse. Last Thursday, however, Miss Rayl told Miss Ellis that she thought she was not making sufficient progress in her work and had concluded to resign. Miss Ellis advised her to stay.

Miss Rayl left, but returned the next day (Friday) accompanied by a well dressed woman of middle age. Miss Rayl and the woman told Miss Ellis that Miss Rayl had decided to re-enter the class. Miss Ellis replied that she would give the matter consideration. The woman urged Miss Rayl to take up her work again.

"If I could only get my place again," Miss Rayl said to her companion, "I should be glad to come back."

At 10:30 a. m. Monday Miss Rayl called for Miss Ellis' answer and she was informed that her place had been filled. She seemed disappointed, but went to her room for her personal effects and left.

She was next seen at the Charity hospital, where she applied for a place and seemed greatly disappointed when told that none was vacant.

Chief of Police Koehler stated last evening that he believed Miss Rayl had committed suicide. He said that facts he had learned showed that she was despondent. The presence of the buggy tracks and the bloodstained handkerchief, he said, proved nothing, as they were too far from the scene of the tragedy.

The coroner and another physician who performed the autopsy do not believe the murder theory. The idea that she was disappointed in a love affair and committed suicide on that account is not entertained by Dr. Rayl, her brother, who says she had no recent love affair.

THE DEAD GIRL'S BODY REACHES WELLSVILLE

Funeral Held This Afternoon and Largely Attended — Brother Holds to Murder Theory.

The remains of Miss Olive Rayl, who was killed in Cleveland early yesterday morning, and who, it is believed either was murdered or committed suicide, were brought to Wellsville to the Rayl home on Front street at 5 o'clock this morning, being accompanied by Dr. Will L. Rayl, of Cleveland, a brother of the deceased.

The remains, when seen this morning, did not show any marks of violence, excepting two little marks across the bridge of the nose, which were scarcely visible. The body was dressed in a beautiful white silk gown.

Funeral services were held at the home at 1 o'clock this afternoon and were attended by an enormous crowd of people. Rev. L. F. Laverty, the pastor of the First Presbyterian church here, of which the deceased was a member, was the officiating clergyman. The pall bearers were George and Wilkie Peppard, Ross Starrett, John Perkins and Roy and Earl Smith, all near relatives of the deceased. The interment was made in the family lot at Spring Hill cemetery.

The members of the Rayl family are at a loss to account for the death of Miss Rayl. Dr. Will Rayl still holds on to the theory that she was murdered, while other members of the family seem to think that it was a case of suicide, although they are unable to express a reason for such an act. It is known that Miss Rayl at one time received the attentions of a young electrician named John Pettit, although it is believed that Miss Rayl and Mr. Pettit only entertained a warm friendship towards one another. Mr. Pettit left Wellsville a year or so ago and it is believed that no correspondence has passed between the two since that time, so there can be no cause for suicide from this source. The mystery is being thoroughly investigated by Cleveland detectives.

WEEMS CHOSEN AFTER A FIGHT

Won Sixteenth District Nomination on the Eleventh Ballot.

THE VICTORY IS RUTAN'S

Outcome of a Puzzling And Strenuous Contest — Gen. Hollingsworth's Friends Were Very Sanguine of Success Until the Last Moment.

Steubenville, September 23.—Cabell L. Weems, of St. Clairsville, Belmont county, is the Republican candidate for congress in the Sixteenth district of Ohio. The choice was made on the eleventh ballot last night, after a contest close and exciting. The final vote stood:

Weems	89
Hollingsworth	27
Dunbar	42

Blythe, of Carroll, withdrew after the tenth ballot, and Carroll's vote, with one or two other factors, brought about Weems' victory.

The nominee had nine more than the 80 votes necessary to a choice. Of these 51 were cast by his home county, Belmont; 22 by Carroll, and 16 by Monroe. Gen. Hollingsworth received the 23 votes from his own county of Harrison and the four which he won out in Belmont. The solid Jefferson county vote was cast for its home candidate, Jared Dunbar, of Steubenville. On motion of delegates from all the other counties, Mr. Weems' nomination was made unanimous.

This was the outcome of a very puzzling contest, and, while there is the natural disappointment incident to defeat among the other candidates and their friends, there seems to be no soreness such as will endanger success at the polls this fall. There were several surprises connected with the convention, and practically all of them were to the disadvantage of the candidacy of Gen. Hollingsworth. Monday night his friends were most sanguine of success. They predicted with the utmost confidence that the Rouse delegation from Monroe would be seated by the convention yesterday, thus adding 16 votes to their candidate's strength, and that he would gain right along until victory perched on his banners. They counted, too, on help from Carroll county.

In both cases their hopes were blasted. Both Monroe delegations were seated, although with but half a vote for each delegate, thus neutralizing to a great extent, their potency as voting factors, and Carroll county went over to the enemy. Possibly the sorest spot that remains after the convention is to be found among the Harrison delegation, and Carroll county is the cause of it. Especially are the Hollingsworth people sore at "Deacon" D. O. Rutan, who managed I. H. Blythe's fight and is generally and justly credited with having worked out the plan by which the nomination of Mr. Weems was accomplished.

The nominee, C. L. Weems, was born in Noble county, O., about 40 years ago and served two terms as prosecuting attorney for Belmont county. He has a native humor, force and ability that cause his admirers to say he suggests Abraham Lincoln. The district is overwhelmingly Republican.

A PASTOR'S WIFE

CURED OF PELVIC CATARRH

She Suffered for Years and Felt Her Case Was Hopeless—Cured by Peruna.

Mrs. Anna B. Fleharty.

MRS. ANNA B. FLEHARTY, recent Superintendent of the W. C. T. U. headquarters, at Galesburg, Ill., was for ten years one of the leading women there. Her husband, when living, was first President of the Nebraska Wesleyan University, at Lincoln, Neb.

In a letter written from 401 Sixty-seventh street, W., Chicago, Ill., Mrs. Fleharty says the following in regard to Peruna:

"Having lived a very active life as wife and working partner of a busy minister, my health failed me a few years ago. I lost my husband about the same time, and gradually I seemed to lose health and spirit. My daughter is a confirmed invalid, and we both felt great need of an invigorator.

"One of my neighbors advised me to try Peruna. A bottle was immediately secured and a great change took place in my daughter's as well as in my own health. Our appetites improved very greatly, the digestion seemed much helped, and restful sleep soon improved us, so that we seemed like new women.

"I would not be without Peruna for ten times its cost."—Mrs. Anna B. Fleharty.

What used to be called female diseases by the medical profession is now called pelvic catarrh. It has been found by experience that catarrhal diseases of the pelvic organs are the cause of most cases of female disease.

Dr. Hartman was among the first of America's great physicians to make this discovery. For forty years he has been treating diseases peculiar to women, and long ago he reached the conclusion that a woman entirely free from catarrhal affection of these organs would not be subject to female disease. He therefore began using Peruna for these cases and found it so admirably adapted to their permanent cure that Peruna has now become the most famous remedy for female diseases ever known. Every where the women are using it and praising it. Peruna is not a palliative simply; it cures by removing the cause of female disease.

Dr. Hartman has probably cured more women of female ailments than any other living physician. He makes these cures simply by using and recommending Peruna.

Mrs. E. L. Brown, 329 Elliott street, Memphis, Tenn., writes:

"I suffered for several years with headache brought on by nervous prostration. I was also afflicted with insomnia. I would get up in the morning more weary than when I retired and I used to dread the approach of night. Peruna came into my home as a welcome guest, and within three short months I was like another woman. I have now enjoyed perfect health for over a year, and those who have suffered as I did will know how happy I am."—Mrs. E. L. Brown.

Mrs. Esther M. Milner, De Graff, Ohio, writes:

"I was a terrible sufferer from female weakness and had the headache continuously. I was not able to do my housework for myself and husband. I wrote you and described my condition as near as possible. You recommended Peruna. I took four bottles and was completely cured. I think Peruna a wonderful medicine."—Mrs. Esther M. Milner.

Congressman Thad. M. Mahon, of Chambersburg, Pa., writes:

"I take pleasure in commending your Peruna as a substantial tonic and a good catarrh remedy."—T. M. Mahon.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

RALLY DAY SERVICES OF GREAT INTEREST

Special Sermons and Music Are Being Arranged For Second Presbyterians Next Sunday.

The Rally Day services at the Second Presbyterian church promise to be of great interest to both old and young and from present indications nearly every member or adherent of the church and Sunday school will take part. Rev. N. M. Crowe, the pastor, is making a special effort for the services and has announced that several noted speakers have been secured and that special music will be rendered.

At the morning service, which will be the rally for the Sunday school, Rev. Mr. Crowe will deliver an address particularly for the children. He has chosen a topic of the greatest interest, "The Life of Christ," and his remarks will be well worth listening to. At the evening service, the rally of the Christian Endeavor society will be held. It is the intention to have at least three out-of-town speakers at this service to make addresses. Rev. Mr. Crowe has asked Rev. S. L. Boston, of Steubenville, and two other noted relgious workers to be present and it is hoped that they will accept.

SLOT MACHINE RAIDED

Four Small Boys, Suspected of the Deed, Must Answer to the Mayor Today.

Four well known young men of the East End have been cited to appear before the mayor this evening after school hours to answer to the charge of raiding a penny slot machine at the establishment of B. A. Swan, opposite the entrance of Columbian park. The robbery occurred Monday night but was not discovered until this morning. It is alleged that 23 pennies and 70 pieces of chewing gum were taken.

Mr. Swan made an investigation and soon had one of the guilty parties under suspicion. It was later learned that four boys had been unusually well supplied with gum and suspicion also rested upon them. Captain Terrence made an investigation of the case and required all four to report to the mayor.

Club Enetrtained.

Mr. and Mrs. Charles Vervain, of Pennsylvania avenue, entertained the Married Folks' Club yesterday afternoon at their pleasant home. This club, which has been in existence several years, is composed of young married people, who meet at the homes of the members at stated intervals. Last year it afforded the members a great deal of enjoyment. The meeting yesterday was the first of the fall and winter season.

Gone to Mechanicstown.

Dave F. White, district deputy for the Protected Home Circle, left this morning for Mechanicstown, where he will complete the arrangements for the installation of a P. H. C. lodge. Mr. White visited that town several weeks ago and in a short time had the pledges of a sufficient number to secure a charter. The new lodge will be instituted tonight by Mr. White.

Grays Beat Invincibles.

The East End Grays won a lop-sided game from Sodaker's Invincibles yesterday afternoon at Columbian park by the score of 16 to 5. Bolton, who pitched for the Grays, was a puzzle. The Invincibles made four errors, while the Grays had but one.

EAST END AFFAIRS.

Miss Bessie Hauck has returned from Cleveland.

Mrs. Charles Herbert, of Erie street, is reported quite ill today.

Thomas Hayes, Sr., has returned from a visit with relatives at Monaca.

S. B. Fellons left last night for Pomeroy, where he will spend a few days with relatives.

John Searight, who was severely injured in a fall about two weeks ago, is able to get around again.

George Bower, of Steubenville, was the guest yesterday of his sister, Mrs. Dr. W. E. Mowen, of Pennsylvania avenue.

East End lovers of gridiron contests are sorely disappointed over the latest fluke in the game announced between the Oaklands and the Athletics.

Work upon the new house for Mrs. Orvilla Dawson, on Railroad street, has been commenced. The structure will be one of the finest on that thoroughfare.

Officer Jay Fisher will remain at the Pittsburg hospital for a period of 20 days to complete the Pasteur treatment necessary as a result of the dog bite received last Saturday.

INVOLVED IN MYSTERY IS MISS RAYL'S DEATH

Continued from First Page

probably a surrey. There was but one horse attached to it. The horse wore a three-quarter shoe, with a calk on the right fore foot. The tracks indicated that the rig had been driven into the park from the St. Clair street entrance, and through a wood toward the east. About 500 feet east from the crossing the buggy was turned around.

The buggy evidently stopped there for the occupants to alight. The buggy turned at this place and the wheel tracks led back to the boulevard. The spot where the rig turned is a lonely one between two strips of woods. There is not a house for many rods. On the ground were found a great number of foot prints and the ground was badly tramped, as though there had been a struggle.

Footprints corresponding exactly with the shoe worn by Miss Rayl were found at this place. A man's plain white linen handkerchief covered with blood and with the initial J. D. stamped in one corner was also found at the same place. A man's footprints were plainly discernable. Whether there was more than one man could not be told from the tracks.

From the spot where the struggle evidently took place to the place where the girl's body was found upon the track, Detectives Wilmore and Reiser traced the footprints of two persons, those of a man and of a woman. Miss Rayl's shoes were compared with these marks, but the shoe did not correspond. The marks were those of a shoe considerably larger than that of the dead girl. As Miss Rayl's footprints were found at the roadside and did not lead to the track where she was found, the detectives were left no other conclusion than that she had been murdered at the roadside and her body carried by a man and a woman to the track, where it was carefully placed so that it would be struck by the next train. What train ran over the body is not known. The engineer evidently did not notice anything upon the track. It is thought from the condition of the body that it had been placed on the track early in the evening.

The girl was very slight in stature and could be easily carried the short distance to the main track of the railroad. Between the road and the main track is a side track. On the side track were several flat cars loaded with stone. The body was lifted over one of the cars, and lying on one of the stones there was found a card bearing the name of Blanche Dillon. This is a cousin of the girl and the card probably dropped from her pocketbook. Another card found in the pocketbook bore the name of A. Hunter, 676 Payne avenue. In the pocketbook were also found proofs of some of Miss Rayl's pictures and a small picture of a friend. There was $1.70 in cash. When the girl left the house in the morning she had about $8.

Patrolman Graul also discovered a letter, torn into fragments. The fragments were saved and an attempt made to put them together. The young woman was of exemplary habits. While she was working at the hospital she was doing night work. Since her resignation she had not been out of her home a single evening, Dr. Rayl stated.

"I know of no one with whom she kept company," said the doctor. "She knew no young men in the city, as far as I am aware. She was engaged to a young man by the name of John Pettit shortly after she left high school. This engagement was broken about a year ago, for what reason I do not know. I do not think she has had any communication with the young man since that time and she corresponded with no other person that I know of. The case looks very much like murder to me, but who could have committed the deed I have not the slightest idea."

Slight blue marks were discovered upon the girl's throat.

Nurses and other attaches at Lakeside hospital were shocked upon learning the fate of Miss Rayl. She had been in that institution a short time only, but while there the other girls had learned to like her, though she made friends slowly.

Miss Ellis, the principal of the nurses' training school, liked her work and thought that in time she would make a good nurse. Last Thursday, however, Miss Rayl told Miss Ellis that she thought she was not making sufficient progress in her work and had concluded to resign. Miss Ellis advised her to stay.

Miss Rayl left, but returned the next day (Friday) accompanied by a well dressed woman of middle age. Miss Rayl and the woman told Miss Ellis that Miss Rayl had decided to re-enter the class. Miss Ellis replied that she would give the matter consideration. The woman urged Miss Rayl to take up her work again.

"If I could only get my place again," Miss Rayl said to her companion, "I should be glad to come back."

At 10:30 a. m. Monday Miss Rayl called for Miss Ellis' answer and she was informed that her place had been filled. She seemed disappointed, but went to her room for her personal effects and left.

She was next seen at the Charity hospital, where she applied for a place and seemed greatly disappointed when told that none was vacant.

Chief of Police Koehler stated last evening that he believed Miss Rayl had committed suicide. He said that facts he had learned showed that she was despondent. The presence of the buggy tracks and the bloodstained handkerchief, he said, proved nothing, as they were too far from the scene of the tragedy.

The coroner and another physician who performed the autopsy do not believe the murder theory. The idea that she was disappointed in a love affair and committed suicide on that account is not entertained by Dr. Rayl, her brother, who says she had no recent love affair.

THE DEAD GIRL'S BODY REACHES WELLSVILLE

Funeral Held This Afternoon and Largely Attended — Brother Holds to Murder Theory.

The remains of Miss Olive Rayl, who was killed in Cleveland early yesterday morning, and who, it is believed either was murdered or committed suicide, were brought to Wellsville to the Rayl home on Front street at 5 o'clock this morning, being accompanied by Dr. Will L. Rayl, of Cleveland, a brother of the deceased.

The remains, when seen this morning, did not show any marks of violence, excepting two little marks across the bridge of the nose, which were scarcely visible. The body was dressed in a beautiful white silk gown.

Funeral services were held at the home at 1 o'clock this afternoon and were attended by an enormous crowd of people. Rev. L. F. Laverty, the pastor of the First Presbyterian church here, of which the deceased was a member, was the officiating clergyman. The pall bearers were George and Wilkie Peppard, Ross Starrett, John Perkins and Roy and Earl Smith, all near relatives of the deceased. The interment was made in the family lot at Spring Hill cemetery.

The members of the Rayl family are at a loss to account for the death of Miss Rayl. Dr. Will Rayl still holds on to the theory that she was murdered, while other members of the family seem to think that it was a case of suicide, although they are unable to express a reason for such an act. It is known that Miss Rayl at one time received the attentions of a young electrician named John Pettit, although it is believed that Miss Rayl and Mr. Pettit only entertained a warm friendship towards one another. Mr. Pettit left Wellsville a year or so ago and it is believed that no correspondence has passed between the two since that time, so there can be no cause for suicide from this source. The mystery is being thoroughly investigated by Cleveland detectives.

WEEMS CHOSEN AFTER A FIGHT

Won Sixteenth District Nomination on the Eleventh Ballot.

THE VICTORY IS RUTAN'S

Outcome of a Puzzling And Strenuous Contest — Gen. Hollingsworth's Friends Were Very Sanguine of Success Until the Last Moment.

Steubenville, September 23.—Cabell L. Weems, of St. Clairsville, Belmont county, is the Republican candidate for congress in the Sixteenth district of Ohio. The choice was made on the eleventh ballot last night, after a contest close and exciting. The final vote stood:

Weems	89
Hollingsworth	27
Dunbar	42

Blythe, of Carroll, withdrew after the tenth ballot, and Carroll's vote, with one or two other factors, brought about Weems' victory.

The nominee had nine more than the 80 votes necessary to a choice. Of these 51 were cast by his home county, Belmont; 22 by Carroll, and 16 by Monroe. Gen. Hollingsworth received the 23 votes from his own county of Harrison and the four which he won out in Belmont. The solid Jefferson county vote was cast for its home candidate, Jared Dunbar, of Steubenville. On motion of delegates from all the other counties, Mr. Weems' nomination was made unanimous.

This was the outcome of a very puzzling contest, and, while there is the natural disappointment incident to defeat among the other candidates and their friends, there seems to be no soreness such as will endanger success at the polls this fall. The limit set by the Hay-Herran canal treaty for its ratification by both countries has expired. Colombia failed to ratify it, hence the whole matter remains as it was before the negotiations of that convention. The United States may take the matter up again with Colombia, or resort to the alternative course which is open under the canal act—begin negotiations with Costa Rica and Nicaragua for the necessary concessions to enable the canal to be built across the Isthmus of Nicaragua. It is probable that the matter will be taken up later with Colombia, and another effort made to negotiate a treaty which will be satisfactory to both sides. While Colombia had the undoubted right to reject the treaty, she was short-sighted in doing so.

Those Democratic newspapers which are bewailing the dragging of any "trivialities" into the campaign must refer to Tom Johnson's sole stock in trade. It is impossible to omit "trivialities" when dealing with Tom Johnson, for of all the cheap demagogues ever before the public eye in Ohio the Cleveland mayor is undoubtedly the chief.

The Central Ohio M. E. conference at Akron struck out a clause in a committee report that strongly condemned dancing. The ministers say the attitude of the church on that form of pleasure is too well known to require re-statement.

It is unfortunate that there should be further delay in railroad improvements. It was supposed that council and the railroad officials had come to an agreement. They should now make haste to do so.

"There is little doubt that Johnson and Clarke are sons of destiny, but what is their destiny?" asks the Toledo Blade. The answer is easy. They are destined to inglorious defeat.

"Weneeda" is a new kind of brew put on the market in Ohio. It is badly named. There are enough kinds of brew now so that the oldest toper can have all his needs supplied.

If the fog were not so thick in the early morning, the most confirmed weather-grumbler could have no fault to find with these September days.

Hancock county people are going to have an oil field or know the reason why. The way they are perforating the Panhandle is a caution.

Weems, of Belmont, will have less difficulty in receiving the election to congress than he had in securing the nomination.

Cuban trade is going away from the United States. Reciprocity would bring it back.

OBITUARY

Mrs. Ruth Reeder.

Lisbon, September 23.—(Special.)—Mrs. Ruth Reeder died at 9 o'clock this morning after a two weeks' illness with the grip at the home of her son, County Commissioner Eden Reeder. The immediate cause of death was heart failure. She was born in Chester county, Pa., June 8, 1819, and at an early age came to this county with her family, who settled near Bayard. The rest of her life was spent in this county. Mrs. Reeder's maiden name was Brogan, and it will be 60 years in November since she married Jesse Reeder, who died 25 years ago. Two sons, Eden, of Lisbon, and Webster Reeder, of Marlboro, survive her.

J. Edward Long.

Word was received here by relatives of the death of James Edgar Long, of Ellwood City, Pa., which occurred at his home in that city Tuesday morning. Death resulted after a short illness from typhoid fever. Mr. Long was a son of B. J. Long, of this city, and a brother-in-law of J. M. Arbuthnot, of 317 Bradshaw avenue. Mr. and Mrs. Arbuthnot left on the morning train to attend the funeral.

The Genuine vs. the Counterfeits.

The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter, of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve.

Ex-Police Captain Still in Jail.

Minneapolis, Sept. 23.—Charles R. Hill, ex-police captain of Minneapolis, pleaded not guilty and trial was set for Oct. 1. He is still in jail, having failed to secure the $7,500 bonds fixed by court. He has been able to get bonds amounting to $5,000, however, and his attorney will make a fight for his release on bonds of that amount.

Old-Time Chicago Mayor Dead.

Chicago, Sept. 23.—Alson Smith Sherman, who was chosen mayor of Chicago in the eighth year of its corporate existence, is dead at his home in Waukegan at the age of 92 years. Mr. Sherman came to Chicago from Barre, Vt., his birthplace, in 1835 and at once took an active part in public affairs.

STOOP-SHOULDER MONTHS

One doesn't have to worry much about children getting round shouldered as long as they are out doors all the while. It is when they are inside, exercising less and bending over desks that the injury is done. For this reason this is an especially timely season to put shoulder braces on the child that shows signs of stooping. It is folly to wait until the habit is fixed. We have the kind you should use, the ones universally conceded to be the best.

worth of bonds are sold. Auditor Davidson then reported that at least five funds of the city have become bankrupt and warned council that something must be done immediately or the persons employed under the departments paid by the funds must discontinue service in the city. The matter was taken up at length and the auditor was finally instructed to notify the C. R. Williams Co., of Pittsburg, that the money for the bonds must be in the hands of the city's treasurer within three days or the sale will be declared off. The auditor was instructed also to negotiate with Attorney George Gaston in the meantime and if the Pittsburg concern does not take the bonds to close a deal with Gaston if possible.

A communication was received from the board of public service, asking council to take final action on the protest offered against the extension of the window in front of the store of the Sleepless Shoe company. Council was very indignant over the request of the service board and shifted the responsibility back to the board by ordering it to enforce strictly the ordinance pertaining to blocking sidewalks.

Solicitor Davidson read the contract compiled by himself and two members of council relative to the collection and disposal of garbage. There were several points that council was not disposed to accept, and the solicitor was ordered to revise the contract accordingly. It will be taken up again at the next meeting and it is likely that it will be finally disposed of.

Attorney W. K. Gaston in a communication notified council that John J. McFadden is going to file suit against the city asking $1,000 damages as a result of an overflow of water near his house on Broadway, which, he alleged, was due to the placing of a fire plug in the gutter. The communication was referred to the solicitor, as was also the Fifth street paving proposition for which Harrison Rinehart has notified he will sue the city.

Council decided that a number of matters of importance must be taken up before the next regular meeting and the body adjourned to meet at the call of the president, which will likely be on next Tuesday evening.

AT THE THEATER

Among the important theatrical offerings of the season just opened which we are to see here in the near future is that of Mary Emerson in "His Majesty and the Maid." That this performance will be in every way a notable one is assured by the fact that Miss Emerson has been associated only with the best of attractions, among these being Louis James and Richard Mansfield. Samuel Lewis, who directs the tour, was for two years with Miss Mildred Holland.

"Turned Up," in which Nat Goodwin achieved one of his many successes, was put on last night at the Grand by the Robison Stock company. It was well staged and well acted and made a decided hit with the audience. Miss Neville won golden opinions, and her support was excellent. "Resurrection" tonight.

Tolston's "Resurrection," which is a recent success, will be presented tonight by the Robison Stock company and in the best style. Tomorrow evening Rose Coghlan's famous "Forget Me Not" will be the attraction.

THE LIQUOR MEN HAVE ADJOURNED

Officers Elected and Sandusky Chosen For Next Annual Meeting.

A BANQUET THIS EVENING

Will Conclude the Two Days of Business And Pleasure—The Visitors Greatly Pleased With Their Treatment in This City.

The twelfth annual convention of the Ohio State Liquor league closed this afternoon at 12:40 o'clock. By all of the 160 or more delegates present the convention was considered the most important ever held by the organization. When adjournment was taken it was to meet at Sandusky on the first Tuesday in September, 1904.

During today's session which commenced at 9:30, business of great importance was taken up, a report of which it was not deemed advisable to make public. At the conclusion of that part of the program officers and trustees were elected for the ensuing year. John Koerber, of Akron, was re-elected president; Fred Felt, of Toledo, was elected treasurer to succeed Jacob A. Horn, of Canal Dover; William Seckler, of Cleveland, financial secretary, and Henry Blacke, of Piqua, re-elected recording secretary.

The following were elected trustees: P. J. McCaffery, of Columbus; Miller Murdock, Prospect; August L. Moltz, Sandusky; E. T. Greiner, Columbus Grove; Christ Scholtz, Massillon; Frank Webber, Findlay. McCaffery declined the honor extended him, but the members would not accept the protest.

It was generally thought that Akron would be chosen as the next meeting place, but for some unknown reason the delegates slated Sandusky for the honor early in the convention.

Timothy McDonough, of Cleveland; John Weiss, of Canton, and Charles Misser, of Cleveland, were chosen delegates to the national convention to be held in Pittsburg, after which Mr. McDonough arose and made a motion that the press of East Liverpool be extended a rising vote of thanks for the fair and liberal manner in which the league had been treated while in the city. The vote was unanimous, and aside from this manner of expressing their gratitude and thankfulness the members applauded loudly when the names of the several papers were mentioned. The league said it was the first time in the history of the organization that it was treated fairly by all the papers of the city in which it met.

A meeting of the executive board was held this afternoon when plans for the coming year were mapped out. The members of the board were sworn by a notary public at 4:30 at the Hotel Walsh.

Though a few of the delegates left the city this afternoon for their homes the great majority of them remained for the elaborate banquet which will be given in honor of the convention at Turner hall this evening.

FRIENDS AND VISITORS

Charles Wright, of Pittsburg, is the guest of Mr. and Mrs. J. M. Shive.

Roy Werner, of Poland, O., is the guest of his sister, Mrs. J. M. Shive.

Kersey Stamp, of Toledo, formerly of Rogers, was at Columbus yesterday.

Mrs. H. B. Myers, of Omaha, Neb., who has been visiting her brother-in-law, Capt. J. A. Myers, for two weeks, will leave today for Lisbon.

R. W. Firestone, of Lisbon, will be at Columbus tomorrow to attend the thirteenth annual meeting of the Ohio Bankers' association. He is on the executive committee.

Salesman W. J. Brandt, of the Sevres Pottery company, who has been at Columbus several days, leaves tonight for Dayton. He is starting on a lengthy western trip. He secured a goodly batch of orders in Columbus.

Mrs. M. K. Zimerman, formerly of this city, is entertaining as her guests at Columbus, her mother, Mrs. Sallie E. House, and Mrs. Carrie E. Blackmore, of East Liverpool. She gives a theater party in their honor today, the guests witnessing "Alabama" from boxes at the Empire. Mesdames House and Blackmore return home Friday morning.

Council was very indignant over the request of the service board and shifted the responsibility back to the board by ordering it to enforce strictly the ordinance pertaining to blocking sidewalks.

Solicitor Davidson read the contract compiled by himself and two members of council relative to the collection and disposal of garbage. There were several points that council was not disposed to accept, and the solicitor was ordered to revise the contract accordingly. It will be taken up again at the next meeting and it is likely that it will be finally disposed of.

Attorney W. K. Gaston in a communication notified council that John J. McFadden is going to file suit against the city asking $1,000 damages as a result of an overflow of water near his house on Broadway, which, he alleged, was due to the placing of a fire plug in the gutter. The communication was referred to the solicitor, as was also the Fifth street paving proposition for which Harrison Rinehart has notified he will sue the city.

Council decided that a number of matters of importance must be taken up before the next regular meeting and the body adjourned to meet at the call of the president, which will likely be on next Tuesday evening.

AT THE THEATER

Among the important theatrical offerings of the season just opened which we are to see here in the near future is that of Mary Emerson in "His Majesty and the Maid." That this performance will be in every way a notable one is assured by the fact that Miss Emerson has been associated only with the best of attractions, among these being Louis James and Richard Mansfield. Samuel Lewis, who directs the tour, was for two years with Miss Mildred Holland.

"Turned Up," in which Nat Goodwin achieved one of his many successes, was put on last night at the Grand by the Robison Stock company. It was well staged and well acted and made a decided hit with the audience. Miss Neville won golden opinions, and her support was excellent. "Resurrection" tonight.

Tolston's "Resurrection," which is a recent success, will be presented tonight by the Robison Stock company and in the best style. Tomorrow evening Rose Coghlan's famous "Forget Me Not" will be the attraction.

THE LIQUOR MEN HAVE ADJOURNED

Officers Elected and Sandusky Chosen For Next Annual Meeting.

A BANQUET THIS EVENING

Will Conclude the Two Days of Business And Pleasure—The Visitors Greatly Pleased With Their Treatment in This City.

The twelfth annual convention of the Ohio State Liquor league closed this afternoon at 12:40 o'clock. By all of the 160 or more delegates present the convention was considered the most important ever held by the organization. When adjournment was taken it was to meet at Sandusky on the first Tuesday in September, 1904.

During today's session which commenced at 9:30, business of great importance was taken up, a report of which it was not deemed advisable to make public. At the conclusion of that part of the program officers and trustees were elected for the ensuing year. John Koerber, of Akron, was re-elected president; Fred Felt, of Toledo, was elected treasurer to succeed Jacob A. Horn, of Canal Dover; William Seckler, of Cleveland, financial secretary, and Henry Blacke, of Piqua, re-elected recording secretary.

The following were elected trustees: P. J. McCaffery, of Columbus; Miller Murdock, Prospect; August L. Moltz, Sandusky; E. T. Greiner, Columbus Grove; Christ Scholtz, Massillon; Frank Webber, Findlay. McCaffery declined the honor extended him, but the members would not accept the protest.

It was generally thought that Akron would be chosen as the next meeting place, but for some unknown reason the delegates slated Sandusky for the honor early in the convention.

Timothy McDonough, of Cleveland; John Weiss, of Canton, and Charles Misser, of Cleveland, were chosen delegates to the national convention to be held in Pittsburg, after which Mr. McDonough arose and made a motion that the press of East Liverpool be extended a rising vote of thanks for the fair and liberal manner in which the league had been treated while in the city. The vote was unanimous, and aside from this manner of expressing their gratitude and thankfulness the members applauded loudly when the names of the several papers were mentioned. The league said it was the first time in the history of the organization that it was treated fairly by all the papers of the city in which it met.

A meeting of the executive board was held this afternoon when plans for the coming year were mapped out. The members of the board were sworn by a notary public at 4:30 at the Hotel Walsh.

Though a few of the delegates left the city this afternoon for their homes the great majority of them remained for the elaborate banquet which will be given in honor of the convention at Turner hall this evening.

FRIENDS AND VISITORS

Charles Wright, of Pittsburg, is the guest of Mr. and Mrs. J. M. Shive.

Roy Werner, of Poland, O., is the guest of his sister, Mrs. J. M. Shive.

HELD FOR COURT CHARGED WITH THEFT

Colored Couple Accused of Stealing $140 from Another Colored Citizen.

Mr. and Mrs. William Hoskins, colored, were brought before Mayor Fogo last evening in answer to the charge of having stolen $140 from Jack Lewis, also colored, last Monday evening on First street. Mr. and Mrs. Hoskins were arrested Monday, but pleaded not guilty at that time and were lodged in jail.

Attorney W. F. Lones appeared in behalf of Mrs. Hoskins in the case last evening. Several witnesses were examined and all testimony pointed to the guilt of Hoskins alone. The mayor's decision in the case was the acquittal of Mrs. Hoskins and the binding over of Mr. Hoskins to court in the sum of $200. He will be taken to Lisbon some time today.

HURTS WERE FATAL

David Jordan, Injured Railroader, Died at the Alliance Hospital Monday.

Word was received here yesterday afternoon to the effect that David Jordan, who was run down by a switch engine in the yards and who had both of his legs taken off, died at the Alliance hospital, where he was taken by Dr. Noble, of this city, Monday evening, at 8 o'clock.

The remains were taken by the wife to a little town near Coshocton, the former home, where funeral services were held.

WATER WORKS TRUSTEES

Held a Meeting, Paid Bills And Looked After New Pump House Work.

The board of water works trustees held a meeting last evening in the office of the board of public service. The bills for the freight and unloading of the big crane which is being used for the construction work on the new water works pumping station were received and ordered paid.

Report No. 1 was received from the Dean Steam Pump company, of Holyoke, Mass., on the big pumps which are being made for the new pumping station. As this report had passed through the hands of Hunt & Co. at Pittsburg, the contracting engineers, it was satisfactory to the local board and was ordered placed on file.

A motion was made and passed that the contractors in charge of the work on the foundation of the new pumping station be requested to proceed at once with the foundation for the big stacks which are to be erected as the board desires to have Mr. Fawcett, who has the contract for this work, to construct the new stacks before cold weather sets in.

UNBOUNDED FAITH IN MI-O- NA

Will Reed Will Refund Money If It Fails to Increase Flesh and Cure Dyspepsia.

"I have been in the drug business long enough to know that there are very few remedies that can be sold on a guarantee to refund the money if they do not give satisfaction.

"I have sold so much Mi-o-na and seen such remarkable results following its use that I welcome the chance to convince any doubter of its merit, by offering to give with each package of Mi-o-na a written guarantee to refund the money if it does not give an increase in weight, regulate the digestion and restore health.

"If you cannot call at my store, send me the price of Mi-o-na, 50c, by mail and I will forward you a regular size box, postage paid, with the same agreement to refund the money if it does not give satisfaction."

Anyone who has been losing flesh, or who has always been too thin, should use Mi-o-na. Thinness and scrawniness are signs that the food is not properly assimilated and that you do not get the nourishment from it that you should.

Mi-o-na mingles with the food you eat, aids its assimilation, tones up and strengthens the digestive organs and puts the whole system in a proper physical condition.

Remember that you risk nothing in buying Mi-o-na. If it fails to give you the desired effect, the cost is trifling. If it fails, Will Reed will pay for the remedy himself.

TO HAVE NEW HOME

Pleasant Heights Circle Has Planned to Build Lodge Room This Fall.

At the recent meeting the members of D. F. White circle, P. H. C., adopted a plan by which a new lodge building is to be constructed upon Pleasant Heights. While the plan has been adopted the details have not been given out, owing to the fact that the location of a site has not been determined upon. It is expected to have the building, which is to be commodious and modern, completed before winter.

This circle, while only a few months old, has experienced a remarkable growth in membership.

LOOKING FOR RUNAWAY BOYS

MARTIN'S FERRY MAN HERE SEEKING THEM.

Says His Son Took $50 And Decamped With Another Lad.

John Hessler arrived in the city this morning from Martin's Ferry and went at once to the mayor's office, where he related a rather unusual story. The old man states that his son, Otto Hessler, and a companion named James Walker, aged 15 and 17 respectively, had run away from their homes in that town, taking with them a considerable sum of money.

The boys were employed in the rolling mill at Martin's Ferry, and after what money was coming to him young Hessler appropriated $50 belonging to his father. They had been traced to this city and the parent was of the opinion they had secured employment at the tin mill.

It was learned that the lads had arrived in Wellsville by the "growler" Saturday night, and later made their way here. Officer Morris was detailed on the case and his first move was to visit the Chester plant of the American Tin Plate company. There he learned that the boys had made application for work early Monday morning, but for some reason they could not be put to work on account of the absence of application blanks. It is presumed they became alarmed at the possibility of being apprehended and left town. Instructions were left at the office of the tin mill that should the boys put in an appearance the authorities in this city were to be notified at once. It was thought perhaps the runaway boys had gone to Canal Dover or Akron and Mr. Hessler left for the latter town today.

CLIMAX NEAR IN THE DISPUTE

Continued from First Page.

drew up an agreement covering all of the points and it is now in the hands of the manufacturers. The aim of the engineers was to equalize working conditions in this district, and a minimum wage was placed at $2.50 per day. The rate was deemed but fair, since it has been contended the engineers have been the poorest paid craft in the city. The revised scale prepared by Mr. Erdhaus is as follows:

Agreement entered into this..... day of ..... 190.., by and between the undersigned, The Western Pottery Association of East Liverpool, Ohio, and vicinity, parties of the first part and the International Union of Steam Engineers, No. 169, East Liverpool, Ohio, parties of the second part.

1. The undersigned, the aforesaid Pottery Association of East Liverpool, Ohio, parties of the first part, agree to employ none but members of the International Union of Steam Engineers No. 169, of East Liverpool, Ohio, or in case said union cannot supply engineers competent in the opinion of the employer, such engineers who are competent and shall become members of said Steam Engineers No. 169.

2. The chief engineer shall in all cases have full charge of the engine and boiler rooms.

3. The minimum wages shall be two and 50-100 dollars ($2.50) for day engineers and two dollars ($2.00) for night engineers. The present hours and working conditions to remain the same but not to conflict with Section No. 1.

4. Where present wages are higher than the minimum they shall not be reduced.

5. The International Union of Steam Engineers No. 169, of East Liverpool, Ohio, party of the second part, pledges itself to promote the mutual interests of the parties to this agreement and to continue the present amiable relations between employer and employe, to observe engine room regulations, discipline such of its members as may be guilty of conduct unbecoming an engineer, to advertise the standing of said firms through the usual channels as union concerns and to use the organization's good offices in behalf of the party of the first part in every honorable manner.

6. Should the parties of the first part and the parties of the second part fail to come to an agreement at the expiration of this contract, this contract shall extend sixty (60) days beyond the date of its expiration.

7. This agreement shall go into effect.....day of.....190.. and shall expire.....day of.....190..

Any other contract now existing between the parties hereto, is hereby, by mutual consent, rescinded.

Signed for the Western Pottery Association of East Liverpool, Ohio.

Signed for the International Union of Steam Engineers No. 169.

Mr. Erdhaus, who is one of the best posted and most conservative of the higher officials, and who owes his present position to that fact, said this morning that he, with Organizer Charles Kontnier, has exhausted every means in their power to bring about a settlement, and that it is now up to the local organization and the headquarters officers. A report has been sent to the international headquarters by wire and a reply is expected at any moment. The men are anxious to bring the matter to a focus at once, and are unanimous in their determination to go out if their terms are not acceded to.

THE REBEKAH DEGREE HELD CELEBRATION

Fifty-First Anniversary Observed In An Impressive and Enjoyable Manner.

The observance of the fifty-first anniversary of the establishment of the Degree of Rebekah, I. O. O. F., by Ceramic City lodge No. 28, was one of the pleasant lodge functions of the year. Nearly 70 members of the order assembled at the Odd Fellows' hall and the evening was greatly enjoyed in a social way. Tempting refreshments were served.

The Degree of Rebekah in this city has shown a steady growth since its inception and is now popular and prosperous. Arrangements for the anniversary celebration were left with the officers and while the time was short, the entertainment provided was most acceptable. The following ladies, as officers, served on the committee: Mrs. W. E. Warren, noble grand, chairman; Mrs. A. G. Hofman, vice noble grand; Mrs. Harshey, chaplain; Mrs. Gus Trenle, financial secretary; Mary Lloyd, treasurer; Mrs. Sheridan McGavern, recording secretary; Mrs. Sarah Campbell, warden; Miss Kitty Burton, conductor; Mrs. John Anderson, right supporter to the noble grand; Mrs. Tom Pickal, left supporter to the noble grand; Thomas Pickal, right supporter to the vice noble grand; Mrs. Maggie Kinsey, left supporter to vice noble grand.

Arrangements were made at the meeting to attend the big Odd Fellows' picnic to be held at Rock Springs park tomorrow and one candidate was obligated.

BIG DAY TOMORROW FOR THE ODD FELLOWS

Trainloads of Visitors Coming—A Big Parade And Picnic.

Odd Fellows from all over this section of the state, several thousand strong, are coming to East Liverpool and Rock Springs park tomorrow to attend the big picnic planned by the local brances of the order. The indications are that the attendance will be unusually large. Word has been received that four special trains will be run, and it is probable that other trains will be added.

One of the trains will start from Dennison and Uhrichsville, bearing the members of the Twin City lodges and their friends. The canton will come in full uniform and will participate in the parade here in the afternoon. The parade will be formed by the canton named above, Canton Rhodes, of this city, and others, if they are heard from in time. Haines' band will head the parade and later will make music at the park.

A program of sports, consisting of foot ball, base ball and other athletic games has been arranged and the day will be spent in the good old fashioned way. The regular park attractions will be running and the young people will have the usual opportunity to dance. One feature of the program that will be of particular interest is the base ball game to be played by the married and single men of the local lodge. Several faces will be seen upon the diamond for the first time in years.

The Odd Fellows have extended a very cordial invitation to the families and friends of all members to attend, and this includes almost the entire population.

Held a Meeting, Paid Bills And Looked After New Pump House Work.

The board of water works trustees held a meeting last evening in the office of the board of public service. The bills for the freight and unloading of the big crane which is being used for the construction work on the new water works pumping station were received and ordered paid.

Report No. 1 was received from the Dean Steam Pump company, of Holyoke, Mass., on the big pumps which are being made for the new pumping station. As this report had passed through the hands of Hunt & Co. at Pittsburg, the contracting engineers, it was satisfactory to the local board and was ordered placed on file.

A motion was made and passed that the contractors in charge of the work on the foundation of the new pumping station be requested to proceed at once with the foundation for the big stacks which are to be erected as the board desires to have Mr. Fawcett, who has the contract for this work, to construct the new stacks before cold weather sets in.

UNBOUNDED FAITH IN MI-O- NA

Will Reed Will Refund Money If It Fails to Increase Flesh and Cure Dyspepsia.

"I have been in the drug business long enough to know that there are very few remedies that can be sold on a guarantee to refund the money if they do not give satisfaction.

"I have sold so much Mi-o-na and seen such remarkable results following its use that I welcome the chance to convince any doubter of its merit, by offering to give with each package of Mi-o-na a written guarantee to refund the money if it does not give an increase in weight, regulate the digestion and restore health.

"If you cannot call at my store, send me the price of Mi-o-na, 50c, by mail and I will forward you a regular size box, postage paid, with the same agreement to refund the money if it does not give satisfaction."

Anyone who has been losing flesh, or who has always been too thin, should use Mi-o-na. Thinness and scrawniness are signs that the food is not properly assimilated and that you do not get the nourishment from it that you should.

Mi-o-na mingles with the food you eat, aids its assimilation, tones up and strengthens the digestive organs and puts the whole system in a proper physical condition.

Remember that you risk nothing in buying Mi-o-na. If it fails to give you the desired effect, the cost is trifling. If it fails, Will Reed will pay for the remedy himself.

Pleasant Heights Circle Has Planned to Build Lodge Room This Fall.

At the recent meeting the members of D. F. White circle, P. H. C., adopted a plan by which a new lodge building is to be constructed upon Pleasant Heights. While the plan has been adopted the details have not been given out, owing to the fact that the location of a site has not been determined upon. It is expected to have the building, which is to be commodious and modern, completed before winter.

This circle, while only a few months old, has experienced a remarkable growth in membership.

Tailor made suits $12, about $3 less than others. Joseph Bros. will save you money.

LOOKING FOR RUNAWAY BOYS

MARTIN'S FERRY MAN HERE SEEKING THEM.

Says His Son Took $50 And Decamped With Another Lad.

John Hessler arrived in the city this morning from Martin's Ferry and went at once to the mayor's office, where he related a rather unusual story. The old man states that his son, Otto Hessler, and a companion named James Walker, aged 15 and 17 respectively, had run away from their homes in that town, taking with them a considerable sum of money.

The boys were employed in the rolling mill at Martin's Ferry, and after what money was coming to him young Hessler appropriated $50 belonging to his father. They had been traced to this city and the parent was of the opinion they had secured employment at the tin mill.

It was learned that the lads had arrived in Wellsville by the "growler" Saturday night, and later made their way here. Officer Morris was detailed on the case and his first move was to visit the Chester plant of the American Tin Plate company. There he learned that the boys had made application for work early Monday morning, but for some reason they could not be put to work on account of the absence of application blanks. It is presumed they became alarmed at the possibility of being apprehended and left town. Instructions were left at the office of the tin mill that should the boys put in an appearance the authorities in this city were to be notified at once. It was thought perhaps the runaway boys had gone to Canal Dover or Akron and Mr. Hessler left for the latter town today.

CLIMAX NEAR IN THE DISPUTE

Continued from First Page.

drew up an agreement covering all of the points and it is now in the hands of the manufacturers. The aim of the engineers was to equalize working conditions in this district, and a minimum wage was placed at $2.50 per day. The rate was deemed but fair, since it has been contended the engineers have been the poorest paid craft in the city. The revised scale prepared by Mr. Erdhaus is as follows:

Agreement entered into this..... day of ..... 190.., by and between the undersigned, The Western Pottery Association of East Liverpool, Ohio, and vicinity, parties of the first part and the International Union of Steam Engineers, No. 169, East Liverpool, Ohio, parties of the second part.

1. The undersigned, the aforesaid Pottery Association of East Liverpool, Ohio, parties of the first part, agree to employ none but members of the International Union of Steam Engineers No. 169, of East Liverpool, Ohio, or in case said union cannot supply engineers competent in the opinion of the employer, such engineers who are competent and shall become members of said Steam Engineers No. 169.

2. The chief engineer shall in all cases have full charge of the engine and boiler rooms.

3. The minimum wages shall be two and 50-100 dollars ($2.50) for day engineers and two dollars ($2.00) for night engineers. The present hours and working conditions to remain the same but not to conflict with Section No. 1.

4. Where present wages are higher than the minimum they shall not be reduced.

5. The International Union of Steam Engineers No. 169, of East Liverpool, Ohio, party of the second part, pledges itself to promote the mutual interests of the parties to this agreement and to continue the present amiable relations between employer and employe, to observe engine room regulations, discipline such of its members as may be guilty of conduct unbecoming an engineer, to advertise the standing of said firms through the usual channels as union concerns and to use the organization's good offices in behalf of the party of the first part in every honorable manner.

6. Should the parties of the first part and the parties of the second part fail to come to an agreement at the expiration of this contract, this contract shall extend sixty (60) days beyond the date of its expiration.

7. This agreement shall go into effect.....day of.....190.. and shall expire.....day of.....190..

Any other contract now existing between the parties hereto, is hereby, by mutual consent, rescinded.

Signed for the Western Pottery Association of East Liverpool, Ohio.

Signed for the International Union of Steam Engineers No. 169.

Mr. Erdhaus, who is one of the best posted and most conservative of the higher officials, and who owes his present position to that fact, said this morning that he, with Organizer Charles Kontnier, has exhausted every means in their power to bring about a settlement, and that it is now up to the local organization and the headquarters officers. A report has been sent to the international headquarters by wire and a reply is expected at any moment. The men are anxious to bring the matter to a focus at once, and are unanimous in their determination to go out if their terms are not acceded to.

BIG DAY TOMORROW FOR THE ODD FELLOWS

Trainloads of Visitors Coming—A Big Parade And Picnic.

Odd Fellows from all over this section of the state, several thousand strong, are coming to East Liverpool and Rock Springs park tomorrow to attend the big picnic planned by the local brances of the order. The indications are that the attendance will be unusually large. Word has been received that four special trains will be run, and it is probable that other trains will be added.

One of the trains will start from Dennison and Uhrichsville, bearing the members of the Twin City lodges and their friends. The canton will come in full uniform and will participate in the parade here in the afternoon. The parade will be formed by the canton named above, Canton Rhodes, of this city, and others, if they are heard from in time. Haines' band will head the parade and later will make music at the park.

A program of sports, consisting of foot ball, base ball and other athletic games has been arranged and the day will be spent in the good old fashioned way. The regular park attractions will be running and the young people will have the usual opportunity to dance. One feature of the program that will be of particular interest is the base ball game to be played by the married and single men of the local lodge. Several faces will be seen upon the diamond for the first time in years.

The Odd Fellows have extended a very cordial invitation to the families and friends of all members to attend, and this includes almost the entire population.

THE REBEKAH DEGREE HELD CELEBRATION

Fifty-First Anniversary Observed In An Impressive and Enjoyable Manner.

The observance of the fifty-first anniversary of the establishment of the Degree of Rebekah, I. O. O. F., by Ceramic City lodge No. 28, was one of the pleasant lodge functions of the year. Nearly 70 members of the order assembled at the Odd Fellows' hall and the evening was greatly enjoyed in a social way. Tempting refreshments were served.

The Degree of Rebekah in this city has shown a steady growth since its inception and is now popular and prosperous. Arrangements for the anniversary celebration were left with the officers and while the time was short, the entertainment provided was most acceptable. The following ladies, as officers, served on the committee: Mrs. W. E. Warren, noble grand, chairman; Mrs. A. G. Hofman, vice noble grand; Mrs. Harshey, chaplain; Mrs. Gus Trenle, financial secretary; Mary Lloyd, treasurer; Mrs. Sheridan McGavern, recording secretary; Mrs. Sarah Campbell, warden; Miss Kitty Burton, conductor; Mrs. John Anderson, right supporter to the noble grand; Mrs. Tom Pickal, left supporter to the noble grand; Thomas Pickal, right supporter to the vice noble grand; Mrs. Maggie Kinsey, left supporter to vice noble grand.

Arrangements were made at the meeting to attend the big Odd Fellows' picnic to be held at Rock Springs park tomorrow and one candidate was obligated.

REALM OF SPORTS

HOMESTEAD TOOK MILLER'S MEASURE

Central League Southpaw Touched Up For 12 Hits and Gave Seven Free Passes.

BIGGEST CROWD IN HISTORY

Saw Reark's Pets Trimmed By Risher's Homestead Bunch, 10 to 6. Godwin And Rising in the Game And Did Well.

Homestead took the measure of young Mr. Miller, the off-side slabbist who recently graduated from the Central league and came back to town to help the preachers in the closing games of the season. There were more sad hearts about 6 o'clock last evening than there has been since the old bell cow fell over the bluff, all because young Mr. Miller, the idol of the fans, had been given his bumps. As the sad-hearted, at least 1,000 strong, trudged homeward there could be heard explanations for the defeat. For every fan there was a different reason, but to the scorers in the roost above the grand stand it looked as though it might be accounted for by the unwarranted liberties Risher's bunch took with young Mr. Miller's shoots and slants and his liberality in sending men down to first. He had no mercy on the anatomy of his opponents and soaked four of them.

Nine hundred and ninety-nine of the spectators are willing to swear that the team Manager Reark sent to the field yesterday afternoon is the strongest that has represented this city in years. At that Homestead is not at a disadvantage. That trio of outer gardeners, Rising, Godwin and Wallace, could not be bettered this side of California for both fielding and hitting. A look at the score will show to what extent they were in the game. The infield, too, was strong, though there was very little doing at either of the three corners. There were 10 put outs for the outfield, a slight indication of the way the visitors were rapping the ball. The game was peculiar in several ways. For instance, only three assists are credited to the infield, Houser getting two and Miller one. Heckathorn's first put out came in the fifth when Coursey sent a grounder to Houser and was thrown out. Only five in the entire game perished at the hands of Big Heck.

There is no disgrace attached to yesterday's defeat. The preachers fought gamely until the last when things were breaking badly for them from the start off. Every grasser, no matter how speedy, from the preachers' bats took just the right bound for the visiting fielders. Some of them, with a fair share of the luck, would have been hits. On the other hand the visitors seemed to keep them out of reach of local fielders. It was tough luck.

Thayer Torreyson, who commenced his base ball career along about the same time as "Jamey" Westlake and Chick Reark, was on first for the visitors and lifted the low spirits of the spectators with his stunt on the coaching lines. "You're an all right kid," he said to Miller, "and in a couple of years you will be able to get away with it."

While Miller has improved in the finer points of the game by his short stay in Central league company, he did not show to near so good an advantage as in some of his earlier games here. It was clearly an off day for him. When he used his steam they would not come over the pan and when he eased up a Homestead swatter would land for keeps. Had he been as steady as his opponent and as niggardly with free passes there would have been a different story to tell.

The preachers did things to Risher's Eastern league twirler. They opened up on him in the first for a couple of clean three-sackers and a single, but he steadied down and was invincible until the eighth. He is built on the same plan as "Slab" Burns and uses about the same tactics as that luminary of the diamond and gridiron.

Manager Reark sent the visitors to the bat and Captain Edmondson, first up, could do nothing better than disturb the atmosphere. McChesney gave Godwin his first chance and McCloskey gave Rising the opportunity of making one of the prettiest plays of the game. His line drive went to the left field fence, but Rising had judged it perfectly and was there when it dropped.

Godwin was nipped on his grounder to Edmondson and Houser followed with a corking triple to left center. Wallace duplicated the feat with a triple to right, Houser scoring. Cosgrove fumbled Rising's grounder, Wallace scoring. Brown sent Rising to third with a single, but was thrown out trying to steal. Heck's grounder to McCloskey left Rising on third.

Miller gave his first pass in the second and it blossomed into a run. After Torreyson had failed Coursey drew the free ticket and moved up when Tate got a jolt in the short ribs. Coursey counted on Cosgrove's single. Westlake singled, but was forced by Miller. A passed ball helped Miller to second, but he was left.

Homestead took the lead in the third. Brown singled to center and Edmonston was hit by a pitched ball. McChesney hit safely, scoring Brown. McCloskey sent a hard foul to right that Wallace caught after a hard run, Edmondson scoring. McChesney scored while Miller was retiring Torreyson at first. They added three more in the fourth. Tate hit safely to right and Cosgrove sent a safety to the opposite field. Ferguson's walk filled the corners. Brown's grounder to Houser forced Tate at the plate. Edmondson placed a pretty single to right, scoring Cosgrove and Ferguson. Edmondson was caught, Wallace to Webb, trying to make second on the hit. McChesney sent a fly to deep center, good for two sacks, Brown counting.

McCloskey made the circuit in the seventh on his single to center and Torreyson's two-bagger to right.

There was a ray of hope for the preachers in the eighth when Brown was touched up rather lively. Cosgrove fell down on Godwin's easy one and Houser planted a safe one past short. Wallace helped out with a bingle to left, scoring Godwin and then Percy Rising distinguished himself with one of the prettiest swats ever seen on the local grounds. He sent the leather on a line and it was "still on the rise" as it passed Tate in deep left. Rising stopped at third, Houser and Wallace counting. Brown failed, but Big Heck placed on in right that Ferguson couldn't field, Rising counting. That was the end of the run getting for the locals. Houser gave Homestead a pair by a rank error in the ninth, the only miscue for the preachers in the game. McCloskey was hit and after Torreyson and Coursey had been disposed of by Rising, Tate singled. Coursey, who had three bingles out of four tries, was sent down on balls. Ferguson sent Houser an easy one, but he missed it and McCloskey and Tate counted.

Godwin singed in the ninth and kept on running when Coursey's throw to catch him stealing went on to center. It was a pretty piece of base running, but McChesney nipped him at the plate by a splendid throw.

ANOTHER FIZZLE IN ARRANGING THE GAME

Numbers of West End Rovers Refuse to Play at Columbian Park And Game Is Off.

Once more the West End Rovers and the Oakland Athletics have made a fizzle of an attempt to arrange a game, this time after it seemed that everything was settled. For the past two seasons these teams have been bitter rivals and charges of cowardice have been made by their partisans. Claims have been advanced, but until the teams meet upon the gridiron the question of superiority will not be settled to the satisfaction of the public.

When the News Review decided to treat its friends to a foot ball game at its first annual outing at Rock Springs park, a tempting offer was made to these teams to play the game. The Rovers were willing, but the Oaklands claimed that they could not get ready in time. Players of both elevens stated they were hungering for the fray, so Manager Ashbaugh, of the Rovers, and Manager Weaver, of the Oaklands, met a few days ago and agreed to play a game next Monday, September 28, at Columbian park. Apparently everything was settled and the advertising for the event was ordered. But then came an objection on the part of several members of the Rovers to playing on the Columbian park gridiron and the game has fallen through again.

The matter of where the game is to be played and other minor details could be easily arranged if the teams are really anxious to meet and if the players will abide by the decision of their managers. This latest fizzle is causing many of the friends of the two teams to think there is a little nerve lacking. The announcement that a game has been arranged will alter this.

Since cancelling the game, the Rovers have opened negotiations with the Sebring team to play at the West End park next Monday. Sebring was beaten here last year by the Rovers and were beaten by Salem 10 to 0 in the opening game this year.

Will Accept the Challenge.

The Brewery Athletic club will accept the challenge of the Chester Athletic club for a game of foot ball. Manager Burgess, of the first-named team, so informed the sporting editor of the News Review last night and would like to meet the Chester manager to arrange the date and other details. He will be at the News Review office at 8 o'clock Thursday night for this purpose.

Hill Top Tigers Reorganized.

The Hill Top Tigers have organized their foot ball team for the season and would like to arrange a game with any 90-pound team in this section. The youngsters know a few things about the game and have been practicing hard. Their manager is Matthew Barlow, 132 Sheridan avenue.

Independent Packers Discuss Plans.

Kansas City, Sept. 23.—A meeting of the promoters of the Independent Packing company, which was incorporated recently to fight the alleged packers' combine, was held here. The general plans for the organization and financing of the company were discussed and a board of directors was elected which will control the affairs of the company. The company is capitalized at $5,000,000 and 100,000 shares of stock at $50 a share will be issued. The board of directors comprise cattlemen from almost every state in the west. Charles F. Martin, secretary of the National Live Stock association, said the first meeting of the board of directors probably would be held in Denver on the first of next month. At this meeting the officers of the company will be elected and the plans for financing the company prepared.

REALM OF SPORTS

HOMESTEAD TOOK MILLER'S MEASURE

Central League Southpaw Touched Up For 12 Hits and Gave Seven Free Passes.

BIGGEST CROWD IN HISTORY

Saw Reark's Pets Trimmed By Risher's Homestead Bunch, 10 to 6. Godwin And Rising in the Game And Did Well.

Homestead took the measure of young Mr. Miller, the off-side slabbist who recently graduated from the Central league and came back to town to help the preachers in the closing games of the season. There were more sad hearts about 6 o'clock last evening than there has been since the old bell cow fell over the bluff, all because young Mr. Miller, the idol of the fans, had been given his bumps. As the sad-hearted, at least 1,000 strong, trudged homeward there could be heard explanations for the defeat. For every fan there was a different reason, but to the scorers in the roost above the grand stand it looked as though it might be accounted for by the unwarranted liberties Risher's bunch took with young Mr. Miller's shoots and slants and his liberality in sending men down to first. He had no mercy on the anatomy of his opponents and soaked four of them.

Nine hundred and ninety-nine of the spectators are willing to swear that the team Manager Reark sent to the field yesterday afternoon is the strongest that has represented this city in years. At that Homestead is not at a disadvantage. That trio of outer gardeners, Rising, Godwin and Wallace, could not be bettered this side of California for both fielding and hitting. A look at the score will show to what extent they were in the game. The infield, too, was strong, though there was very little doing at either of the three corners. There were 10 put outs for the outfield, a slight indication of the way the visitors were rapping the ball. The game was peculiar in several ways. For instance, only three assists are credited to the infield, Houser getting two and Miller one. Heckathorn's first put out came in the fifth when Coursey sent a grounder to Houser and was thrown out. Only five in the entire game perished at the hands of Big Heck.

There is no disgrace attached to yesterday's defeat. The preachers fought gamely until the last when things were breaking badly for them from the start off. Every grasser, no matter how speedy, from the preachers' bats took just the right bound for the visiting fielders. Some of them, with a fair share of the luck, would have been hits. On the other hand the visitors seemed to keep them out of reach of local fielders. It was tough luck.

Thayer Torreyson, who commenced his base ball career along about the same time as "Jamey" Westlake and Chick Reark, was on first for the visitors and lifted the low spirits of the spectators with his stunt on the coaching lines. "You're an all right kid," he said to Miller, "and in a couple of years you will be able to get away with it."

While Miller has improved in the finer points of the game by his short stay in Central league company, he did not show to near so good an advantage as in some of his earlier games here. It was clearly an off day for him. When he used his steam they would not come over the pan and when he eased up a Homestead swatter would land for keeps. Had he been as steady as his opponent and as niggardly with free passes there would have been a different story to tell.

The preachers did things to Risher's Eastern league twirler. They opened up on him in the first for a couple of clean three-sackers and a single, but he steadied down and was invincible until the eighth. He is built on the same plan as "Slab" Burns and uses about the same tactics as that luminary of the diamond and gridiron.

Manager Reark sent the visitors to the bat and Captain Edmondson, first up, could do nothing better than disturb the atmosphere. McChesney gave Godwin his first chance and McCloskey gave Rising the opportunity of making one of the prettiest plays of the game. His line drive went to the left field fence, but Rising had judged it perfectly and was there when it dropped.

Godwin was nipped on his grounder to Edmondson and Houser followed with a corking triple to left center. Wallace duplicated the feat with a triple to right, Houser scoring. Cosgrove fumbled Rising's grounder, Wallace scoring. Brown sent Rising to third with a single, but was thrown out trying to steal. Heck's grounder to McCloskey left Rising on third.

Miller gave his first pass in the second and it blossomed into a run. After Torreyson had failed Coursey drew the free ticket and moved up when Tate got a jolt in the short ribs. Coursey counted on Cosgrove's single. Westlake singled, but was forced by Miller. A passed ball helped Miller to second, but he was left.

Homestead took the lead in the third. Brown singled to center and Edmonston was hit by a pitched ball. McChesney hit safely, scoring Brown. McCloskey sent a hard foul to right that Wallace caught after a hard run, Edmondson scoring. McChesney scored while Miller was retiring Torreyson at first. They added three more in the fourth. Tate hit safely to right and Cosgrove sent a safety to the opposite field. Ferguson's walk filled the corners. Brown's grounder to Houser forced Tate at the plate. Edmondson placed a pretty single to right, scoring Cosgrove and Ferguson. Edmondson was caught, Wallace to Webb, trying to make second on the hit. McChesney sent a fly to deep center, good for two sacks, Brown counting.

McCloskey made the circuit in the seventh on his single to center and Torreyson's two-bagger to right.

There was a ray of hope for the preachers in the eighth when Brown was touched up rather lively. Cosgrove fell down on Godwin's easy one and Houser planted a safe one past short. Wallace helped out with a bingle to left, scoring Godwin and then Percy Rising distinguished himself with one of the prettiest swats ever seen on the local grounds. He sent the leather on a line and it was "still on the rise" as it passed Tate in deep left. Rising stopped at third, Houser and Wallace counting. Brown failed, but Big Heck placed on in right that Ferguson couldn't field, Rising counting. That was the end of the run getting for the locals. Houser gave Homestead a pair by a rank error in the ninth, the only miscue for the preachers in the game. McCloskey was hit and after Torreyson and Coursey had been disposed of by Rising, Tate singled. Coursey, who had three bingles out of four tries, was sent down on balls. Ferguson sent Houser an easy one, but he missed it and McCloskey and Tate counted.

Godwin singed in the ninth and kept on running when Coursey's throw to catch him stealing went on to center. It was a pretty piece of base running, but McChesney nipped him at the plate by a splendid throw.

ANOTHER FIZZLE IN ARRANGING THE GAME

Numbers of West End Rovers Refuse to Play at Columbian Park And Game Is Off.

Once more the West End Rovers and the Oakland Athletics have made a fizzle of an attempt to arrange a game, this time after it seemed that everything was settled. For the past two seasons these teams have been bitter rivals and charges of cowardice have been made by their partisans. Claims have been advanced, but until the teams meet upon the gridiron the question of superiority will not be settled to the satisfaction of the public.

When the News Review decided to treat its friends to a foot ball game at its first annual outing at Rock Springs park, a tempting offer was made to these teams to play the game. The Rovers were willing, but the Oaklands claimed that they could not get ready in time. Players of both elevens stated they were hungering for the fray, so Manager Ashbaugh, of the Rovers, and Manager Weaver, of the Oaklands, met a few days ago and agreed to play a game next Monday September 28, at Columbian park. Apparently everything was settled and the advertising for the event was ordered. But then came an objection on the part of several members of the Rovers to playing on the Columbian park gridiron and the game has fallen through again.

The matter of where the game is to be played and other minor details could be easily arranged if the teams are really anxious to meet and if the players will abide by the decision of their managers. This latest fizzle is causing many of the friends of the two teams to think there is a little nerve lacking. The announcement that a game has been arranged will alter this.

Since cancelling the game, the Rovers have opened negotiations with the Sebring team to play at the West End park next Monday. Sebring was beaten here last year by the Rovers and were beaten by Salem 10 to 0 in the opening game this year.

Will Accept the Challenge.

The Brewery Athletic club will accept the challenge of the Chester Athletic club for a game of foot ball. Manager Burgess, of the first-named team, so informed the sporting editor of the News Review last night and would like to meet the Chester manager to arrange the date and other details. He will be at the News Review office at 8 o'clock Thursday night for this purpose.

Hill Top Tigers Reorganized.

The Hill Top Tigers have organized their foot ball team for the season and would like to arrange a game with any 90-pound team in this section. The youngsters know a few things about the game and have been practicing hard. Their manager is Matthew Barlow, 132 Sheridan avenue.

Independent Packers Discuss Plans.

Kansas City, Sept. 23.—A meeting of the promoters of the Independent Packing company, which was incorporated recently to fight the alleged packers' combine, was held here. The general plans for the organization and financing of the company were discussed and a board of directors was elected which will control the affairs of the company. The company is capitalized at $5,000,000 and 100,000 shares of stock at $50 a share will be issued The board of directors comprise cattlemen from almost every state in the west. Charles F. Martin, secretary of the National Live Stock association, said the first meeting of the board of directors probably would be held in Denver on the first of next month. At this meeting the officers of the company will be elected and the plans for financing the company prepared.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

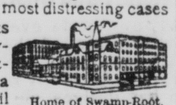

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

ADJUSTING DISPUTES

Executive Council of Federation Hear Troubles of Subordinate Unions.

PITTSBURG PLUMBERS PROTEST

Say Territory Is Infringed—Governor Hunt Confers About Labor Situation In Porto Rico—New York Wants Building Trades Dispute Adjusted.

Washington, Sept. 23.—No formal consideration was given the Miller case at the morning session of the executive council of the Federation of Labor, the meeting being devoted mainly to adjusting disputes between subordinate organizations. It is pointed out that while an official copy of the resolutions of the Central Labor union was forwarded by that body to the federation, the local bookbinders' union No. 4, which expelled Miller from its membership, has not reported the matter to the federation. It was asserted that this is a condition precedent to a formal consideration of the case by the executive council.

President Whitmore, of the stereotypers' and electrotypers' union of this city, made a statement to the effect that his opposition to the Central Labor union's resolutions sent to President Roosevelt in the Miller case was individual and not representing the union. Mr. Whitmore said that the stereotypers' union is not and will not be involved in the controversy.

Want Charter Revoked.

John Mulholland, of Toledo, O., president of the allied metal mechanic's organization, appeared before the executive council and submitted a petition for the revocation of the charter of the International Association of Mechanics on the ground that it infringed on the territory of the allied metal mechanics. The protest is an outgrowth of the action of the last machinists' convention in extending the constitution so as to embrace crafts that the metal mechanics claim fall within their jurisdiction. The machinists have a membership of 70,000 and the allied metal mechanics 16,000. The petition finally was withdrawn on an agreement to have representatives of the two organizations confer and adjust matters.

The local plumbers' union of Pittsburg also submitted a protest, alleging infringement on their territory by the allied metal mechanics. It was decided to adjust the dispute by conferring representation on the two organizations.

Labor Situation in Porto Rico.

In the afternoon Governor Hunt, of Porto Rico, had a conference with the executive council relative to the labor situation of Porto Rico, and also in regard to the proper enforcement of the eight-hour law for all mechanics artisans and laborers in the island. The conference took a wide range and lasted nearly an hour.

A delegation from the engineers' union of New York asked the good offices of the executive council for the purpose of bringing about an adjustment of the building trades dispute in New York city and to insist upon the rights to which the unions are entitled being accorded them by affiliated organizations. Without arriving at any conclusion upon the subject the council then took up the matter of the controversy between the brewery workers, engineers and firemen.

An organizer was appointed to visit Bangor, Pa., with power to call a convention of all local unions of slate quarrymen for the purpose of uniting the craft in a comprehensive practical organization. It is expected that the difficulties between the International Association of Allied Metal Mechanics and the International Association of Machinists will be settled by next week.

WAR MAY BE AVERTED

Better Feeling Prevails and Satisfactory Adjustment May Be Reached.

MACEDONIA AFFAIRS DISCUSSED

Turkey Guarantees Protection to Refugees—Bulgarian Frontier Forces to Be Strengthened — Revolutionaries Still Hold Mountain Passes.

Sofia, Bulgaria, Sept. 23.—Within 48 hours the question of peace or war will probably be settled, according to authoritative opinions here. Premier Petroff had an interview with Ali Feruh Bey at which the whole situation in Macedonia was discussed. As a result of this conference a much better feeling prevails and confident hopes are expressed that a satisfactory adjustment will be reached. This view is strengthened by a report from Constantinople to the effect that the council of ministers after some days' discussion is within measurable distance of an agreement on the chief points at issue.

The premier complains to the Turkish diplomatic agent of the situation created by the arrival at Burgas of thousands of destitute refugees from the district of Losengrad. After a discussion an understanding was practically reached that Turkey should guarantee safe protection of the refugees and take steps to reinstate them in their homes.

The general effect of these conferences in Constantinople and Sofia has induced a much more hopeful feeling here, although in Balkan affairs it is always possible that the next day's happenings may change the entire situation.

The war ministry has taken steps to strengthen the Bulgarian frontier forces and it is reported that troops will occupy all the commanding positions, thus making it almost impossible for bands to cross the frontier. Some regiments of the Second and Third divisions have been ordered to the Adrianople frontier, where the Turks have massed strong bodies of troops.

Revolutionary bands are reported to be active in the district of Raslog, province of Seres, where they hold all the mountain passes. The Turkish population is fleeing toward Salonica.

Rogues' Gallery at World's Fair.

Washington, Sept. 23.—Major Sylvester, president of the International Association of Chiefs of Police, has taken initiatory steps to securing a successful police exhibit at the St Louis exposition. He sent letters to chiefs of police everywhere, asking their aid in making the exhibit, which will be in the building dedicated to eduction and economics, successful in every particular. It is proposed first to show the evolution of the policeman, both in this country and in Europe, by a display of the headgear, uniforms and equipments worn at different periods in the years gone by. A gallery of pictures of prominent chiefs of police and an extensive "rogues' gallery" will be features. A presentation of causes of crime will be made, also both modern and ancient methods of detection and prevention. The modern methods of execution and humane treatment of prisoners will be contrasted with the old.

President Weighs 220 Pounds.

Washington, Sept. 23.—A letter from Oyster Bay says that the president now tips the scales at 220 pounds and that there is every indication of a still further increase in his weight. He has been trying to reduce his weight, but his flesh is as hard as a knot and refuses to yield to ordinary methods.

Ten Years for Sherwood.

New Haven, Conn., Sept. 23.—Oliver T. Sherwood, the defaulting cashier of the Southport national bank, was sentenced to 10 years in the penitentiary for embezzling $100,000. He fled to Panama but was apprehended and brought back.

American Farmers for Cuba.

Havana, Sept. 23.—Thomas J. Anderson, general passenger agent of the Southern Pacific railroad, announces that he has come to Cuba with the idea of arranging for the immigration of American farmers to settle on Cuban soil.

Will Participate in Exposition.

Berlin, Sept. 23.—The municipal council of Frankfort will participate in the collective exhibit of German cities at the St. Louis exposition.

CURIOSITY BAFFLED

Secret Service Men Find Suspicious Character Prowling Around Sagamore Hill.

PRESIDENT BUSY CUTTING WOOD

Desire to See Chief Magistrate and His Summer Home Frustrated by Officers—Man Claimed to be Swedish Gardener—Left for New York.

Oyster Bay, Sept. 23.—A suspicious charcater giving his name as Samuel Swenyon was held by the secret service officers at Sagamore Hill while making an effort to see the president. He was turned back to the village, shadowed, stopped in Oyster Bay and searched and later placed on a train for New York. He was unarmed and appeared to be a harmless crank, possibly a religious fanatic.

Swenyon, who is a slightly built man about 35 years of age, with a reddish brown beard and mustache, blue eyes and a strongly foreign cast of countenance, walked up the roadway leading to Sagamore Hill about 4:30 in the afternoon. He was shabbily attired, his clothes being badly torn in several places. He was stopped by a secret service officer. He told the officer that he was a Swede and had come from New York to see the president and Sagamore Hill, having read about the president's summer home in the newspapers. A short time before the president, accompanied by Mrs Roosevelt, had gone from the house to the woods nearby to chop wood, that being a favorite exercise of his.

The man was turned back by the officer, who told him the president was not at home. Swenyon, who said he was a gardener, looked curiously about the grounds and then started on his return to the village. He was followed by another officer in one of the president's road wagons. Swenyon asked a passing driver for a ride and rode into the village with him. He had scarcely arrived in Oyster Bay when he was taken from the wagon by two secret service officers and examined. Swenyon had nothing in his pockets except about $4 in money and a Swedish religious newspaper. On a piece of paper he wrote his name and address in a perfect legible hand. He said he lived at the Sayszerry hotel, New York City. After examining him thoroughly the officers were convinced that he was entirely harmless and that he was neither an anarchist nor a socialist.

He readily acceded to the suggestion of the officers that he leave the village. They accompanied him to the station and he bought his own ticket to New York, shaking hands with the officers before entering his car. At no time did he appear to be excited except when one of the officers at Sagamore Hill told him that if he returned he was liable to be shot. He left the hill in a hurry. He answered all questions in a frank and straightforward manner and bore every evidence of being an unsophisticated foreigner, touched slightly, perhaps, with religious fanaticism, who had been induced to come here merely by his curiosity.

CARRIED A REVOLVER.

Delegates to Iron Workers' Convention Appear in Police Court.

Kansas City, Sept. 23.—The contentions between the rival factions in the International Association of Bridge and Structural Iron Workers were given an airing in police court when James Kelley, of New York, was fined $15 for carrying a revolver.

Kelley, who is one of the active opponents of Samuel Parks, the walking delegate, and John Henderson, of St. Louis, were arrested while quarreling. Henderson struck Kelley and knocked him down.

"I carried the revolver because I had $187 in my pocket," explained Kelley. "For another reason, I was afraid of being slugged by the Parks gang."

Henderson was discharged.

Training Ship Aground.

New London, Conn., Sept. 23.—The United States training ship Alliance is aground at Race Rock. Although she is apparently hard and fast she is in no danger. The sea is smooth and unless there is a sudden change in weather conditions the ship will be safely floated. The tug Alert offered to assist the Alliance, but her captain declined the proffered services. A United States monitor is standing by the stranded vessel.

COUNTY AND NEIGHBORHOOD

Chris Williams, a miner of Portland, was sitting on the C. & P. track at Highland City when a train struck and killed him.

The Carroll county fair will be held on October 7, 8 and 9. Great preparations are being made to make it one of the best on record.

James Ramsey, cook on the steamer Vulcan, was found dead in his berth on that boat at Elizabeth, Pa. He had followed the Ohio and Monongahela rivers for many years.

Charles Moffit, of Church Hill, this county, took his 12-year-old son to Youngstown with him recently and in some manner they became separated and the boy cannot be found.

Dr. Peter S. Greenamyer died at his home in Orrville after an illness of some months. Dr. Greenamyer was born in Columbiana county on May 2, 1834, leaving here while a young man.

Mr. and Mrs. C. F. Lease, of Salem, who went to California on the G. A. R. excursion, are still in Pasadena, being detained by the illness of Mrs. Lease. She has been ill ever since they reached that city.

A bald eagle, weighing 32 pounds and measuring seven feet from tip to tip, was shot at Mineral Ridge by Keller Marshman. Richard Lloyd had been missing young pigs and the eagle was discovered attacking them.

NATIONAL OFFICERS ELECTED.

Patriotic Sons of America Select Atlantic City for Next Meeting.

Baltimore, Sept. 23.—The triennial convention of the national camp, Patriotic Sons of America, is in session with 114 delegates present. State President William I. Heaps, of Maryland, delivered an address of welcome. Vice President Edward A. Doane, of New York, responded in an address in which he dwelt at length on social conditions in this country and urged the adoption of laws against indiscriminate immigration.

The following national officers were elected to serve during the ensuing two years: President, J. Shindel Krause, of Pennsylvania; vice president, William H. Tilton, of New Jersey; secretary, F. E. Stees, of Pennsylvania; chaplain, Rev. D. E. Rupley, of Pennsylvania; master of forms, William E. Vallant, of Maryland; treasurer, E. P. Spiese, of Pennsylvania.

Atlantic City, N. J., was chosen as the next place of meeting, which will begin the fourth Tuesday in September, 1905. Chattanooga and Niagara Falls were also proposed and Atlantic City was not chosen until after a spirited debate.

Farmers' Congress in Session.

Niagara Falls, N. Y., Sept. 23.—The farmers' national convention opened its session here and among the speakers were Governor Odell, Timothy L. Woodruff and Secretary Cortelyou, of the department of labor and commerce. The addresses by the officers show the congress to be a growing power and influence in securing beneficial national legislation. The convention will devote a great portion of its time to the distribution side of farming.

Union Scores a Victory.

Cleveland, Sept. 23.—The conference between the operators and miners of the eastern Ohio coal district No. 6 over the employment of union men ended by the employers agreeing to hire none but union engineers, firemen, pumpmen and electricians. The conference was held at Senator Hanna's office.

DOES YOUR Husband Drink?

"ORRINE"

Will Surely and Permanently Cure Him, Without his Knowledge.

Drunkenness is a disease and is so recognized by the medical profession. Don't expect impossibilities of your husband, son or father. SSS FOR THE BLOOD

The best known and most popular blood purifier and tonic on the market to-day is S. S. S.

There is hardly a man, woman or child in America who has not heard of **"S. S. S. for the blood."** It is a standard remedy, a specific for all blood troubles and unequalled as a general tonic and appetizer. S. S. S. is guaranteed purely vegetable, the herbs and roots of which it is composed are selected for their alterative and tonic properties, making it the ideal remedy for all blood and skin diseases, as it not only purifies, enriches and invigorates the blood, but at the same time tones up the tired nerves and gives strength and vigor to the entire system.

For Chronic Sores and Ulcers, Catarrh, Rheumatism, Blood Poison, Malaria, Anæmia, Scrofula, Eczema, Psoriasis, Salt Rheum, Tetter, Acne and such other diseases as are due to a polluted or impoverished condition of the blood, nothing acts so promptly and effectually as S. S. S. It counteracts and eradicates the germs and poisons; cleanses the system of all unhealthy accumulations and soon restores the patient to health. Write us and our physicians will give your case prompt attention without charge.

FROM CONGRESSMAN LIVINGSTON, OF GEORGIA.

I know of the successful use of S. S. S. in many cases. It is the best blood remedy on the market.

FROM EX-GOV. ALLEN D. CANDLER.

S. S. S. is unquestionably a good blood purifier, and the best tonic I ever used.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

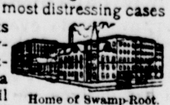

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

ADJUSTING DISPUTES

Executive Council of Federation Hear Troubles of Subordinate Unions.

PITTSBURG PLUMBERS PROTEST

Say Territory Is Infringed—Governor Hunt Confers About Labor Situation In Porto Rico—New York Wants Building Trades Dispute Adjusted.

Washington, Sept. 23.—No formal consideration was given the Miller case at the morning session of the executive council of the Federation of Labor, the meeting being devoted mainly to adjusting disputes between subordinate organizations. It is pointed out that while an official copy of the resolutions of the Central Labor union was forwarded by that body to the federation, the local bookbinders' union No. 4, which expelled Miller from its membership, has not reported the matter to the federation. It was asserted that this is a condition precedent to a formal consideration of the case by the executive council.

President Whitmore, of the stereotypers' and electrotypers' union of this city, made a statement to the effect that his opposition to the Central Labor union's resolutions sent to President Roosevelt in the Miller case was individual and not representing the union. Mr. Whitmore said that the stereotypers' union is not and will not be involved in the controversy.

Want Charter Revoked.

John Mulholland, of Toledo, O., president of the allied metal mechanic's organization, appeared before the executive council and submitted a petition for the revocation of the charter of the International Association of Mechanics on the ground that it infringed on the territory of the allied metal mechanics. The protest is an outgrowth of the action of the last machinists' convention in extending the constitution so as to embrace crafts that the metal mechanics claim fall within their jurisdiction. The machinists have a membership of 70,000 and the allied metal mechanics 16,000. The petition finally was withdrawn on an agreement to have representatives of the two organizations confer and adjust matters.

The local plumbers' union of Pittsburg also submitted a protest, alleging infringement on their territory by the allied metal mechanics. It was decided to adjust the dispute by conferring representation on the two organizations.

Labor Situation in Porto Rico.

In the afternoon Governor Hunt, of Porto Rico, had a conference with the executive council relative to the labor situation of Porto Rico, and also in regard to the proper enforcement of the eight-hour law for all mechanics artisans and laborers in the island. The conference took a wide range and lasted nearly an hour.

A delegation from the engineers union of New York asked the good offices of the executive council for the purpose of bringing about an adjustment of the building trades dispute in New York city and to insist upon the rights to which the unions are entitled being accorded them by affiliated organizations. Without arriving at any conclusion upon the subject the council then took up the matter of the controversy between the brewery workers, engineers and firemen.

An organizer was appointed to visit Bangor, Pa., with power to call a convention of all local unions of slate quarrymen for the purpose of uniting the craft in a comprehensive practical organization. It is expected that the difficulties between the International Association of Allied Metal Mechanics and the International Association of Machinists will be settled by next week.

Religious Bodies Unite.

Delaware, O., Sept. 23.—The union of the Delaware and Marion presbyteries has been effected, thereby forming a religious body covering a large expanse of territory in Ohio.

WAR MAY BE AVERTED

Better Feeling Prevails and Satisfactory Adjustment May Be Reached.

MACEDONIA AFFAIRS DISCUSSED

Turkey Guarantees Protection to Refugees—Bulgarian Frontier Forces to Be Strengthened — Revolutionaries Still Hold Mountain Passes.

Sofia, Bulgaria, Sept. 23.—Within 48 hours the question of peace or war will probably be settled, according to authoritative opinions here. Premier Petroff had an interview with Ali Feruh Bey at which the whole situation in Macedonia was discussed. As a result of this conference a much better feeling prevails and confident hopes are expressed that a satisfactory adjustment will be reached. This view is strengthened by a report from Constantinople to the effect that the council of ministers after some days' discussion is within measurable distance of an agreement on the chief points at issue.

The premier complains to the Turkish diplomatic agent of the situation created by the arrival at Burgas of thousands of destitute refugees from the district of Losengrad. After a discussion an understanding was practically reached that Turkey should guarantee safe protection of the refugees and take steps to reinstate them in their homes.

The general effect of these conferences in Constantinople and Sofia has induced a much more hopeful feeling here, although in Balkan affairs it is always possible that the next day's happenings may change the entire situation.

The war ministry has taken steps to strengthen the Bulgarian frontier forces and it is reported that troops will occupy all the commanding positions, thus making it almost impossible for bands to cross the frontier. Some regiments of the Second and Third divisions have been ordered to the Adrianople frontier, where the Turks have massed strong bodies of troops.

Revolutionary bands are reported to be active in the district of Raslog, province of Seres, where they hold all the mountain passes. The Turkish population is fleeing toward Salonica.

Rogues' Gallery at World's Fair.

Washington, Sept. 23.—Major Sylvester, president of the International Association of Chiefs of Police, has taken initiatory steps to securing a successful police exhibit at the St. Louis exposition. He sent letters to chiefs of police everywhere, asking their aid in making the exhibit, which will be in the building dedicated to eduction and economics, successful in every particular. It is proposed first to show the evolution of the policeman, both in this country and in Europe, by a display of the headgear, uniforms and equipments worn at different periods in the years gone by. A gallery of pictures of prominent chiefs of police and an extensive "rogues' gallery" will be features. A presentation of causes of crime will be made, also both modern and ancient methods of detection and prevention. The modern methods of execution and humane treatment of prisoners will be contrasted with the old.

President Weighs 220 Pounds.

Washington, Sept. 23.—A letter from Oyster Bay says that the president now tips the scales at 220 pounds and that there is every indication of a still further increase in his weight. He has been trying to reduce his weight, but his flesh is as hard as a knot and refuses to yield to ordinary methods.

Ten Years for Sherwood.

New Haven, Conn., Sept. 23.—Oliver T. Sherwood, the defaulting cashier of the Southport national bank, was sentenced to 10 years in the penitentiary for embezzling $100,000. He fled to Panama but was apprehended and brought back.

CURIOSITY BAFFLED

Secret Service Men Find Suspicious Character Prowling Around Sagamore Hill.

PRESIDENT BUSY CUTTING WOOD

Desire to See Chief Magistrate and His Summer Home Frustrated by Officers—Man Claimed to be Swedish Gardener—Left for New York.

Oyster Bay, Sept. 23.—A suspicious charcater giving his name as Samuel Swenyon was held by the secret service officers at Sagamore Hill while making an effort to see the president. He was turned back to the village, shadowed, stopped in Oyster Bay and searched and later placed on a train for New York. He was unarmed and appeared to be a harmless crank, possibly a religious fanatic.

Swenyon, who is a slightly built man about 35 years of age, with a reddish brown beard and mustache, blue eyes and a strongly foreign cast of countenance, walked up the roadway leading to Sagamore Hill about 4:30 in the afternoon. He was shabbily attired, his clothes being badly torn in several places. He was stopped by a secret service officer. He told the officer that he was a Swede and had come from New York to see the president and Sagamore Hill, having read about the president's summer home in the newspapers. A short time before the president, accompanied by Mrs Roosevelt, had gone from the house to the woods nearby to chop wood, that being a favorite exercise of his.

The man was turned back by the officer, who told him the president was not at home. Swenyon, who said he was a gardener, looked curiously about the grounds and then started on his return to the village. He was followed by another officer in one of the president's road wagons. Swenyon asked a passing driver for a ride and rode into the village with him. He had scarcely arrived in Oyster Bay when he was taken from the wagon by two secret service officers and examined. Swenyon had nothing in his pockets except about $4 in money and a Swedish religious newspaper. On a piece of paper he wrote his name and address in a perfect legible hand. He said he lived at the Sayszerry hotel, New York City. After examining him thoroughly the officers were convinced that he was entirely harmless and that he was neither an anarchist nor a socialist.

He readily acceded to the suggestion of the officers that he leave the village. They accompanied him to the station and he bought his own ticket to New York, shaking hands with the officers before entering his car. At no time did he appear to be excited except when one of the officers at Sagamore Hill told him that if he returned he was liable to be shot. He left the hill in a hurry. He answered all questions in a frank and straightforward manner and bore every evidence of being an unsophisticated foreigner, touched slightly, perhaps, with religious fanaticism, who had been induced to come here merely by his curiosity.

CARRIED A REVOLVER.

Delegates to Iron Workers' Convention Appear in Police Court.

Kansas City, Sept. 23.—The contentions between the rival factions in the International Association of Bridge and Structural Iron Workers were given an airing in police court when James Kelley, of New York, was fined $15 for carrying a revolver.

Kelley, who is one of the active opponents of Samuel Parks, the walking delegate, and John Henderson, of St. Louis, were arrested while quarreling. Henderson struck Kelley and knocked him down.

"I carried the revolver because I had $187 in my pocket," explained Kelley. "For another reason, I was afraid of being slugged by the Parks gang."

Henderson was discharged.

Training Ship Aground.

New London, Conn., Sept. 23.—The United States training ship Alliance is aground at Race Rock. Although she is apparently hard and fast she is in no danger. The sea is smooth and unless there is a sudden change in weather conditions the ship will be safely floated. The tug Alert offered to assist the Alliance, but her captain declined the proffered services. A United States monitor is standing by the stranded vessel.

COUNTY AND NEIGHBORHOOD

Chris Williams, a miner of Portland, was sitting on the C. & P. track at Highland City when a train struck and killed him.

The Carroll county fair will be held on October 7, 8 and 9. Great preparations are being made to make it one of the best on record.

James Ramsey, cook on the steamer Vulcan, was found dead in his berth on that boat at Elizabeth, Pa. He had followed the Ohio and Monongahela rivers for many years.

Charles Moffit, of Church Hill, this county, took his 12-year-old son to Youngstown with him recently and in some manner they became separated and the boy cannot be found.

Dr. Peter S. Greenamyer died at his home in Orrville after an illness of some months. Dr. Greenamyer was born in Columbiana county on May 2, 1834, leaving here while a young man.

Mr. and Mrs. C. F. Lease, of Salem, who went to California on the G. A. R. excursion, are still in Pasadena, being detained by the illness of Mrs. Lease. She has been ill ever since they reached that city.

A bald eagle, weighing 32 pounds and measuring seven feet from tip to tip, was shot at Mineral Ridge by Keller Marshman. Richard Lloyd had been missing young pigs and the eagle was discovered attacking them.

NATIONAL OFFICERS ELECTED.

Patriotic Sons of America Select Atlantic City for Next Meeting.

Baltimore, Sept. 23.—The triennial convention of the national camp, Patriotic Sons of America, is in session with 114 delegates present. State President William I. Heaps, of Maryland, delivered an address of welcome. Vice President Edward A. Doane, of New York, responded in an address in which he dwelt at length on social conditions in this country and urged the adoption of laws against indiscriminate immigration.

The following national officers were elected to serve during the ensuing two years: President, J. Shindel Krause, of Pennsylvania; vice president, William H. Tilton, of New Jersey; secretary, F. E. Stees, of Pennsylvania; chaplain, Rev. D. E. Rupley, of Pennsylvania; master of forms, William E. Vallant, of Maryland; treasurer, E. P. Spiese, of Pennsylvania.

Atlantic City, N. J., was chosen as the next place of meeting, which will begin the fourth Tuesday in September, 1905. Chattanooga and Niagara Falls were also proposed and Atlantic City was not chosen until after a spirited debate.

Farmers' Congress in Session.

Niagara Falls, N. Y., Sept. 23.—The farmers' national convention opened its session here and among the speakers were Governor Odell, Timothy L. Woodruff and Secretary Cortelyou, of the department of labor and commerce. The addresses by the officers show the congress to be a growing power and influence in securing beneficial national legislation. The convention will devote a great portion of its time to the distribution side of farming.

Union Scores a Victory.

Cleveland, Sept. 23.—The conference between the operators and miners of the eastern Ohio coal district No. 6 over the employment of union men ended by the employers agreeing to hire none but union engineers, firemen, pumpmen and electricians. The conference was held at Senator Hanna's office.

DOES YOUR

Husband Drink?

"ORRINE"

Will Surely and Permanently Cure Him, Without his Knowledge.

Drunkenness is a disease and is so recognized by the medical profession. Don't expect impossibilities of your husband, son or father. If he has acquired a taste for strong drink, it is your duty to save him, yourself and family from the terrible consequences of the excessive use of whiskey, beer, wine, etc.

We guarantee that **"ORRINE"** will permanently destroy all desire for liquor, restore the stomach, nerves and digestion to normal conditions and improve the health of the patient, or we will refund the purchase money. **"ORRINE"** is tasteless, odorless and colorless and can be given in tea, coffee, water or milk without the knowledge of the patient.

Mrs. E. Wycliff, New York City, writes: **"'ORRINE'** cured my husband, who was a steady drunkard for many years. He now has no desire for stimulants, his health is good and he is fully restored to manhood. He used only five boxes of **'ORRINE.'"**

Mailed in sealed wrapper, $1 per box, 6 boxes for $5, by Orrine Co., 817 14th St., N. W., Washington, D. C. Interesting booklet (sealed) free on request. Sold and recommended by

SSS FOR THE BLOOD

The best known and most popular blood purifier and tonic on the market to-day is S. S. S.

There is hardly a man, woman or child in America who has not heard of ***"S. S. S. for the blood."*** It is a standard remedy, a specific for all blood troubles and unequalled as a general tonic and appetizer. S. S. S. is guaranteed purely vegetable, the herbs and roots of which it is composed are selected for their alterative and tonic properties, making it the ideal remedy for all blood and skin diseases, as it not only purifies, enriches and invigorates the blood, but at the same time tones up the tired nerves and gives strength and vigor to the entire system.

FROM CONGRESSMAN LIVINGSTON, OF GEORGIA.

I know of the successful use of S. S. S. in many cases. It is the best blood remedy on the market.

FROM EX-GOV. ALLEN D. CANDLER.

S. S. S. is unquestionably a good blood purifier, and the best tonic I ever used.

For Chronic Sores and Ulcers, Catarrh, Rheumatism, Blood Poison, Malaria, Anæmia, Scrofula, Eczema, Psoriasis, Salt Rheum, Tetter, Acne and such other diseases as are due to a polluted or impoverished condition of the blood, nothing acts so promptly and effectually as S. S. S. It counteracts and eradicates the germs and poisons; cleanses the system of all unhealthy accumulations and soon restores the patient to health. Write us and our physicians will give your case prompt attention without charge.

Train Held Up by Robbers.

Leavenworth, Kas., Sept. 23.—Train No. 41 on the Burlington was held up near Amazonia, Mo., by four masked men. The baggage and express cars were cut from the main portion of the train and run about a mile up the track, where the express safe was blown up, but it is not thought that much that was valuable was found. The passengers on the train were not molested.

University Opened.

Cleveland, Sept. 23.—The undergraduate colleges and part of the professional schools of Western Reserve university has opened. Some 10 new professors have been added to the teaching staff and the enrollment of new students represents 300 men. The total number of students in attendance will be the largest in the history of Western Reserve university.

HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

New Physical Director—The board of directors of the Y. M. C. A. held a meeting last evening and selected E. P. State, of East Akron, to fill the position of physical director to succeed P. J. Stephens, resigned.

Only Two Arrests—Pat Clark and Walter Smith were the only two men to fall into the hands of the police last night. Clark was arrested by Officer Rose and the latter by Officer McDermott. Both were plain drunks and each was fined $2 and costs.

Boys Caused Explosion—Some small boys at play last night at the corner of East Fifth and Walnut streets caused a peculiar explosion which might have been attended by serious results. One of the number climbed to the top of a pole and held a lighted match to the end of a waste pipe from the gas main. An explosion resulted, sending the wooden cover of a man hole leading to the sewer to a great height. No damage was done.

Fine Ambulance—One of the finest ambulance wagons in this section has been received by Undertaken C. N. Miller. It is complete in every particular and is built upon modern lines. It is to be used in transporting sick and injured from one point to another.

THREE FAST GAMES ARE PROMISED

Warren Team Composed of Great Players and Locals Will Not Be Slow.

That the last three games of base ball to be witnessed in the city this week will be as interesting as the first two, no one will doubt after reading the lineups of both teams. Warren is the attraction and beyond a doubt the team is just as fast as Homestead or any other independent profressional team in the country. The majority of the Warren team are from the Jamestown, N. Y., aggregation. The lineups for tomorrow's game are as follows:

Y. M. C. A.—Westlake, c; Vasbinder, p; Heckathorn, 1b; Webb, 2b; Brown, 3b; Godwin, s; Gibson, lf; Rising, m; Wallace, rf.

Warren—Peiper, c; Whissner, p; Austin, s; Hawkins, 1b; Gouzzie, 2b; O'Malia, 3b; Paskert, lf; McDonald, m; Jackson, rf.

MAMMOTH BUSINESS

And How an Enterprising Local Firm Is Preparing for It.

One of the best and most convincing proofs of the enterprise and push of the ever-popular Surprise Clothing House is found in the fact that work is now in progress which will result in a big change in the establishment.

An arrangement has been made whereby the proprietors of the Surprise will obtain the use of the entire ground floor of the Little block in the Diamond. A partition has been taken away which formerly separated the store room of the Surprise from a business room just west of the present quarters of the clothing store, and the latter will in that manner be so enlarged as to make it one of the most commodious in the city.

By the change the Surprise will be enabled to carry a mammoth stock all the year round, and it is now expected the improvements will be completed in time to accommodate the big new fall stock. No establishment in this section will be better able to cater to the wants of the people in the clothing line, and with the business enterprise which has made the firm famous in the past, the well known house will flourish as it has ever did before.

NARROW ESCAPE

Teamster and His Son Uninjured After a Hair-Raising Experience.

John Lutton, the well known teamster, had a narrow escape from death yesterday afternoon, and but for the prompt action of the engineer of the afternoon east bound train, his team would have been killed and the outfit he drove smashed to kindling wood.

Lutton with his four-year old son had been at the plant of the East Liverpool Brick Manufacturing company and after loading the wagon with 6,500 pounds of brick, started to drive across the tracks to the main highway. The team had reached the main track before Lutton saw the approaching train. The engineer took in the situation at the same moment, and without hesitating an instant pulled the throttle wide open. Lutton had barely time to pull the horses' heads to one side when the train whizzed by.

The call was so close that the pilot of the engine hit one of the horses on the side of the head, tearing away a piece of the bridle. Lutton was so nearly overcome that he was unable to climb down from his seat for several minutes.

Perry's Millinery Opening, Friday and Saturday, Sept. 25 and 26.

SOCIAL EVENTS

Hallowe'en Dance.

One of the most popular social functions of the season will be the hallowe'en dance to be given by the members of the Hollenden club at Rock Springs park October 30. Preparations have been in progress for some time and the affair promises to surpass anything of its kind held there in a long time. The club has placed the arrangements in the hands of a committee, composed of the following well known society young men: Clyde Huss, George Rigby, Gaylord Albright, Vance Brunt, Edward Bunting. The details are being arranged on an elaborate scale. The club gave one of the most successful dances of the season earlier in the year, and the committee means to outdo its previous efforts if it is at all possible.

Girls' Missionary Society.

The Girls' Missionary society of the First Presbyterian church held its first meeting last evening at the home of Miss Anna Myers on Fifth street. The program was informal, but most interesting. When fully organized there will probably be 20 or more girls interested. The business last evening was to plan the winter's campaign. The girls may hold several socials, sales, or other entertainments. Mrs. Scott, formerly Miss Emily Southall, of this city, spoke on the "Negro in the South and Work Among That Race." Her remarks were fully appreciated.

Chautauqua Circle.

The Chautauqua Circle will not meet until the first Friday evening in October, when the members will be entertained at the home of Mrs. C. T. Hard on College street. Many interesting features will then occupy attention. One topic for discussion, which has never been fully decided by scientists, and leaves great room for argument, is "The Racial Proposition of the American People." The ladies will take up the study of a new book which is required in the Chautauqua course. Mrs. W. H. Romey this year is a member eligible for graduation from the national circle.

Delightful Card Party.

Mrs. Roland Patterson gave a delightful card party to 18 of her friends yesterday afternoon from 2 to 5. Flowers of various kinds were arranged in perfect taste. The entertainment was given in honor of Miss Briggs, a cousin of Mrs. Patterson. The first prize, a very dainty hand-made handkerchief, was won by Mrs. J. Bert George. Miss Bessie Adams was presented the consolation prize, a box of candy. Refreshments were served. The affair was a most pleasant event.

Class to Be Entertained.

J. M. Shive will entertain his Sunday school class of the First M. E. church at his home on Fifth street tomorrow evening. Miss Goldie Weaver will be present in order that those in the class may have an opportunity of bidding her farewell before her departure for Europe. The class has been one of the active and best instructed in the M. E. Sunday school. A musical program will be presented.

Lisbon Weddings.

Lisbon, September 23.—(Special)—Charles Stallsmith, of Sunol, Pa., and Miss Pearl Augustine, of East Palestine, were married by Rev. George Fowler at the parsonage of the Christian church here yesterday. Aaron Tunstall, of East Palestine, and Miss Eva McMillan, of Negley, were married in the probate court room by Mayor Farrell.

Married in Niles.

Lisbon, September 23.—(Special.)—Harvey Helman, of Lisbon, and Miss Anna Difford, of Portage county, were married in Niles Monday morning by Justice Phillips. Mr. and Mrs. Helman came here yesterday afternoon and will spend a few days at the home of his father, Charles Helman, after which they will go to Warren and commence housekeeping.

HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

New Physical Director—The board of directors of the Y. M. C. A. held a meeting last evening and selected E. P. State, of East Akron, to fill the position of physical director to succeed P. J. Stephens, resigned.

Only Two Arrests—Pat Clark and Walter Smith were the only two men to fall into the hands of the police last night. Clark was arrested by Officer Rose and the latter by Officer McDermott. Both were plain drunks and each was fined $2 and costs.

Boys Caused Explosion—Some small boys at play last night at the corner of East Fifth and Walnut streets caused a peculiar explosion which might have been attended by serious results. One of the number climbed to the top of a pole and held a lighted match to the end of a waste pipe from the gas main. An explosion resulted, sending the wooden cover of a man hole leading to the sewer to a great height. No damage was done.

Fine Ambulance—One of the finest ambulance wagons in this section has been received by Undertaken C. N. Miller. It is complete in every particular and is built upon modern lines. It is to be used in transporting sick and injured from one point to another.

THREE FAST GAMES ARE PROMISED

Warren Team Composed of Great Players and Locals Will Not Be Slow.

That the last three games of base ball to be witnessed in the city this week will be as interesting as the first two, no one will doubt after reading the lineups of both teams. Warren is the attraction and beyond a doubt the team is just as fast as Homestead or any other independent profressional team in the country. The majority of the Warren team are from the Jamestown, N. Y., aggregation. The lineups for tomorrow's game are as follows:

Y. M. C. A.—Westlake, c; Vasbinder, p; Heckathorn, 1b; Webb, 2b; Brown, 3b; Godwin, s; Gibson, lf; Rising, m; Wallace, rf.

Warren—Peiper, c; Whissner, p; Austin, s; Hawkins, 1b; Gouzzie, 2b; O'Malia, 3b; Paskert, lf; McDonald, m; Jackson, rf.

MAMMOTH BUSINESS

And How an Enterprising Local Firm Is Preparing for It.

One of the best and most convincing proofs of the enterprise and push of the ever-popular Surprise Clothing House is found in the fact that work is now in progress which will result in a big change in the establishment.

An arrangement has been made whereby the proprietors of the Surprise will obtain the use of the entire ground floor of the Little block in the Diamond. A partition has been taken away which formerly separated the store room of the Surprise from a business room just west of the present quarters of the clothing store, and the latter will in that manner be so enlarged as to make it one of the most commodious in the city.

By the change the Surprise will be enabled to carry a mammoth stock all the year round, and it is now expected the improvements will be completed in time to accommodate the big new fall stock. No establishment in this section will be better able to cater to the wants of the people in the clothing line, and with the business enterprise which has made the firm famous in the past, the well known house will flourish as it has ever did before.

NARROW ESCAPE

Teamster and His Son Uninjured After a Hair-Raising Experience.

John Lutton, the well known teamster, had a narrow escape from death yesterday afternoon, and but for the prompt action of the engineer of the afternoon east bound train, his team would have been killed and the outfit he drove smashed to kindling wood.

Lutton with his four-year old son had been at the plant of the East Liverpool Brick Manufacturing company and after loading the wagon with 6,500 pounds of brick, started to drive across the tracks to the main highway. The team had reached the main track before Lutton saw the approaching train. The engineer took in the situation at the same moment, and without hesitating an instant pulled the throttle wide open. Lutton had barely time to pull the horses' heads to one side when the train whizzed by.

The call was so close that the pilot of the engine hit one of the horses on the side of the head, tearing away a piece of the bridle. Lutton was so nearly overcome that he was unable to climb down from his seat for several minutes.

SOCIAL EVENTS

Hallowe'en Dance.

One of the most popular social functions of the season will be the hallowe'en dance to be given by the members of the Hollenden club at Rock Springs park October 30. Preparations have been in progress for some time and the affair promises to surpass anything of its kind held there in a long time. The club has placed the arrangements in the hands of a committee, composed of the following well known society young men: Clyde Huss, George Rigby, Gaylord Albright, Vance Brunt, Edward Bunting. The details are being arranged on an elaborate scale. The club gave one of the most successful dances of the season earlier in the year, and the committee means to outdo its previous efforts if it is at all possible.

Girls' Missionary Society.

The Girls' Missionary society of the First Presbyterian church held its first meeting last evening at the home of Miss Anna Myers on Fifth street. The program was informal, but most interesting. When fully organized there will probably be 20 or more girls interested. The business last evening was to plan the winter's campaign. The girls may hold several socials, sales, or other entertainments. Mrs. Scott, formerly Miss Emily Southall, of this city, spoke on the "Negro in the South and Work Among That Race." Her remarks were fully appreciated.

Chautauqua Circle.

The Chautauqua Circle will not meet until the first Friday evening in October, when the members will be entertained at the home of Mrs. C. T. Hard on College street. Many interesting features will then occupy attention. One topic for discussion, which has never been fully decided by scientists, and leaves great room for argument, is "The Racial Proposition of the American People." The ladies will take up the study of a new book which is required in the Chautauqua course. Mrs. W. H. Romey this year is a member eligible for graduation from the national circle.

Delightful Card Party.

Mrs. Roland Patterson gave a delightful card party to 18 of her friends yesterday afternoon from 2 to 5. Flowers of various kinds were arranged in perfect taste. The entertainment was given in honor of Miss Briggs, a cousin of Mrs. Patterson. The first prize, a very dainty hand-made handkerchief, was won by Mrs. J. Bert George. Miss Bessie Adams was presented the consolation prize, a box of candy. Refreshments were served. The affair was a most pleasant event.

Class to Be Entertained.

J. M. Shive will entertain his Sunday school class of the First M. E. church at his home on Fifth street tomorrow evening. Miss Goldie Weaver will be present in order that those in the class may have an opportunity of bidding her farewell before her departure for Europe. The class has been one of the active and best instructed in the M. E. Sunday school. A musical program will be presented.

Lisbon Weddings.

Lisbon, September 23.—(Special)—Charles Stallsmith, of Sunol, Pa., and Miss Pearl Augustine, of East Palestine, were married by Rev. George Fowler at the parsonage of the Christian church here yesterday. Aaron Tunstall, of East Palestine, and Miss Eva McMillan, of Negley, were married in the probate court room by Mayor Farrell.

Married in Niles.

Lisbon, September 23.—(Special.)—Harvey Helman, of Lisbon, and Miss Anna Difford, of Portage county, were married in Niles Monday morning by Justice Phillips. Mr. and Mrs. Helman came here yesterday afternoon and will spend a few days at the home of his father, Charles Helman, after which they will go to Warren and commence housekeeping.

INVOLVED IN MYSTERY IS MISS RAYL'S DEATH

Theories of Suicide, Murder and Accident Are All Promulgated to Account For It.

CLEVELAND POLICE COMPLETELY BAFFLED

Cleveland, September 23.—The mystery surrounding the death of Miss Olive K. Rayl, of Wellsville, at Gordon park yesterday morning is apparently no nearer solution than before. Opinion is divided as to whether she was murdered, was a suicide or was the victim of accident.

Olive Rayl came to this city September 1 and entered the Lakeside hospital as a nurse, the position having been secured for her by Dr. W. L. Rayl, her brother, who has an office at 2782 Superior street. The work at the hospital was hard and the young woman became discontented and left one week ago, without consulting her brother. She was sorry afterward and returned to the hospital and asked to be reinstated.

Although the young woman was learning rapidly this was refused, the authorities stating that it would establish a bad precedent. Dr. Rayl then wrote a note of introduction for his sister to the doctors of the Charity hospital. About 9 a. m. Monday Miss Rayl left her brother's home and started for the Charity hospital. It was the last her brother saw of her in life.

"She seemed quite dejected at the time," said he. "I cheered her up a little and she seemed in better spirits as I helped her on the car."

Miss Rayl visited the Charity hospital shortly before noon. She was given a half promise of a position, and told to fill out a regular application blank. Where she was during the afternoon and evening no one seems to know. Shortly before 6 a. m. yesterday the girl's body was found on the track by an engineer on a switch engine. He at once telephoned to William Abel, whose ambulance took the body to his morgue.

The police were notified and detectives sent out on the case.

The severed body was lying on both sides of the north rail of the second track. The head was between the rails and the trunk just outside the track. The face was flat against the ground and slightly scratched by contact with the cinders. A deep scalp wound was found on the right side of the temple, barely concealed by the girl's hair. It might have been caused by the train which struck the girl, but looks more like an injury received in a struggle. The wound does not penetrate the skull.

There was scarcely any blood on the tracks where the body was found. This, the police say, is one of the strong indications the girl was dead before struck by the train. The Lake Shore trainmen say that it would not have been possible for the body to be lying in the position it was if she had been struck by a train when she was erect. The conclusion of the police is that she was first killed and the body dragged to the track and laid across the rails.

Just south of the tracks runs the boulevard. On the roadway was found the fresh track of a buggy, or more

THOMAS WEDGWOOD ADJUDGED INSANE

Other Matters of Interest Acted Upon By Probate Court at Lisbon.

Lisbon, September 23.—(Special.)—The sale of real estate by William Nouffer, as administrator of the estate of the late Jacob Nouffer, having been confirmed, distribution of the proceeds amounting to $500 has been ordered.

Elias Richards, of Wellsville, having left no will, W. R. McDonald has been appointed as administrator of his estate under bond of $2,200. Appraisers, J. C. Catlett, W. E. Lowary and H. C. Wells.

The administrator having petitioned for permission to settle a claim for wrongful death the court has authorized him to accept $1,100 from the Pennsylvania Railroad company.

Thomas Wedgwood, of East Liverpool, has been adjudged insane and application made for his admission to the Massillon asylum.

MR. COLE'S CLAIM IS NOT ALLOWED

Supreme Court Rules On Disputed Point in Dairy and Food Cases.

IN A SUIT FROM SALEM

From a Staff Correspondent.

Columbus, September 23.—The supreme court reconvened for the fall session of court yesterday and handed down decisions in a number of cases. Among the cases disposed of was that of the state of Ohio on relation of Richard Cole against J. Frank Adams, auditor of Columbiana county, raising the right of persons serving on juries in dairy and food cases to collect fees when such actions are dismissed for want of prosecution.

Cole is a resident of Salem and was a juror in an action tried before Justice of the Peace K. L. Cobourn, in which Edward Umstead, of that city, was charged by State Food Inspector Martin Cowan with deception in the sale of dairy products. The jury could not agree and the justice dismissed the case. Cole presented his claim for fees, amounting to $4 to Auditor Adams, and he refused to issue a warrant on the treasurer for the same, whereupon Cole brought suit in the common pleas court to mandamus the auditor to issue the warrant.

The court allowed the application for a writ of mandamus. Prosecutor J. H. Brookes, representing the auditor, filed an appeal with the circuit court, which overruled the common pleas court. The supreme court affirms the judgment of the circuit court, which sustains the position of Auditor Adams, and Cole is out his fee.

The suit was brought more to settle the question raised than for the sum involved. Had Cole won other jurors would have put in claims for fees. Cole's petition in mandamus was filed July 19, 1900. L. P. Metzger, of Salem, and E. B. Dillon, of Columbus, now on the common pleas bench of Franklin county, represented Cole. Dillon was chief attorney for the dairy and food commission under the administration of Commissioner J. E. Blackburn, predecessor of the present incumbent, Horace Ankeney.

DOMESTIC TROUBLES

The Alleged Cause of the Insanity of a Woman of Knox Township.

Lisbon, September 23.—(Special)—Mrs. Fannie Haenny, of Knox township, was taken before Judge Martin and adjudged insane. Her condition is ascribed to domestic difficulties, together with grief over the death of her infant son, who died three years ago. On Monday the woman wandered away from her home and walking to Damascus got a rig and drove to Salem, where she was apprehended.

After the inquest last evening she was taken back home, where she will be kept pending removal to Massillon.

Sues the Estate.

Lisbon, September 23.—(Special.)—Laura Whinnery is plaintiff in a suit filed here today against S. C. Hoopes, of Hanover township, as administrator of the estate of the late Mary A. Milbourne, asking judgment for $198, with interest from July 7, 1903, alleged to be due on an account for services as a domestic.

MUCH BUSINESS BEFORE THE COURT

Anthony Clunk Will Be Tried For Killing Frank Nuzum.

THE MANY OTHER CASES

Will Likely Make the September Term One of the Busiest Ever Held. Civil Docket Now Contains About 328 Suits.

Lisbon, September 23.—(Special.)—Next Monday morning at 10 o'clock the September term of court will open. As a rule the September term is characterized by the heaviest grand jury work of the year, the grand jury a year ago being a record breaker. The amount of work to come before the jury that will convene next Monday morning can not be forecasted, but it is anticipated that there will be a proportionately large amount of business when it is remembered that a special grand jury last spring disposed of a number of cases that otherwise would have come over to this term.

Probably the most important case that will be brought before the grand jury will be that of Anthony Clunk, who is in jail charged with the murder of Frank P. Nuzum, of Elkton. Clunk has recovered from his recent attack of nervousness that seemed to portend a breaking down and will be ready to face the charge.

Clerk of Courts James N. Hanley has completed the assignments for the first week, which will be devoted to court cases only, with Judge Hole on the bench, the petit jury having been notified not to report until Monday, October 5, the beginning of the second week. There are in the neighborhood of 328 cases now on the civil docket.

Following is the assignment for the first week:

Monday, September 28, 10 a. m.—Empaneling grand jury; R. H. Everson vs. H. W. Sinclair, motion; Mary Hanley vs. Thomas Whalen et al, demurrer; David Hanley vs. Thomas Whalen et al, motion; W. P. Wells et al vs. the city of Wellsville, demurrer; McGarry Real Estate Agency vs. Etta Hawkins, motion; city of Wellsville vs. East Liverpool Railway company, demurrer; Harold T. Powell vs. the McNabb Coal company, demurrer; Charles Anderson vs. J. C. Lewis, motion; Paul Metzger vs. Ellis Robert, demurrer; Joseph Chillery vs. Thomas J. Stringer, motion; New Waterford vs. J. A. Benzenhoffer, motion; Joseph H. English vs. C. A. Smith, demurrer; Mike Shuster vs. American Steel & Wire company, motion; John W. CHANCES AGAINST CHILD'S RECOVERY

A Little One Near Lisbon Terribly Scolded By Hot Coffee.

Lisbon, September 23.—(Special)—Marshall, the 1-year-old son of Mr. and Mrs. S. T. Bailey, living in the country midway between Lisbon and Salem, was terribly and it is feared fatally scalded Monday afternoon by upsetting a pot of boiling coffee upon himself. The child's entire body was badly scalded but the worst injuries are about the face and chest.

The chances are against small children in cases of serious burns, but the little one was getting along well last evening.

Will Case Appealed.

Lisbon, September 23.—(Special.)—A petition in error has been filed in the circuit court in the case of Lina Hartley vs. Mary E. Burris et al. This is the famous Salineville case in which a jury some months ago sustained the alleged will of Abraham Hartley.

MET HIS DEATH COUPLING CARS

Brakeman Weitzel Almost Instantly Killed In This City.

TRAIN MOVED SUDDENLY

A. D. Weitzel, aged 28, employed as a brakeman by the Cleveland & Pittsburg Railroad company, met a horrible death last night shortly after 10 o'clock on the main track between Broadway and Walnut street, while in the act of coupling two freight cars. He was standing between the cars when the train unexpectedly gave a sudden jerk, knocking him headlong to the track. Before he could escape from his perilous position the trucks of a heavily laden box car had passed over his left arm and both legs and crushed his body in many other places. Death relieved him of terrible agony in less than 10 minutes.

John McFarland, proprietor of a saloon opposite which the awful accident occurred, was the only witness to the shocking mishap. He was standing in front of his saloon and saw Weitzel as he went sprawling to the track. He says that the brakeman was attempting to make a coupling when the train struck him in the back. Without uttering a cry that was audible at least Weitzel fell and was so terribly crushed that he could not speak a word, dying in abject misery.

McFarland shouted to the engineer to stop the train and when this was done a number of people quickly rushed to the scene and soon had the body free from the weight of the wheels. Dr. W. J. Taylor was summoned, but by the time he arrived the life of the injured man was extinct. The patrol wagon was then called and the body was removed to the passenger depot, where it was prepared for shipment to Wellsville, where Weitzel boarded during his employ with the railroad company.

The railway officials at Wellsville had the body prepared for burial at the undertaking establishment of R. M. Haugh, Wellsville, and it will be shipped to Dayton, where, it is thought, Weizel lived prior to his arrival in Wellsville two weeks ago.

Weizel was single and had followed the life of a railroader for about five years.

DOUBT IS RAISED AS TO THE VALIDITY

Of Bequests to the Salem High School and the Damascus Academy.

Lisbon, September 23.—(Special)—Samuel Allen Bailey and Josephine Murdock, through their attorneys, Smith & Lones, of Wellsville, have filed a petition as executors of the will of the late Mary B. Haines, of Damascus, asking the judgment and direction of the court in construing the twenty-third item of the will. The item in question reads as follows: "I will to the Salem high school of Salem, O., and to the Damascus academy, of Damascus, O., $300 each, to be used for education of the worthy colored race to be spent in such manner the board of education of school directors may deem proper."

In the petition these institutions, with a large number of personal beneficiaries and several charitable and other institutions, including the home for aged women in Salem, Waynesburg college in Greene county, Pa., the Christian church of Westville, O., and the mission board of the Christian church of the American Christian convention, are named as the defendant heirs. It is alleged that all the defendants except the Damascus academy and the Salem board of education, hold that the bequests are invalid to these two beneficiaries and the executors, being in doubt about the matter, ask the court to instruct them as to their duty.

COUNCIL AND THE C. & P. ONCE MORE FAIL TO AGREE ON IMPROVEMENT MATTER

Requests of Supt. Scriven Not Likely to Be Granted in Toto—Ultimatum On Bonds.

It now looks very much as if East Liverpool is going to be the stumbling block for the Cleveland & Pittsburg Railroad company in getting its double tracking through to either terminus of the lines. The councilmen of this city are utterly opposed to giving the company consideration, and at the regular meeting of the body last night a disposition was displayed to compel the company to live up to every provision of the ordinance recently passed or no extra track goes through the Crockery City.

President Horwell and Messrs. Cannon, Moon, Bullock, Croxall and Barlow were present at the meeting, and the action taken against the railroad was unanimous. Upon the reading of the communication from Supt. Scriven, Mr. Cannon took the floor and announced that he was not in favor of considering the requests at all, and he made a motion that the clerk be instructed to notify the superintendent that the ordinance as passed must be accepted or none at all. More conservative ones spoke on the requests, however, and it was finally decided to instruct Supt. Scriven that one of his requests would be granted, that relative to the changing of the roadway at Ralston's crossing; providing, however, that the railroad company pay for the re-advertisement of the ordinance.

During the conversation each councilman expressed his sentiments and all seemed much against considering in the least the communication. It will be noted from his communication, printed yesterday, that Supt. Scriven is willing to move the switch at the Broadway wharf when public necessity requires it and to erect a freight station on the hill when the merchants and business men who have occasion to patronize a freight station demand it.

Before business was taken up in earnest by council, Mr. Cannon expressed himself on the gas question. He said that he did not think it was right for council to hold a meeting without notifying every member and that he was very sorry that he did not know there was to be a meeting last Friday evening. "If I had been there," he added, "I most assuredly would have voted for the solicitor to proceed with the injunction. I would like to be placed on record as taking that stand. I am not in favor of a gas monopoly or any other monopoly, and my vote would never have been cast for dropping the proceedings."

Mr. Croxall announced that Fairview street from Division street to a distance of about 360 feet is badly in need of paving and other improvement and stated that the adjacent property owners are desirous of having the work done. It was decided to have the engineer make an estimate of the cost and report to council.

Mr. Moon reported that the police and other funds were in bad shape and that certain improvements can not be attended to unless the $92,925

CLIMAX NEAR IN THE DISPUTE

Engineers May Go Ont Unless It Is Speedily Adjusted.

THE PROPOSED AGREEMENT

Unless something in the way of a compromise can be suggested within the next few days, indications are that every steam engineer in the jurisdiction of the local branch of the International Union of Steam Engineers will go out.

The dispute with the factory owners of East Liverpool dates back to July 10. In each case the employer was informed that the proposed agreement was to become operative on August 10, one month later. At the end of that time an answer was not forthcoming as to what disposition the manufacturers proposed to make of the matter.

The manufacturers were loath to recognize or treat with any union organization save the N. B. of O. P. Proof was furnished that the engineers were affiliated with a separate and distinct society, and their interests and those of the potters were identical only in that the engineers were employed to furnish the power.

The controversy was thus situated at the time of the annual convention held at Wheeling last week. The East Liverpool matter was brought up for consideration there, and when adjournment was taken H. B. Erdhaus, an international official, was sent to the city to endeavor to adjust the dispute. Mr. Erdhaus arrived here Monday, and took steps to at once familiarize himself with the situation. A visit was paid to J. G. Lee, president of the manufacturers' association, yesterday and arrangements made for a conference this morning.

When the time agreed upon arrived the employers failed to put in an appearance, and taking this as an indication they did not propose to treat, preparations were at once made for a fight.

Upon arriving here Mr. Erdhaus

TELEPHONE WAR GROWS HOTTER

LISBON BUSINESS ASSOCIATION STANDS BY THE BELL.

Columbiana County Company Hustling for Subscribers at New Rate.

Lisbon, September 23.—(Special)—At the meeting of the Lisbon Business association last evening a defiant attitude was assumed toward the Columbiana County Telephone company and a previous action emphasized by passing a resolution to notify all telephone patrons of the association that after October 1 the Bell 'phone only will be used to the entire exclusion of the Columbiana County 'phone.

This action by the Business association clinches its former decisive action in adopting the Bell telephone and defies the latest move of the Columbiana County company in discounting the rate offered by the Bell, with the apparent intention of forcing the use of both 'phones.

A petition requesting the Lisbon city council to revoke the franchise of the Columbiana County Telephone company was also introduced with the recommendation that it be presented to the council. Action was deferred by tabling the petition for the present.

Solicitors are now canvassing Lisbon in the interests of the Columbiana County company and several prominent business and professional men have signified their intention of retaining that 'phone.

A force of Columbiana County company workmen came here yesterday from Salem and is putting in some instruments.

Suit on a $450 Note.

Lisbon, September 23.—(Special.)—S. C. Hoopes, of Hanover township, as administrator of the estate of the late Mary Ann Milbourn, has filed suit against S. O. Whinnery and M. R. Elliott to recover on a promissory note for $450 given in 1898 in favor of the now deceased Mrs. Milbourn. He alleges that the only credit on the note is $90, the purchase price of a horse bought of Whinnery by the deceased. The plaintiff asks judgment for the amount actually due.

MORE DIVORCE SUITS HAVE BEEN FILED

A Young Wife of East Liverpool Tells of Desertion And Extreme Cruelty.

Lisbon, September 23.—(Special.)—Two more divorce petitions were filed today. Ferdinand Wolpert, through Attorney J. C. Boone, of Salem, asks separation from Eva Wolpert, of Salem. The petition says they were married in that city in July, 1899, and have no children. The plaintiff asserts that his wife left him June 20, 1900, and has not returned.

Edna Kays asks divorce from Frank B. Kays, of 334 Walnut street, East Liverpool. They were married February 6, 1901, and have no children. Mrs. Kays charges habitual drunkenness, gross neglect, abandonment and extreme cruelty. She says from the time of their marriage until he finally left her March 1, 1902, she was compelled to perform menial labor to support herself and husband and that when drunk he frequently beat her and used vile and abusive language. Smith & Lones, Wellsville, are the plaintiff's attorneys.

Admitted to Probate.

Lisbon, September 23.—(Special.)—Upon application of Edward W. Holz, of Leetonia, authenticated coupies of the wills of the late Gertrude M. Zweidinger and A. C. Hamilton, both of Allegheny, and Martha M. Hamilton, of Jo Daviess county, Illinois, have been admitted to probate in this county. Property in Columbiana county is disposed of by these wills.

He still suffers intense pain and has had scarcely any sleep.

CONDEMNED MAN ALMOST GOT FREE

Rand Culver Nearly Sawed His Way Out of Greensburg Jail.

WORKED HARD ALL NIGHT

Greensburg, Pa., September 23.—Charles Kruger, alias Rand Culver, alias Brown, of East Liverpool, who ten days ago was convicted of first degree murder for the killing of Constable H. F. Bierer, on Monday night made an effort to break jail by sawing off the iron bars at the back of his cell. He succeeded in cutting six of the large bars, and only one remained between him and liberty. The other prisoners in that part of the jail heard him sawing all night, but as there was no communication from that part of the prison with the sheriff's room they could not give the alarm until next morning. The sheriff found the bars almost ready to fall out.

Kruger said: "It's all up now; but you can't blame me, sheriff." A search for the saw was made and after an hour's hunt it was found hidden in a broom in Kruger's cell. He was removed to another cell and from now on a guard will be on duty at night.

The seventh bar, which when cut off, would have permitted him to crawl through, had been partly cut when his action was discovered by a fellow prisoner and an alarm was given. While the sheriff did not hear the yells of the excited prisoner, they had the effect of frightening Kruger, and he gave up the critical job in disgust. His idea was to complete the work and gain his liberty in one night. It is admitted by the jail authorities that had the murderer used better judgment and done the work by degrees, his aim would have been successful.

Kruger laughingly told the sheriff when asked where he received the saws that he would tell that secret were he a man who would delight in getting others into trouble, but as he was not of that stripe the sheriff would have to seek another source for the desired information. The sentence of death will be pronounced on Kruger on September 26.

ENGINEER BRYAN ON CITY LIGHTS

His Report Is Very Favorable to the United Power Company.

ATTENTION TO THE LAMPS

And Greater Care in Cleaning Them Would Result in Better Illumination—Contract Terms Being Complied With.

As was exclusively stated in the News Review, the report of James Bryan, expert electrician, of Pittsburg, who was employed by the board of public service to investigate the lighting system given the city by the United Power company, was very favorable to the company. The report was read to council last evening and was ordered received. It was as follows:

The Board of Public Service, East Liverpool, Ohio.

Gentlemen—At the request of Mr. Smith, a member of your board, I visited East Liverpool for the purpose of ascertaining whether the United Power company were operating arc lamps of a capacity specified in the terms of their contract with your city. The contract calls for the furnishing of arc lamps of a standard power of 2,000 candles each light, of the same make as the General Electric company, or their equivalent.

At the time this contract was entered into, the Power company had in service what are known as direct current open arc lamps consuming an average of 480 watts per lamp. The lamps at present in service are what are known as "alternating current enclosed arc lamps" consuming an average of 600 watts per lamp. In regard to the phrase in the contract, (standard power of 2,000 candles) it is universally understood to be a nominal rating, and to refer to illuminating effect of a 480 watt open arc lamp. Photometric measurements show that at no angle does the candle power of a 480 watt open arc lamp reach 2,000 candles. The average maximum candle power is about 1,250 at an angle of 45 degrees. Supposing that the lamp were to be suspended at a height of 25 feet from the ground, the maximum illumination would be at a radius of 25 feet from the center of the pole.

This illuminating effect rapidly diminishes and at a radius of 150 feet falls off to about 10 candles. This class of lamp casts an immense shadow for a radius of about 15 feet from the center of the pole. In comparing from memory the illuminating effect of the arc lamps you had in service at the time the contract was entered into, with the lamps you now have in service, the intensity of the light at a comparatively short distance from the pole in comparison with the intensity of the light from the lamps at present in service at a similar distance has been compared to the disadvantage of the present lamps. The average candle power at the radius of 150 feet of the lamps now in service is about 25 candles. The arc lamps now in service are of the General Electric company manufacture, and are of capacity recommended by them for street lighting in preference to open arc lamps.

The steadiness of the light of the enclosed arc as against the violent flickering of the old open arc, together with the illuminating effect at a greater distance results in the more satisfactory illumination for street lighting. In all modern arc light installations, the enclosed arc lamp is installed, and the alternating current arc lamp is for economic reasons, in station operation, superceding the direct current lamp. It is, however, necessary to give more attention to the cleaning of the inner and outer globes of the lamps you now have in service than is required to be given to the cleaning of the globe of open arc lamps. It is necessary for proper illuminating, that both the inner and outer globes of the lamps now in service be thoroughly cleaned each trimming, as failure to do this materially decreases the illuminating effect of the lamp, due to particles deposited in the inner globe by the combustion of the carbons.

In my opinion, the United Power company are substantially complying with the terms of their contract, in as much as they are furnishing an arc light of an equivalent illuminating capacity to the standard commercial 2,000 candle power arc lamp as universally understood.

Respectfully submitted,
JAMES BRYAN,
Engineer.

WITH THE WORKMEN IN THE CLAY PLANTS

QUAINT WARE.

Some charming new Dutch pottery from Gouda shows a great variety of figures in low relief. The colors are delicate and the scenes are all characteristics of different parts of the land of Queen Wilhelmina. Peasant women and children figure in numerous quaintly charming scenes. A Scheveningen woman is showing her small daughter the sails that dot the sea. Marines are conspicuous, as is natural among artists who dwell in the land of the coast, waterways and reclaimed land.

In another one sees two peasant women, one carrying a basket on her head and both of them beautifully neat and clean. Still another piece is in a long boat shape and is intended for a center piece or fruit dish. Outside this the vase shape predominates. Other parts, Amsterdam and Volandam, are represented. One of the former shows a girl reading a prayer book, while one of the latter shows an industrious maid knitting. Another is carrying a basket.

Quite different is the dark green Gouda pottery. This is of deep though distinct coloring, the figures and decorations, generally being confined to band and medallion shaped views in which windmills, spires and ships are most in evidence.

WILL INSTALL SPRINKLERS.

The West End pottery, which has undergone extensive improvements in the pas six months, is to be equipped with the sprinkler system of fire protection, and with this end in view the four-inch water main leading to the plant is being replaced with a main double that capacity. With the completion of this work the plant will be one of the best in the city. The capacity has been more than doubled, a necessary move, owing to the rapidly increasing volume of business.

GOES TO CAMERON.

James Myler, one of the best known dish makers in the city, has accepted a bench in the new Cameron plant and left for that city yesterday. He was formerly connected with the China works and is a skilled and steady operative. He was one of the delegates from the dishmakers local to the last national convention.

POTTERY NOTES.

Stanton Barton has returned from a brief visit with his parents at Sebring.

The clay department at the Sebring plant, Sebring, has been handicapped the past few days by a shortage of flint.

Frank Heltzel, of Lisbon, has secured a situation with the Crooksville China company and will start to work there at once.

At the Dresden the decorating department has been overworked for the past month to keep up with orders. The demand has been principally for decalcomania goods and the printers have not felt the rush.

A Purgative Pleasure.

If you ever took DeWitt's Little Early Risers for biliousness or constipation you know what a purgative pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not gripe, sicken or weaken, but give tone and strength to the tissues and organs involved. W. H. Howell, of Houston, Texas, says: "No better pill can be used than Little Early Risers for constipation, sick headache, etc."

ALCOHOL IN ALL LIQUID KIDNEY AND RHEUMATIC REMEDIES CONDEMNS THEM.

An ignorantly compounded remedy, containing alcohol, as nearly all kidney remedies do, will stimulate them so violently that an inflammation will be set up, and instead of being merely lazy the kidneys will become diseased. Alcohol congests the kidneys with blood and retards their activity.

There is no Alcohol in Nervan Tablets to interfere with the removal of all harmful sediment from the body. The Tablets soothe and heal the kidneys when they are irritated and inflamed. They cure the kidney diseases that make you dizzy, restless, sleepless and irritable; that make you pass water often during the day and night; that cause rheumatism, catarrh of the bladder, pain in the back, joints and muscles; that make your head ache and indigestion, stomach and liver trouble, and a sallow, yellow complexion.

No matter how many other remedies you may have tried and found useless, remember the great modern remedy, Nervan Tablets.

RALLY DAY SERVICES OF GREAT INTEREST

Special Sermons and Music Are Being Arranged For Second Presbyterians Next Sunday.

The Rally Day services at the Second Presbyterian church promise to be of great interest to both old and young and from present indications nearly every member or adherent of the church and Sunday school will take part. Rev. N. M. Crowe, the pastor, is making a special effort for the services and has announced that several noted speakers have been secured and that special music will be rendered.

At the morning service, which will be the rally for the Sunday school, Rev. Mr. Crowe will deliver an address particularly for the children. He has chosen a topic of the greatest interest, "The Life of Christ," and his remarks will be well worth listening to. At the evening service, the rally of the Christian Endeavor society will be held. It is the intention to have at least three out-of-town speakers at this service to make addresses. Rev. Mr. Crowe has asked Rev. S. L. Boston, of Steubenville, and two other noted religious workers to be present and it is hoped that they will accept.

SLOT MACHINE RAIDED

Four Small Boys, Suspected of the Deed, Must Answer to the Mayor Today.

Four well known young men of the East End have been cited to appear before the mayor this evening after school hours to answer to the charge of raiding a penny slot machine at the establishment of B. A. Swan, opposite the entrance of Columbian park. The robbery occurred Monday night but was not discovered until this morning. It is alleged that 23 pennies and 70 pieces of chewing gum were taken.

Mr. Swan made an investigation and soon had one of the guilty parties under suspicion. It was later learned that four boys had been unusually well supplied with gum and suspicion also rested upon them. Captain Terrence made an investigation of the case and required all four to report to the mayor.

Club Enetrtained.

Mr. and Mrs. Charles Vervain, of Pennsylvania avenue, entertained the Married Folks' Club yesterday afternoon at their pleasant home. This club, which has been in existence several years, is composed of young married people, who meet at the homes of the members at stated intervals. Last year it afforded the members a great deal of enjoyment. The meeting yesterday was the first of the fall and winter season.

Gone to Mechanicstown.

Dave F. White, district deputy for the Protected Home Circle, left this morning for Mechanicstown, where he will complete the arrangements for the installation of a P. H. C. lodge. Mr. White visited that town several weeks ago and in a short time had the pledges of a sufficient number to secure a charter. The new lodge will be instituted tonight by Mr. White.

Grays Beat Invincibles.

The East End Grays won a lop-sided game from Sodaker's Invincibles yesterday afternoon at Columbian park by the score of 16 to 5. Bolton, who pitched for the Grays, was a puzzle. The Invincibles made four errors, while the Grays had but one.

EAST END AFFAIRS.

Miss Bessie Hauck has returned from Cleveland.

Mrs. Charles Herbert, of Erie street, is reported quite ill today.

Thomas Hayes, Sr., has returned from a visit with relatives at Monaca.

S. B. Fellons left last night for Pomeroy, where he will spend a few days with relatives.

John Searight, who was severely injured in a fall about two weeks ago, is able to get around again.

George Bower, of Steubenville, was the guest yesterday of his sister, Mrs. Dr. W. E. Mowen, of Pennsylvania avenue.

East End lovers of gridiron contests are sorely disappointed over the latest fluke in the game announced between the Oaklands and the Athletics.

Work upon the new house for Mrs. Orvilla Dawson, on Railroad street, has been commenced. The structure will be one of the finest on that thoroughfare.

Officer Jay Fisher will remain at the Pittsburg hospital for a period of 20 days to complete the Pasteur treatment necessary as a result of the dog bite received last Saturday.

Miss Sudendorf

Suffered From Impure Blood

Elgin, Ill., August 30, 1903.

E. Sudendorf, Secretary the National Creamery Buttermaker's Association, says: "*My daughter was troubled every spring with weakness and insomnia accompanied with the most painful and irritating eczema. The doctors diagnosed it as impure blood. A friend who had been cured of impure blood by Paine's Celery Compound recommended it and she has taken three or four bottles of Paine's Celery Compound each spring and fall for the past five years and has ever since enjoyed the best of health.*"

INVOLVED IN MYSTERY IS MISS RAYL'S DEATH

Continued from First Page

probably a surrey. There was but one horse attached to it. The horse wore a three-quarter shoe, with a calk on the right fore foot. The tracks indicated that the rig had been driven into the park from the St. Clair street entrance, and through a wood toward the east. About 500 feet east from the crossing the buggy was turned around.

The buggy evidently stopped there for the occupants to alight. The buggy turned at this place and the wheel tracks led back to the boulevard. The spot where the rig turned is a lonely one between two strips of woods. There is not a house for many rods. On the ground were found a great number of foot prints and the ground was badly tramped, as though there had been a struggle.

Footprints corresponding exactly with the shoe worn by Miss Rayl were found at this place. A man's plain white linen handkerchief covered with blood and with the initial J. D. stamped in one corner was also found at the same place. A man's footprints were plainly discernable. Whether there was more than one man could not be told from the tracks.

From the spot where the struggle evidently took place to the place where the girl's body was found upon the track, Detectives Wilmore and Reiser traced the footprints of two persons, those of a man and of a woman. Miss Rayl's shoes were compared with these marks, but the shoe did not correspond. The marks were those of a shoe considerably larger than that of the dead girl. As Miss Rayl's footprints were found at the roadside and did not lead to the track where she was found, the detectives were left no other conclusion than that she had been murdered at the roadside and her body carried by a man and a woman to the track, where it was carefully placed so that it would be struck by the next train. What train ran over the body is not known. The engineer evidently did not notice anything upon the track. It is thought from the condition of the body that it had been placed on the track early in the evening.

The girl was very slight in stature and could be easily carried the short distance to the main track of the railroad. Between the road and the main track is a side track. On the side track were several flat cars loaded with stone. The body was lifted over one of the cars, and lying on one of the stones there was found a card bearing the name of Blanche Dillon. This is a cousin of the girl and the card probably dropped from her pocketbook. Another card found in the pocketbook bore the name of A. Hunter, 676 Payne avenue. In the pocketbook were also found proofs of some of Miss Rayl's pictures and a small picture of a friend. There was $1.70 in cash. When the girl left the house in the morning she had about $8.

Patrolman Graul also discovered a letter, torn into fragments. The fragments were saved and an attempt made to put them together. The young woman was of exemplary habits. While she was working at the hospital she was doing night work. Since her resignation she had not been out of her home a single evening, Dr. Rayl stated.

"I know of no one with whom she kept company," said the doctor. "She knew no young men in the city, as far as I am aware. She was engaged to a young man by the name of John Pettit shortly after she left high school. This engagement was broken about a year ago, for what reason I do not know. I do not think she has had any communication with the young man since that time and she corresponded with no other person that I know of. The case looks very much like murder to me, but who could have committed the deed I have not the slightest idea."

Slight blue marks were discovered upon the girl's throat.

Nurses and other attaches at Lakeside hospital were shocked upon learning the fate of Miss Rayl. She had been in that institution a short time only, but while there the other girls had learned to like her, though she made friends slowly.

Miss Ellis, the principal of the nurses' training school, liked her work and thought that in time she would make a good nurse. Last Thursday, however, Miss Rayl told Miss Ellis that she thought she was not making sufficient progress in her work and had concluded to resign. Miss Ellis advised her to stay.

Miss Rayl left, but returned the next day (Friday) accompanied by a well dressed woman of middle age. Miss Rayl and the woman told Miss Ellis that Miss Rayl had decided to re-enter the class. Miss Ellis replied that she would give the matter consideration. The woman urged Miss Rayl to take up her work again.

"If I could only get my place again," Miss Rayl said to her companion, "I should be glad to come back."

At 10:30 a. m. Monday Miss Rayl called for Miss Ellis' answer and she was informed that her place had been filled. She seemed disappointed, but went to her room for her personal effects and left.

She was next seen at the Charity hospital, where she applied for a place and seemed greatly disappointed when told that none was vacant.

Chief of Police Koehler stated last evening that he believed Miss Rayl had committed suicide. He said that facts he had learned showed that she was despondent. The presence of the buggy tracks and the bloodstained handkerchief, he said, proved nothing, as they were too far from the scene of the tragedy.

The coroner and another physician who performed the autopsy do not believe the murder theory. The idea that she was disappointed in a love affair and committed suicide on that account is not entertained by Dr. Rayl, her brother, who says she had no recent love affair.

THE DEAD GIRL'S BODY REACHES WELLSVILLE

Funeral Held This Afternoon and Largely Attended — Brother Holds to Murder Theory.

The remains of Miss Olive Rayl, who was killed in Cleveland early yesterday morning, and who, it is believed either was murdered or committed suicide, were brought to Wellsville to the Rayl home on Front street at 5 o'clock this morning, being accompanied by Dr. Will L. Rayl, of Cleveland, a brother of the deceased.

The remains, when seen this morning, did not show any marks of violence, excepting two little marks across the bridge of the nose, which were scarcely visible. The body was dressed in a beautiful white silk gown.

Funeral services were held at the home at 1 o'clock this afternoon and were attended by an enormous crowd of people. Rev. L. F. Laverty, the pastor of the First Presbyterian church here, of which the deceased was a member, was the officiating clergyman. The pall bearers were George and Wilkie Peppard, Ross Starrett, John Perkins and Roy and Earl Smith, all near relatives of the deceased. The interment was made in the family lot at Spring Hill cemetery.

The members of the Rayl family are at a loss to account for the death of Miss Rayl. Dr. Will Rayl still holds on to the theory that she was murdered, while other members of the family seem to think that it was a case of suicide, although they are unable to express a reason for such an act. It is known that Miss Rayl at one time received the attentions of a young electrician named John Pettit, although it is believed that Miss Rayl and Mr. Pettit only entertained a warm friendship towards one another. Mr. Pettit left Wellsville a year or so ago and it is believed that no correspondence has passed between the two since that time, so there can be no cause for suicide from this source. The mystery is being thoroughly investigated by Cleveland detectives.

WEEMS CHOSEN AFTER A FIGHT

Won Sixteenth District Nomination on the Eleventh Ballot.

THE VICTORY IS RUTAN'S

Outcome of a Puzzling And Strenuous Contest — Gen. Hollingsworth's Friends Were Very Sanguine of Success Until the Last Moment.

Steubenville, September 23.—Cabell L. Weems, of St. Clairsville, Belmont county, is the Republican candidate for congress in the Sixteenth district of Ohio. The choice was made on the eleventh ballot last night, after a contest close and exciting. The final vote stood:

Weems	89
Hollingsworth	27
Dunbar	42

Blythe, of Carroll, withdrew after the tenth ballot, and Carroll's vote, with one or two other factors, brought about Weems' victory.

The nominee had nine more than the 80 votes necessary to a choice. Of these 51 were cast by his home county, Belmont; 22 by Carroll, and 16 by Monroe. Gen. Hollingsworth received the 23 votes from his own county of Harrison and the four which he won out in Belmont. The solid Jefferson county vote was cast for its home candidate, Jared Dunbar, of Steubenville. On motion of delegates from all the other counties, Mr. Weems' nomination was made unanimous.

This was the outcome of a very puzzling contest, and, while there is the natural disappointment incident to defeat among the other candidates and their friends, there seems to be no soreness such as will endanger success at the polls this fall. There were several surprises connected with the convention, and practically all of them were to the disadvantage of the candidacy of Gen. Hollingsworth. Monday night his friends were most sanguine of success. They predicted with the utmost confidence that the Rouse delegation from Monroe would be seated by the convention yesterday, thus adding 16 votes to their candidate's strength, and that he would gain right along until victory perched on his banners. They counted, too, on help from Carroll county.

In both cases their hopes were blasted. Both Monroe delegations were seated, although with but half a vote for each delegate, thus neutralizing to a great extent, their potency as voting factors, and Carroll county went over to the enemy. Possibly the sorest spot that remains after the convention is to be found among the Harrison delegation, and Carroll county is the cause of it. Especially are the Hollingsworth people sore at "Deacon" D. O. Rutan, who managed I. H. Blythe's fight and is generally and justly credited with having worked out the plan by which the nomination of Mr. Weems was accomplished.

The nominee, C. L. Weems, was born in Noble county, O., about 40 years ago and served two terms as prosecuting attorney for Belmont county. He has a native humor, force and ability that cause his admirers to say he suggests Abraham Lincoln. The district is overwhelmingly Republican.

Distress After Eating Cured.

Judge W. T. Holland, of Greensburg, La., who is well and favorably known, says: "Two years ago I suffered greatly from indigestion. After eating, great distress would invariably result, lasting for an hour or so, and my nights were restless. I concluded to try Kodol Dyspepsia Cure and it cured me entirely. Now my sleep is refreshing and digestion perfect." Sold by Alvin H. Bulger.

A PASTOR'S WIFE CURED OF PELVIC CATARRH

She Suffered for Years and Felt Her Case Was Hopeless—Cured by Peruna.

Mrs. Anna B. Fleharty.

MRS. ANNA B. FLEHARTY, recent Superintendent of the W. C. T. U. headquarters, at Galesburg, Ill., was for ten years one of the leading women there. Her husband, when living, was first President of the Nebraska Wesleyan University, at Lincoln, Neb.

In a letter written from 401 Sixty-seventh street, W., Chicago, Ill., Mrs. Fleharty says the following in regard to Peruna:

"Having lived a very active life as wife and working partner of a busy minister, my health failed me a few years ago. I lost my husband about the same time, and gradually I seemed to lose health and spirit. My daughter is a confirmed invalid, and we both felt great need of an invigorator.

"One of my neighbors advised me to try Peruna. A bottle was immediately secured and a great change took place in my daughter's as well as in my own health. Our appetites improved very greatly, the digestion seemed much helped, and restful sleep soon improved us, so that we seemed like new women.

"I would not be without Peruna for ten times its cost."—Mrs. Anna B. Fleharty.

What used to be called female diseases by the medical profession is now called pelvic catarrh. It has been found by experience that catarrhal diseases of the pelvic organs are the cause of most cases of female disease.

Dr. Hartman was among the first of America's great physicians to make this discovery. For forty years he has been treating diseases peculiar to women, and long ago he reached the conclusion that a woman entirely free from catarrhal affection of these organs would not be subject to female disease. He therefore began using Peruna for these cases and found it so admirably adapted to their permanent cure that Peruna has now become the most famous remedy for female diseases ever known. Every where the women are using it and praising it. Peruna is not a palliative simply; it cures by removing the cause of female disease.

Dr. Hartman has probably cured more women of female ailments than any other living physician. He makes these cures simply by using and recommending Peruna.

Mrs. E. L. Brown, 329 Elliott street, Memphis, Tenn., writes:

"I suffered for several years with headache brought on by nervous prostration. I was also afflicted with insomnia. I would get up in the morning more weary than when I retired and I used to dread the approach of night. Peruna came into my home as a welcome guest, and within three short months I was like another woman. I have now enjoyed perfect health for over a year, and those who have suffered as I did will know how happy I am."—Mrs. E. L. Brown.

Mrs. Esther M. Milner, De Graff, Ohio, writes:

"I was a terrible sufferer from female weakness and had the headache continuously. I was not able to do my housework for myself and husband. I wrote you and described my condition as near as possible. You recommended Peruna. I took four bottles and was completely cured. I think Peruna a wonderful medicine."—Mrs. Esther M. Milner.

Congressman Thad. M. Mahon, of Chambersburg, Pa., writes:

"I take pleasure in commending your Peruna as a substantial tonic and a good catarrh remedy."—T. M. Mahon.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

The limit set by the Hay-Herran canal treaty for its ratification by both countries has expired. Colombia failed to ratify it, hence the whole matter remains as it was before the negotiations of that convention. The United States may take the matter up again with Colombia, or resort to the alternative course which is open under the canal act—begin negotiations with Costa Rica and Nicaragua for the necessary concessions to enable the canal to be built across the Isthmus of Nicaragua. It is probable that the matter will be taken up later with Colombia, and another effort made to negotiate a treaty which will be satisfactory to both sides. While Colombia had the undoubted right to reject the treaty, she was short-sighted in doing so.

Those Democratic newspapers which are bewailing the dragging of any "trivialities" into the campaign must refer to Tom Johnson's sole stock in trade. It is impossible to omit "trivialities" when dealing with Tom Johnson, for of all the cheap demagogues ever before the public eye in Ohio the Cleveland mayor is undoubtedly the chief.

The Central Ohio M. E. conference at Akron struck out a clause in a committee report that strongly condemned dancing. The ministers say the attitude of the church on that form of pleasure is too well known to require re-statement.

It is unfortunate that there should be further delay in railroad improvements. It was supposed that council and the railroad officials had come to an agreement. They should now make haste to do so.

"There is little doubt that Johnson and Clarke are sons of destiny, but what is their destiny?" asks the Toledo Blade. The answer is easy. They are destined to inglorious defeat.

"Weneeda" is a new kind of brew put on the market in Ohio. It is badly named. There are enough kinds of brew now so that the oldest toper can have all his needs supplied.

If the fog were not so thick in the early morning, the most confirmed weather-grumbler could have no fault to find with these September days.

Hancock county people are going to have an oil field or know the reason why. The way they are perforating the Panhandle is a caution.

Weems, of Belmont, will have less difficulty in receiving the election to congress than he had in securing the nomination.

Cuban trade is going away from the United States. Reciprocity would bring it back.

OBITUARY

Mrs. Ruth Reeder.

Lisbon, September 23.—(Special.)—Mrs. Ruth Reeder died at 9 o'clock this morning after a two weeks' illness with the grip at the home of her son, County Commissioner Eden Reeder. The immediate cause of death was heart failure. She was born in Chester county, Pa., June 8, 1819, and at an early age came to this county with her family, who settled near Bayard. The rest of her life was spent in this county. Mrs. Reeder's maiden name was Brogan, and it will be 60 years in November since she married Jesse Reeder, who died 25 years ago. Two sons, Eden, of Lisbon, and Webster Reeder, of Marlboro, survive her.

J. Edward Long.

Word was received here by relatives of the death of James Edgar Long, of Ellwood City, Pa., which occurred at his home in that city Tuesday morning. Death resulted after a short illness from typhoid fever. Mr. Long was a son of B .J. Long, of this city, and a brother-in-law of J. M. Arbuthnot, of 317 Bradshaw avenue. Mr. and Mrs. Arbuthnot left on the morning train to attend the funeral.

The Genuine vs. the Counterfeits.

The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter, of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve.

Ex-Police Captain Still in Jail.

Minneapolis, Sept. 23.—Charles R. Hill, ex-police captain of Minneapolis, pleaded not guilty and trial was set for Oct. 1. He is still in jail, having failed to secure the $7,500 bonds fixed by court. He has been able to get bonds amounting to $5,000, however, and his attorney will make a fight for his release on bonds of that amount.

Old-Time Chicago Mayor Dead.

Chicago, Sept. 23.—Alson Smith Sherman, who was chosen mayor of Chicago in the eighth year of its corporate existence, is dead at his home in Waukegan at the age of 92 years. Mr. Sherman came to Chicago from Barre, Vt., his birthplace, in 1835 and at once took an active part in public affairs.

Always Reliable

We are not trying to establish a reputation for "lowest cut rates." We are not trying to make the biggest show. We do not claim the earth. Our ambition now is just what it was years ago—to deserve the reputation of always being reliable. We won that reputation honestly and it cannot be taken away from us. In drugs reliability is the most important consideration.

STOOP-SHOULDER MONTHS

One doesn't have to worry much about children getting round shouldered as long as they are out doors all the while. It is when they are inside, exercising less and bending over desks that the injury is done. For this reason this is an especially timely season to put shoulder braces on the child that shows signs of stooping. It is folly to wait until the habit is fixed. We have the kind you should use, the ones universally conceded to be the best.

COUNCIL AND THE C. & P.

Continued from First Page.

worth of bonds are sold. Auditor Davidson then reported that at least five funds of the city have become bankrupt and warned council that something must be done immediately or the persons employed under the departments paid by the funds must discontinue service in the city. The matter was taken up at length and the auditor was finally instructed to notify the C. R. Williams Co., of Pittsburg, that the money for the bonds must be in the hands of the city's treasurer within three days or the sale will be declared off. The auditor was instructed also to negotiate with Attorney George Gaston in the meantime and if the Pittsburg concern does not take the bonds to close a deal with Gaston if possible.

A communication was received from the board of public service, asking council to take final action on the protest offered against the extension of the window in front of the store of the Sleepless Snoe company. Council was very indignant over the request of the service board and shifted the responsibility back to the board by ordering it to enforce strictly the ordinance pertaining to blocking sidewalks.

Solicitor Davidson read the contract compiled by himself and two members of council relative to the collection and disposal of garbage. There were several points that council was not disposed to accept, and the solicitor was ordered to revise the contract accordingly. It will be taken up again at the next meeting and it is likely that it will be finally disposed of.

Attorney W. K. Gaston in a communication notified council that John J. McFadden is going to file suit against the city asking $1,000 damages as a result of an overflow of water near his house on Broadway, which, he alleged, was due to the placing of a fire plug in the gutter. The communication was referred to the solicitor, as was also the Fifth street paving proposition for which Harrison Rinehart has notified he will sue the city.

Council decided that a number of matters of importance must be taken up before the next regular meeting and the body adjourned to meet at the call of the president, which will likely be on next Tuesday evening.

AT THE THEATER

Among the important theatrical offerings of the season just opened which we are to see here in the near future is that of Mary Emerson in "His Majesty and the Maid." That this performance will be in every way a notable one is assured by the fact that Miss Emerson has been associated only with the best of attractions, among these being Louis James and Richard Mansfield. Samuel Lewis, who directs the tour, was for two years with Miss Mildred Holland.

"Turned Up," in which Nat Goodwin achieved one of his many successes, was put on last night at the Grand by the Robison Stock company. It was well staged and well acted and made a decided hit with the audience. Miss Neville won golden opinions, and her support was excellent. "Resurrection" tonight.

Tolston's "Resurrection," which is a recent success, will be presented tonight by the Robison Stock company and in the best style. Tomorrow evening Rose Coghlan's famous "Forget Me Not" will be the attraction.

THE LIQUOR MEN HAVE ADJOURNED

Officers Elected and Sandusky Chosen For Next Annual Meeting.

A BANQUET THIS EVENING

Will Conclude the Two Days of Business And Pleasure—The Visitors Greatly Pleased With Their Treatment in This City.

The twelfth annual convention of the Ohio State Liquor league closed this afternoon at 12:40 o'clock. By all of the 160 or more delegates present the convention was considered the most important ever held by the organization. When adjournment was taken it was to meet at Sandusky on the first Tuesday in September, 1904.

During today's session which commenced at 9:30, business of great importance was taken up, a report of which it was not deemed advisable to make public. At the conclusion of that part of the program officers and trustees were elected for the ensuing year. John Koerber, of Akron, was re-elected president; Fred Felt, of Toledo, was elected treasurer to succeed Jacob A. Horn, of Canal Dover; William Seckler, of Cleveland, financial secretary, and Henry Blacke, of Piqua, re-elected recording secretary.

The following were elected trustees: P. J. McCaffery, of Columbus; Miller Murdock, Prospect; August L. Moltz, Sandusky; E. T. Greiner, Columbus Grove; Christ Scholtz, Massillon; Frank Webber, Findlay. McCaffery declined the honor extended him, but the members would not accept the protest.

It was generally thought that Akron would be chosen as the next meeting place, but for some unknown reason the delegates slated Sandusky for the honor early in the convention.

Timothy McDonough, of Cleveland; John Weiss, of Canton, and Charles Misser, of Cleveland, were chosen delegates to the national convention to be held in Pittsburg, after which Mr. McDonough arose and made a motion that the press of East Liverpool be extended a rising vote of thanks for the fair and liberal manner in which the league had been treated while in the city. The vote was unanimous, and aside from this manner of expressing their gratitude and thankfulness the members applauded loudly when the names of the several papers were mentioned. The league said it was the first time in the history of the organization that it was treated fairly by all the papers of the city in which it met.

A meeting of the executive board was held this afternoon when plans for the coming year were mapped out. The members of the board were sworn by a notary public at 4:30 at the Hotel Walsh.

Though a few of the delegates left the city this afternoon for their homes the great majority of them remained for the elaborate banquet which will be given in honor of the convention at Turner hall this evening.

HELD FOR COURT CHARGED WITH THEFT

Colored Couple Accused of Stealing $140 from Another Colored Citizen.

Mr. and Mrs. William Hoskins, colored, were brought before Mayor Fogo last evening in answer to the charge of having stolen $140 from Jack Lewis, also colored, last Monday evening on First street. Mr. and Mrs. Hoskins were arrested Monday, but pleaded not guilty at that time and were lodged in jail.

Attorney W. F. Lones appeared in behalf of Mrs. Hoskins in the case last evening. Several witnesses were examined and all testimony pointed to the guilt of Hoskins alone. The mayor's decision in the case was the acquittal of Mrs. Hoskins and the binding over of Mr. Hoskins to court in the sum of $200. He will be taken to Lisbon some time today.

HURTS WERE FATAL

David Jordan, Injured Railroader, Died at the Alliance Hospital Monday.

Word was received here yesterday afternoon to the effect that David Jordan, who was run down by a switch engine in the yards and who had both of his legs taken off, died at the Alliance hospital, where he was taken by Dr. Noble, of this city, Monday evening, at 8 o'clock.

The remains were taken by the wife to a little town near Coshocton, the former home, where funeral services were held.

WATER WORKS TRUSTEES

Held a Meeting, Paid Bills And Looked After New Pump House Work.

The board of water works trustees held a meeting last evening in the office of the board of public service. The bills for the freight and unloading of the big crane which is being used for the construction work on the new water works pumping station were received and ordered paid.

Report No. 1 was received from the Dean Steam Pump company, of Holyoke, Mass., on the big pumps which are being made for the new pumping station. As this report had passed through the hands of Hunt & Co. at Pittsburg, the contracting engineers, it was satisfactory to the local board and was ordered placed on file.

A motion was made and passed that the contractors in charge of the work on the foundation of the new pumping station be requested to proceed at once with the foundation for the big stacks which are to be erected as the board desires to have Mr. Fawcett, who has the contract for this work, to construct the new stacks before cold weather sets in.

UNBOUNDED FAITH IN MI-O- NA

Will Reed Will Refund Money If It Fails to Increase Flesh and Cure Dyspepsia.

"I have been in the drug business long enough to know that there are very few remedies that can be sold on a guarantee to refund the money if they do not give satisfaction.

"I have sold so much Mi-o-na and seen such remarkable results following its use that I welcome the chance to convince any doubter of its merit, by offering to give with each package of Mi-o-na a written guarantee to refund the money if it does not give an increase in weight, regulate the digestion and restore health.

"If you cannot call at my store, send me the price of Mi-o-na, 50c, by mail and I will forward you a regular size box, postage paid, with the same agreement to refund the money if it does not give satisfaction."

Anyone who has been losing flesh, or who has always been too thin, should use Mi-o-na. Thinness and scrawniness are signs that the food is not properly assimilated and that you do not get the nourishment from it that you should.

Mi-o-na mingles with the food you eat, aids its assimilation, tones up and strengthens the digestive organs and puts the whole system in a proper physical condition.

Remember that you risk nothing in buying Mi-o-na. If it fails to give you the desired effect, the cost is trifling. If it fails, Will Reed will pay for the remedy himself.

LOOKING FOR RUNAWAY BOYS

MARTIN'S FERRY MAN HERE SEEKING THEM.

Says His Son Took $50 And Decamped With Another Lad.

John Hessler arrived in the city this morning from Martin's Ferry and went at once to the mayor's office, where he related a rather unusual story. The old man states that his son, Otto Hessler, and a companion named James Walker, aged 15 and 17 respectively, had run away from their homes in that town, taking with them a considerable sum of money.

The boys were employed in the rolling mill at Martin's Ferry, and after what money was coming to him young Hessler appropriated $50 belonging to his father. They had been traced to this city and the parent was of the opinion they had secured employment at the tin mill.

It was learned that the lads had arrived in Wellsville by the "growler" Saturday night, and later made their way here. Officer Morris was detailed on the case and his first move was to visit the Chester plant of the American Tin Plate company. There he learned that the boys had made application for work early Monday morning, but for some reason they could not be put to work on account of the absence of application blanks. It is presumed they became alarmed at the possibility of being apprehended and left town. Instructions were left at the office of the tin mill that should the boys put in an appearance the authorities in this city were to be notified at once. It was thought perhaps the runaway boys had gone to Canal Dover or Akron and Mr. Hessler left for the latter town today.

CLIMAX NEAR IN THE DISPUTE

Continued from First Page.

drew up an agreement covering all of the points and it is now in the hands of the manufacturers. The aim of the engineers was to equalize working conditions in this district, and a minimum wage was placed at $2.50 per day. The rate was deemed but fair, since it has been contended the engineers have been the poorest paid craft in the city. The revised scale prepared by Mr. Erdhaus is as follows:

Agreement entered into this..... day of ..... 190.., by and between the undersigned, The Western Pottery Association of East Liverpool, Ohio, and vicinity, parties of the first part and the International Union of Steam Engineers, No. 169, East Liverpool, Ohio, parties of the second part.

1. The undersigned, the aforesaid Pottery Association of East Liverpool, Ohio, parties of the first part, agree to employ none but members of the International Union of Steam Engineers No. 169, of East Liverpool, Ohio, or in case said union cannot supply engineers competent in the opinion of the employer, such engineers who are competent and shall become members of said Steam Engineers No. 169.

2. The chief engineer shall in all cases have full charge of the engine and boiler rooms.

3. The minimum wages shall be two and 50-100 dollars ($2.50) for day engineers and two dollars ($2.00) for night engineers. The present hours and working conditions to remain the same but not to conflict with Section No. 1.

4. Where present wages are higher than the minimum they shall not be reduced.

5. The International Union of Steam Engineers No. 169, of East Liverpool, Ohio, party of the second part, pledges itself to promote the mutual interests of the parties to this agreement and to continue the present amiable relations between employer and employe, to observe engine room regulations, discipline such of its members as may be guilty of conduct unbecoming an engineer, to advertise the standing of said firms through the usual channels as union concerns and to use the organization's good offices in behalf of the party of the first part in every honorable manner.

6. Should the parties of the first part and the parties of the second part fail to come to an agreement at the expiration of this contract, this contract shall extend sixty (60) days beyond the date of its expiration.

7. This agreement shall go into effect.....day of.....190.. and shall expire.....day of.....190...

Any other contract now existing between the parties hereto, is hereby, by mutual consent, rescinded.

Signed for the Western Pottery Association of East Liverpool, Ohio.

Signed for the International Union of Steam Engineers No. 169.

Mr. Erdhaus, who is one of the best posted and most conservative of the higher officials, and who owes his present position to that fact, said this morning that he, with Organizer Charles Kontnier, has exhausted every means in their power to bring about a settlement, and that it is now up to the local organization and the headquarters officers. A report has been sent to the international headquarters by wire and a reply is expected at any moment. The men are anxious to bring the matter to a focus at once, and are unanimous in their determination to go out if their terms are not acceded to.

THE REBEKAH DEGREE HELD CELEBRATION

Fifty-First Anniversary Observed In An Impressive and Enjoyable Manner.

The observance of the fifty-first anniversary of the establishment of the Degree of Rebekah, I. O. O. F., by Ceramic City lodge No. 28, was one of the pleasant lodge functions of the year. Nearly 70 members of the order assembled at the Odd Fellows' hall and the evening was greatly enjoyed in a social way. Tempting refreshments were served.

The Degree of Rebekah in this city has shown a steady growth since its inception and is now popular and prosperous. Arrangements for the anniversary celebration were left with the officers and while the time was short, the entertainment provided was most acceptable. The following ladies, as officers, served on the committee: Mrs. W. E. Warren, noble grand, chairman; Mrs. A. G. Hofman, vice noble grand; Mrs. Harshey, chaplain; Mrs. Gus Trenle, financial secretary; Mary Lloyd, treasurer; Mrs. Sheridan McGavern, recording secretary; Mrs. Sarah Campbell, warden; Miss Kitty Burton, conductor; Mrs. John Anderson, right supporter to the noble grand; Mrs. Tom Pickal, left supporter to the noble grand; Thomas Pickal, right supporter to the vice noble grand; Mrs. Maggie Kinsey, left supporter to vice noble grand.

Arrangements were made at the meeting to attend the big Odd Fellows' picnic to be held at Rock Springs park tomorrow and one candidate was obligated.

BIG DAY TOMORROW FOR THE ODD FELLOWS

Trainloads of Visitors Coming—A Big Parade And Picnic.

Odd Fellows from all over this section of the state, several thousand strong, are coming to East Liverpool and Rock Springs park tomorrow to attend the big picnic planned by the local brances of the order. The indications are that the attendance will be unusually large. Word has been received that four special trains will be run, and it is probable that other trains will be added.

One of the trains will start from Dennison and Uhrichsville, bearing the members of the Twin City lodges and their friends. The canton will come in full uniform and will participate in the parade here in the afternoon. The parade will be formed by the canton named above, Canton Rhodes, of this city, and others, if they are heard from in time. Haines' band will head the parade and later will make music at the park.

A program of sports, consisting of foot ball, base ball and other athletic games has been arranged and the day will be spent in the good old fashioned way. The regular park attractions will be running and the young people will have the usual opportunity to dance. One feature of the program that will be of particular interest is the base ball game to be played by the married and single men of the local lodge. Several faces will be seen upon the diamond for the first time in years.

The Odd Fellows have extended a very cordial invitation to the families and friends of all members to attend, and this includes almost the entire population.

REALM OF SPORTS

HOMESTEAD TOOK MILLER'S MEASURE

Central League Southpaw Touched Up For 12 Hits and Gave Seven Free Passes.

BIGGEST CROWD IN HISTORY

Saw Reark's Pets Trimmed By Risher's Homestead Bunch, 10 to 6. Godwin And Rising in the Game And Did Well.

Homestead took the measure of young Mr. Miller, the off-side slabbist who recently graduated from the Central league and came back to town to help the preachers in the closing games of the season. There were more sad hearts about 6 o'clock last evening than there has been since the old bell cow fell over the bluff, all because young Mr. Miller, the idol of the fans, had been given his bumps. As the sad-hearted, at least 1,000 strong, trudged homeward there could be heard explanations for the defeat. For every fan there was a different reason, but to the scorers in the roost above the grand stand it looked as though it might be accounted for by the unwarranted liberties Risher's bunch took with young Mr. Miller's shoots and slants and his liberality in sending men down to first. He had no mercy on the anatomy of his opponents and soaked four of them.

Nine hundred and ninety-nine of the spectators are willing to swear that the team Manager Reark sent to the field yesterday afternoon is the strongest that has represented this city in years. At that Homestead is not at a disadvantage. That trio of outer gardeners, Rising, Godwin and Wallace, could not be bettered this side of California for both fielding and hitting. A look at the score will show to what extent they were in the game. The infield, too, was strong, though there was very little doing at either of the three corners. There were 10 put outs for the outfield, a slight indication of the way the visitors were rapping the ball. The game was peculiar in several ways. For instance, only three assists are credited to the infield, Houser getting two and Miller one. Heckathorn's first put out came in the fifth when Coursey sent a grounder to Houser and was thrown out. Only five in the entire game perished at the hands of Big Heck.

There is no disgrace attached to yesterday's defeat. The preachers fought gamely until the last when things were breaking badly for them from the start off. Every grasser, no matter how speedy, from the preachers' bats took just the right bound for the visiting fielders. Some of them, with a fair share of the luck, would have been hits. On the other hand the visitors seemed to keep them out of reach of local fielders. It was tough luck.

Thayer Torreyson, who commenced his base ball career along about the same time as "Jamey" Westlake and Chick Reark, was on first for the visitors and lifted the low spirits of the spectators with his stunt on the coaching lines. "You're an all right kid," he said to Miller, "and in a couple of years you will be able to get away with it."

While Miller has improved in the finer points of the game by his short stay in Central league company, he did not show to near so good an advantage as in some of his earlier games here. It was clearly an off day for him. When he used his steam they would not come over the pan and when he eased up a Homestead swatter would land for keeps. Had he been as steady as his opponent and as niggardly with free passes there would have been a different story to tell.

The preachers did things to Risher's Eastern league twirler. They opened up on him in the first for a couple of clean three-sackers and a single, but he steadied down and was invincible until the eighth. He is built on the same plan as "Slab" Burns and uses about the same tactics as that luminary of the diamond and gridiron.

Manager Reark sent the visitors to the bat and Captain Edmondson, first up, could do nothing better than disturb the atmosphere. McChesney gave Godwin his first chance and McCloskey gave Rising the opportunity of making one of the prettiest plays of the game. His line drive went to the left field fence, but Rising had judged it perfectly and was there when it dropped.

Godwin was nipped on his grounder to Edmondson and Houser followed with a corking triple to left center. Wallace duplicated the feat with a triple to right, Houser scoring. Cosgrove fumbled Rising's grounder, Wallace scoring. Brown sent Rising to third with a single, but was thrown out trying to steal. Heck's grounder to McCloskey left Rising on third.

Miller gave his first pass in the second and it blossomed into a run. After Torreyson had failed Coursey drew the free ticket and moved up when Tate got a jolt in the short ribs. Coursey counted on Cosgrove's single. Westlake singled, but was forced by Miller. A passed ball helped Miller to second, but he was left.

Homestead took the lead in the third. Brown singled to center and Edmonston was hit by a pitched ball. McChesney hit safely, scoring Brown. McCloskey sent a hard foul to right that Wallace caught after a hard run, Edmondson scoring. McChesney scored while Miller was retiring Torreyson at first. They added three more in the fourth. Tate hit safely to right and Cosgrove sent a safety to the opposite field. Ferguson's walk filled the corners. Brown's grounder to Houser forced Tate at the plate. Edmondson placed a pretty single to right, scoring Cosgrove and Ferguson. Edmondson was caught, Wallace to Webb, trying to make second on the hit. McChesney sent a fly to deep center, good for two sacks, Brown counting.

McCloskey made the circuit in the seventh on his single to center and Torreyson's two-bagger to right.

There was a ray of hope for the preachers in the eighth when Brown was touched up rather lively. Cosgrove fell down on Godwin's easy one and Houser planted a safe one past short. Wallace helped out with a bingle to left, scoring Godwin and then Percy Rising distinguished himself with one of the prettiest swats ever seen on the local grounds. He sent the leather on a line and it was "still on the rise" as it passed Tate in deep left. Rising stopped at third, Houser and Wallace counting. Brown failed, but Big Heck placed on in right that Ferguson couldn't field, Rising counting. That was the end of the run getting for the locals. Houser gave Homestead a pair by a rank error in the ninth, the only miscue for the preachers in the game. McCloskey was hit and after Torreyson and Coursey had been disposed of by Rising, Tate singled. Coursey, who had three bingles out of four tries, was sent down on balls. Ferguson sent Houser an easy one, but he missed it and McCloskey and Tate counted.

Godwin singed in the ninth and kept on running when Coursey's throw to catch him stealing went on to center. It was a pretty piece of base running, but McChesney nipped him at the plate by a splendid throw.

ANOTHER FIZZLE IN ARRANGING THE GAME

Numbers of West End Rovers Refuse to Play at Columbian Park And Game Is Off.

Once more the West End Rovers and the Oakland Athletics have made a fizzle of an attempt to arrange a game, this time after it seemed that everything was settled. For the past two seasons these teams have been bitter rivals and charges of cowardice have been made by their partisans. Claims have been advanced, but until the teams meet upon the gridiron the question of superiority will not be settled to the satisfaction of the public.

When the News Review decided to treat its friends to a foot ball game at its first annual outing at Rock Springs park, a tempting offer was made to these teams to play the game. The Rovers were willing, but the Oaklands claimed that they could not get ready in time. Players of both elevens stated they were hungering for the fray, so Manager Ashbaugh, of the Rovers, and Manager Weaver, of the Oaklands, met a few days ago and agreed to play a game next Monday, September 28, at Columbian park. Apparently everything was settled and the advertising for the event was ordered. But then came an objection on the part of several members of the Rovers to playing on the Columbian park gridiron and the game has fallen through again.

The matter of where the game is to be played and other minor details could be easily arranged if the teams are really anxious to meet and if the players will abide by the decision of their managers. This latest fizzle is causing many of the friends of the two teams to think there is a little nerve lacking. The announcement that a game has been arranged will alter this.

Since cancelling the game, the Rovers have opened negotiations with the Sebring team to play at the West End park next Monday. Sebring was beaten here last year by the Rovers and were beaten by Salem 10 to 0 in the opening game this year.

Will Accept the Challenge.

The Brewery Athletic club will accept the challenge of the Chester Athletic club for a game of foot ball. Manager Burgess, of the first-named team, so informed the sporting editor of the News Review last night and would like to meet the Chester manager to arrange the date and other details. He will be at the News Review office at 8 o'clock Thursday night for this purpose.

Hill Top Tigers Reorganized.

The Hill Top Tigers have organized their foot ball team for the season and would like to arrange a game with any 90-pound team in this section. The youngsters know a few things about the game and have been practicing hard. Their manager is Matthew Barlow, 132 Sheridan avenue.

New Kind of Life Insurance.

For twenty five cents you can insure yourself and family against any serious results from an attack of bowel complaint during the summer months. That is the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that can always be depended upon even in the most severe and dangerous cases. It is equally valuable for children and adults. When reduced with water and sweetened it is pleasant to take. This remedy has relieved more pain and suffering and saved the lives of more people than any other medicine in the world. It is almost sure to be needed before the summer is over. Buy it now. For sale by Alvin H. Bulger.

Independent Packers Discuss Plans.

Kansas City, Sept. 23.—A meeting of the promoters of the Independent Packing company, which was incorporated recently to fight the alleged packers' combine, was held here. The general plans for the organization and financing of the company were discussed and a board of directors was elected which will control the affairs of the company. The company is capitalized at $5,000,000 and 100,000 shares of stock at $50 a share will be issued. The board of directors comprise cattlemen from almost every state in the west. Charles F. Martin, secretary of the National Live Stock association, said the first meeting of the board of directors probably would be held in Denver on the first of next month. At this meeting the officers of the company will be elected and the plans for financing the company prepared.

Escaped Convict Captured.

Gardner, Mass., Sept. 23.—Chief of Police Warren P. Allen captured Tom Stacy, who escaped from the Louisiana state penitentiary at Baton Rogue. The man admitted his identity. When searched at the station he had a revolver fully loaded in his belt. He said he would have used it on his captor if he got a chance. Stacy was sent to the penitentiary Jan. 27, 1901, on a 12-year sentence for bigamy and larceny. He escaped with two negroes on July 5 and has since been free.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Home of Swamp-Root.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghampton, N. Y., on every bottle.

PILES

"I have suffered with piles for thirty-six years. One year ago last April I began taking Cascarets for constipation. In the course of a week I noticed the piles began to disappear and at the end of six weeks they did not trouble me at all. Cascarets have done wonders for me. I am entirely cured and feel like a new man." George Kryder, Napoleon, O.

ADJUSTING DISPUTES

Executive Council of Federation Hear Troubles of Subordinate Unions.

PITTSBURG PLUMBERS PROTEST

Say Territory Is Infringed—Governor Hunt Confers About Labor Situation in Porto Rico—New York Wants Building Trades Dispute Adjusted.

Washington, Sept. 23.—No formal consideration was given the Miller case at the morning session of the executive council of the Federation of Labor, the meeting being devoted mainly to adjusting disputes between subordinate organizations. It is pointed out that while an official copy of the resolutions of the Central Labor union was forwarded by that body to the federation, the local bookbinders' union No. 4, which expelled Miller from its membership, has not reported the matter to the federation. It was asserted that this is a condition precedent to a formal consideration of the case by the executive council.

President Whitmore, of the stereotypers' and electrotypers' union of this city, made a statement to the effect that his opposition to the Central Labor union's resolutions sent to President Roosevelt in the Miller case was individual and not representing the union. Mr. Whitmore said that the stereotypers' union is not and will not be involved in the controversy.

Want Charter Revoked.

John Mulholland, of Toledo, O., president of the allied metal mechanic's organization, appeared before the executive council and submitted a petition for the revocation of the charter of the International Association of Mechanics on the ground that it infringed on the territory of the allied metal mechanics. The protest is an outgrowth of the action of the last machinists' convention in extending the constitution so as to embrace crafts that the metal mechanics claim fall within their jurisdiction. The machinists have a membership of 70,000 and the allied metal mechanics 16,000. The petition finally was withdrawn on an agreement to have representatives of the two organizations confer and adjust matters.

The local plumbers' union of Pittsburg also submitted a protest, alleging infringement on their territory by the allied metal mechanics. It was decided to adjust the dispute by conferring representation on the two organizations.

Labor Situation in Porto Rico.

In the afternoon Governor Hunt, of Porto Rico, had a conference with the executive council relative to the labor situation of Porto Rico, and also in regard to the proper enforcement of the eight-hour law for all mechanics artisans and laborers in the island. The conference took a wide range and lasted nearly an hour.

A delegation from the engineers' union of New York asked the good offices of the executive council for the purpose of bringing about an adjustment of the building trades dispute in New York city and to insist upon the rights to which the unions are entitled being accorded them by affiliated organizations. Without arriving at any conclusion upon the subject the council then took up the matter of the controversy between the brewery workers, engineers and firemen.

An organizer was appointed to visit Bangor, Pa., with power to call a convention of all local unions of slate quarrymen for the purpose of uniting the craft in a comprehensive practical organization. It is expected that the difficulties between the International Association of Allied Metal Mechanics and the International Association of Machinists will be settled by next week.

Religious Bodies Unite.

Delaware, O., Sept. 23.—The union of the Delaware and Marion presbyteries has been effected, thereby forming a religious body covering a large expanse of territory in Ohio.

WAR MAY BE AVERTED

MACEDONIA AFFAIRS DISCUSSED

Turkey Guarantees Protection to Refugees—Bulgarian Frontier Forces to Be Strengthened — Revolutionaries Still Hold Mountain Passes.

Sofia, Bulgaria, Sept. 23.—Within 48 hours the question of peace or war will probably be settled, according to authoritative opinions here. Premier Petroff had an interview with Ali Feruh Bey at which the whole situation in Macedonia was discussed. As a result of this conference a much better feeling prevails and confident hopes are expressed that a satisfactory adjustment will be reached. This view is strengthened by a report from Constantinople to the effect that the council of ministers after some days' discussion is within measurable distance of an agreement on the chief points at issue.

The premier complains to the Turkish diplomatic agent of the situation created by the arrival at Burgas of thousands of destitute refugees from the district of Losengrad. After a discussion an understanding was practically reached that Turkey should guarantee safe protection of the refugees and take steps to reinstate them in their homes.

The general effect of these conferences in Constantinople and Sofia has induced a much more hopeful feeling here, although in Balkan affairs it is always possible that the next day's happenings may change the entire situation.

The war ministry has taken steps to strengthen the Bulgarian frontier forces and it is reported that troops will occupy all the commanding positions, thus making it almost impossible for bands to cross the frontier. Some regiments of the Second and Third divisions have been ordered to the Adrianople frontier, where the Turks have massed strong bodies of troops.

Revolutionary bands are reported to be active in the district of Raslog, province of Seres, where they hold all the mountain passes. The Turkish population is fleeing toward Salonica.

Rogues' Gallery at World's Fair.

Washington, Sept. 23.—Major Sylvester, president of the International Association of Chiefs of Police, has taken initiatory steps to securing a successful police exhibit at the St. Louis exposition. He sent letters to chiefs of police everywhere, asking their aid in making the exhibit, which will be in the building dedicated to eduction and economics, successful in every particular. It is proposed first to show the evolution of the policeman, both in this country and in Europe, by a display of the headgear, uniforms and equipments worn at different periods in the years gone by. A gallery of pictures of prominent chiefs of police and an extensive "rogues' gallery" will be features. A presentation of causes of crime will be made, also both modern and ancient methods of detection and prevention. The modern methods of execution and humane treatment of prisoners will be contrasted with the old.

President Weighs 220 Pounds.

Washington, Sept. 23.—A letter from Oyster Bay says that the president now tips the scales at 220 pounds and that there is every indication of a still further increase in his weight. He has been trying to reduce his weight, but his flesh is as hard as a knot and refuses to yield to ordinary methods.

Ten Years for Sherwood.

New Haven, Conn., Sept. 23.—Oliver T. Sherwood, the defaulting cashier of the Southport national bank, was sentenced to 10 years in the penitentiary for embezzling $100,000. He fled to Panama but was apprehended and brought back.

CURIOSITY BAFFLED

Secret Service Men Find Suspicious Character Prowling Around Sagamore Hill.

PRESIDENT BUSY CUTTING WOOD

Desire to See Chief Magistrate and His Summer Home Frustrated by Officers—Man Claimed to be Swedish Gardener—Left for New York.

Oyster Bay, Sept. 23.—A suspicious charcater giving his name as Samuel Swenyon was held by the secret service officers at Sagamore Hill while making an effort to see the president. He was turned back to the village, shadowed, stopped in Oyster Bay and searched and later placed on a train for New York. He was unarmed and appeared to be a harmless crank, possibly a religious fanatic.

Swenyon, who is a slightly built man about 35 years of age, with a reddish brown beard and mustache, blue eyes and a strongly foreign cast of countenance, walked up the roadway leading to Sagamore Hill about 4:30 in the afternoon. He was shabbily attired, his clothes being badly torn in several places. He was stopped by a secret service officer. He told the officer that he was a Swede and had come from New York to see the president and Sagamore Hill, having read about the president's summer home in the newspapers. A short time before the president, accompanied by Mrs Roosevelt, had gone from the house to the woods nearby to chop wood, that being a favorite exercise of his.

The man was turned back by the officer, who told him the president was not at home. Swenyon, who said he was a gardener, looked curiously about the grounds and then started on his return to the village. He was followed by another officer in one of the president's road wagons. Swenyon asked a passing driver for a ride and rode into the village with him. He had scarcely arrived in Oyster Bay when he was taken from the wagon by two secret service officers and examined. Swenyon had nothing in his pockets except about $4 in money and a Swedish religious newspaper. On a piece of paper he wrote his name and address in a perfect legible hand. He said he lived at the Sayszerry hotel, New York City. After examining him thoroughly the officers were convinced that he was entirely harmless and that he was neither an anarchist nor a socialist.

He readily acceded to the suggestion of the officers that he leave the village. They accompanied him to the station and he bought his own ticket to New York, shaking hands with the officers before entering his car. At no time did he appear to be excited except when one of the officers at Sagamore Hill told him that if he returned he was liable to be shot. He left the hill in a hurry. He answered all questions in a frank and straightforward manner and bore every evidence of being an unsophisticated foreigner, touched slightly, perhaps, with religious fanaticism, who had been induced to come here merely by his curiosity.

CARRIED A REVOLVER.

Delegates to Iron Workers' Convention Appear in Police Court.

Kansas City, Sept. 23.—The contentions between the rival factions in the International Association of Bridge and Structural Iron Workers were given an airing in police court when James Kelley, of New York, was fined $15 for carrying a revolver.

Kelley, who is one of the active opponents of Samuel Parks, the walking delegate, and John Henderson, of St. Louis, were arrested while quarreling. Henderson struck Kelley and knocked him down.

"I carried the revolver because I had $187 in my pocket," explained Kelley. "For another reason, I was afraid of being slugged by the Parks gang."

Henderson was discharged.

Training Ship Aground.

New London, Conn., Sept. 23.—The United States training ship Alliance is aground at Race Rock. Although she is apparently hard and fast she is in no danger. The sea is smooth and unless there is a sudden change in weather conditions the ship will be safely floated. The tug Alert offered to assist the Alliance, but her captain declined the proffered services. A United States monitor is standing by the stranded vessel.

COUNTY AND NEIGHBORHOOD

Chris Williams, a miner of Portland, was sitting on the C. & P. track at Highland City when a train struck and killed him.

The Carroll county fair will be held on October 7, 8 and 9. Great preparations are being made to make it one of the best on record.

James Ramsey, cook on the steamer Vulcan, was found dead in his berth on that boat at Elizabeth, Pa. He had followed the Ohio and Monongahela rivers for many years.

Charles Moffit, of Church Hill, this county, took his 12-year-old son to Youngstown with him recently and in some manner they became separated and the boy cannot be found.

Dr. Peter S. Greenamyer died at his home in Orrville after an illness of some months. Dr. Greenamyer was born in Columbiana county on May 2, 1834, leaving here while a young man.

Mr. and Mrs. C. F. Lease, of Salem, who went to California on the G. A. R. excursion, are still in Pasadena, being detained by the illness of Mrs. Lease. She has been ill ever since they reached that city.

A bald eagle, weighing 32 pounds and measuring seven feet from tip to tip, was shot at Mineral Ridge by Keller Marshman. Richard Lloyd had been missing young pigs and the eagle was discovered attacking them.

NATIONAL OFFICERS ELECTED.

Patriotic Sons of America Select Atlantic City for Next Meeting.

Baltimore, Sept. 23.—The triennial convention of the national camp, Patriotic Sons of America, is in session with 114 delegates present. State President William I. Heaps, of Maryland, delivered an address of welcome. Vice President Edward A. Doane, of New York, responded in an address in which he dwelt at length on social conditions in this country and urged the adoption of laws against indiscriminate immigration.

The following national officers were elected to serve during the ensuing two years: President, J. Shindel Krause, of Pennsylvania; vice president, William H. Tilton, of New Jersey; secretary, F. E. Stees, of Pennsylvania; chaplain, Rev. D. E. Rupley, of Pennsylvania; master of forms, William E. Vallant, of Maryland; treasurer, E. P. Spiese, of Pennsylvania.

Atlantic City, N. J., was chosen as the next place of meeting, which will begin the fourth Tuesday in September, 1905. Chattanooga and Niagara Falls were also proposed and Atlantic City was not chosen until after a spirited debate.

Farmers' Congress in Session.

Niagara Falls, N. Y., Sept. 23.—The farmers' national convention opened its session here and among the speakers were Governor Odell, Timothy L. Woodruff and Secretary Cortelyou, of the department of labor and commerce. The addresses by the officers show the congress to be a growing power and influence in securing beneficial national legislation. The convention will devote a great portion of its time to the distribution side of farming.

Union Scores a Victory.

Cleveland, Sept. 23.—The conference between the operators and miners of the eastern Ohio coal district No. 6 over the employment of union men ended by the employers agreeing to hire none but union engineers, firemen, pumpmen and electricians. The conference was held at Senator Hanna's office.

SSS FOR THE BLOOD

The best known and most popular blood purifier and tonic on the market to-day is S. S. S.

There is hardly a man, woman or child in America who has not heard of **"S. S. S. for the blood."** It is a standard remedy, a specific for all blood troubles and unequalled as a general tonic and appetizer. S. S. S. is guaranteed purely vegetable, the herbs and roots of which it is composed are selected for their alterative and tonic properties, making it the ideal remedy for all blood and skin diseases, as it not only purifies, enriches and invigorates the blood, but at the same time tones up the tired nerves and gives strength and vigor to the entire system.

FROM CONGRESSMAN LIVINGSTON, OF GEORGIA.
I know of the successful use of S. S. S. in many cases. It is the best blood remedy on the market.

FROM EX-GOV. ALLEN D. CANDLER.
S. S. S. is unquestionably a good blood purifier, and the best tonic I ever used.

For Chronic Sores and Ulcers, Catarrh, Rheumatism, Blood Poison, Malaria, Anæmia, Scrofula, Eczema, Psoriasis, Salt Rheum, Tetter, Acne and such other diseases as are due to a polluted or impoverished condition of the blood, nothing acts so promptly and effectually as S. S. S. It counteracts and eradicates the germs and poisons; cleanses the system of all unhealthy accumulations and soon restores the patient to health. Write us and our physicians will give your case prompt attention without charge.

HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

New Physical Director—The board of directors of the Y. M. C. A. held a meeting last evening and selected E. P. State, of East Akron, to fill the position of physical director to succeed P. J. Stephens, resigned.

Only Two Arrests—Pat Clark and Walter Smith were the only two men to fall into the hands of the police last night. Clark was arrested by Officer Rose and the latter by Officer McDermott. Both were plain drunks and each was fined $2 and costs.

Boys Caused Explosion—Some small boys at play last night at the corner of East Fifth and Walnut streets caused a peculiar explosion which might have been attended by serious results. One of the number climbed to the top of a pole and held a lighted match to the end of a waste pipe from the gas main. An explosion resulted, sending the wooden cover of a man hole leading to the sewer to a great height. No damage was done.

Fine Ambulance—One of the finest ambulance wagons in this section has been received by Undertaken C. N. Miller. It is complete in every particular and is built upon modern lines. It is to be used in transporting sick and injured from one point to another.

THREE FAST GAMES ARE PROMISED

Warren Team Composed of Great Players and Locals Will Not Be Slow.

That the last three games of base ball to be witnessed in the city this week will be as interesting as the first two, no one will doubt after reading the lineups of both teams. Warren is the attraction and beyond a doubt the team is just as fast as Homestead or any other independent profressional team in the country. The majority of the Warren team are from the Jamestown, N. Y., aggregation. The lineups for tomorrow's game are as follows:

Y. M. C. A.—Westlake, c; Vasbinder, p; Heckathorn, 1b; Webb, 2b; Brown, 3b; Godwin, s; Gibson, lf; Rising, m; Wallace, rf.

Warren—Peiper, c; Whissner, p; Austin, s; Hawkins, 1b; Gouzzie, 2b; O'Malia, 3b; Paskert, lf; McDonald, m; Jackson, rf.

New style suits received this week. Entire new styles. Ask to see them. Joseph Bros.

MAMMOTH BUSINESS

And How an Enterprising Local Firm Is Preparing for It.

One of the best and most convincing proofs of the enterprise and push of the ever-popular Surprise Clothing House is found in the fact that work is now in progress which will result in a big change in the establishment.

An arrangement has been made whereby the proprietors of the Surprise will obtain the use of the entire ground floor of the Little block in the Diamond. A partition has been taken away which formerly separated the store room of the Surprise from a business room just west of the present quarters of the clothing store, and the latter will in that manner be so enlarged as to make it one of the most commodious in the city.

By the change the Surprise will be enabled to carry a mammoth stock all the year round, and it is now expected the improvements will be completed in time to accommodate the big new fall stock. No establishment in this section will be better able to cater to the wants of the people in the clothing line, and with the business enterprise which has made the firm famous in the past, the well known house will flourish as it has ever did before.

NARROW ESCAPE

Teamster and His Son Uninjured After a Hair-Raising Experience.

John Lutton, the well known teamster, had a narrow escape from death yesterday afternoon, and but for the prompt action of the engineer of the afternoon east bound train, his team would have been killed and the outfit he drove smashed to kindling wood.

Lutton with his four-year old son had been at the plant of the East Liverpool Brick Manufacturing company and after loading the wagon with 6,500 pounds of brick, started to drive across the tracks to the main highway. The team had reached the main track before Lutton saw the approaching train. The engineer took in the situation at the same moment, and without hesitating an instant pulled the throttle wide open. Lutton had barely time to pull the horses' heads to one side when the train whizzed by.

The call was so close that the pilot of the engine hit one of the horses on the side of the head, tearing away a piece of the bridle. Lutton was so nearly overcome that he was unable to climb down from his seat for several minutes.

SOCIAL EVENTS

Hallowe'en Dance.

One of the most popular social functions of the season will be the hallowe'en dance to be given by the members of the Hollenden club at Rock Springs park October 30. Preparations have been in progress for some time and the affair promises to surpass anything of its kind held there in a long time. The club has placed the arrangements in the hands of a committee, composed of the following well known society young men: Clyde Huss, George Rigby, Gaylord Albright, Vance Brunt, Edward Bunting. The details are being arranged on an elaborate scale. The club gave one of the most successful dances of the season earlier in the year, and the committee means to outdo its previous efforts if it is at all possible.

Girls' Missionary Society.

The Girls' Missionary society of the First Presbyterian church held its first meeting last evening at the home of Miss Anna Myers on Fifth street. The program was informal, but most interesting. When fully organized there will probably be 20 or more girls interested. The business last evening was to plan the winter's campaign. The girls may hold several socials, sales, or other entertainments. Mrs. Scott, formerly Miss Emily Southall, of this city, spoke on the "Negro in the South and Work Among That Race." Her remarks were fully appreciated.

Chautauqua Circle.

The Chautauqua Circle will not meet until the first Friday evening in October, when the members will be entertained at the home of Mrs. C. T. Hard on College street. Many interesting features will then occupy attention. One topic for discussion, which has never been fully decided by scientists, and leaves great room for argument, is "The Racial Proposition of the American People." The ladies will take up the study of a new book which is required in the Chautauqua course. Mrs. W. H. Romey this year is a member eligible for graduation from the national circle.

Delightful Card Party.

Mrs. Roland Patterson gave a delightful card party to 18 of her friends yesterday afternoon from 2 to 5. Flowers of various kinds were arranged in perfect taste. The entertainment was given in honor of Miss Briggs, a cousin of Mrs. Patterson. The first prize, a very dainty hand-made handkerchief, was won by Mrs. J. Bert George. Miss Bessie Adams was presented the consolation prize, a box of candy. Refreshments were served. The affair was a most pleasant event.

Class to Be Entertained.

J. M. Shive will entertain his Sunday school class of the First M. E. church at his home on Fifth street tomorrow evening. Miss Goldie Weaver will be present in order that those in the class may have an opportunity of bidding her farewell before her departure for Europe. The class has been one of the active and best instructed in the M. E. Sunday school. A musical program will be presented.

Lisbon Weddings.

Lisbon, September 23.—(Special)—Charles Stallsmith, of Sunol, Pa., and Miss Pearl Augustine, of East Palestine, were married by Rev. George Fowler at the parsonage of the Christian church here yesterday. Aaron Tunstall, of East Palestine, and Miss Eva McMillan, of Negley, were married in the probate court room by Mayor Farrell.

Married in Niles.

Lisbon, September 23.—(Special.)—Harvey Helman, of Lisbon, and Miss Anna Difford, of Portage county, were married in Niles Monday morning by Justice Phillips. Mr. and Mrs. Helman came here yesterday afternoon and will spend a few days at the home of his father, Charles Helman, after which they will go to Warren and commence housekeeping.

INVOLVED IN MYSTERY IS MISS RAYL'S DEATH

Theories of Suicide, Murder and Accident Are All Promulgated to Account For It.

CLEVELAND POLICE COMPLETELY BAFFLED

Cleveland, September 23.—The mystery surrounding the death of Miss Olive K. Rayl, of Wellsville, at Gordon park yesterday morning is apparently no nearer solution than before. Opinion is divided as to whether she was murdered, was a suicide or was the victim of accident.

Olive Rayl came to this city September 1 and entered the Lakeside hospital as a nurse, the position having been secured for her by Dr. W. L. Rayl, her brother, who has an office at 2782 Superior street. The work at the hospital was hard and the young woman became discontented and left one week ago, without consulting her brother. She was sorry afterward and returned to the hospital and asked to be reinstated.

Although the young woman was learning rapidly this was refused, the authorities stating that it would establish a bad precedent. Dr. Rayl then wrote a note of introduction for his sister to the doctors of the Charity hospital. About 9 a. m. Monday Miss Rayl left her brother's home and started for the Charity hospital. It was the last her brother saw of her in life.

"She seemed quite dejected at the time," said he. "I cheered her up a little and she seemed in better spirits as I helped her on the car."

Miss Rayl visited the Charity hospital shortly before noon. She was given a half promise of a position, and told to fill out a regular application blank. Where she was during the afternoon and evening no one seems to know. Shortly before 6 a. m. yesterday the girl's body was found on the track by an engineer on a switch engine. He at once telephoned to William Abel, whose ambulance took the body to his morgue.

The police were notified and detectives sent out on the case.

The severed body was lying on both sides of the north rail of the second track. The head was between the rails and the trunk just outside the track. The face was flat against the ground and slightly scratched by contact with the cinders. A deep scalp wound was found on the right side of the temple, barely concealed by the girl's hair. It might have been caused by the train which struck the girl, but looks more like an injury received in a struggle. The wound does not penetrate the skull.

There was scarcely any blood on the tracks where the body was found. This, the police say, is one of the strong indications the girl was dead before struck by the train. The Lake Shore trainmen say that it would not have been possible for the body to be lying in the position it was if she had been struck by a train when she was erect. The conclusion of the police is that she was first killed and the body dragged to the track and laid across the rails.

Just south of the tracks runs the boulevard. On the roadway was found the fresh track of a buggy, or more

CLIMAX NEAR IN THE DISPUTE

Engineers May Go Ont Unless It Is Speedily Adjusted.

THE PROPOSED AGREEMENT

Unless something in the way of a compromise can be suggested within the next few days, indications are that every steam engineer in the jurisdiction of the local branch of the International Union of Steam Engineers will go out.

The dispute with the factory owners of East Liverpool dates back to July 10. In each case the employer was informed that the proposed agreement was to become operative on August 10, one month later. At the end of that time an answer was not forthcoming as to what disposition the manufacturers proposed to make of the matter.

The manufacturers were loath to recognize or treat with any union organization save the N. B. of O. P. Proof was furnished that the engineers were affiliated with a separate and distinct society, and their interests and those of the potters were identical only in that the engineers were employed to furnish the power.

The controversy was thus situated at the time of the annual convention held at Wheeling last week. The East Liverpool matter was brought up for consideration there, and when adjournment was taken H. B. Erdhaus, an international official, was sent to the city to endeavor to adjust the dispute. Mr. Erdhaus arrived here Monday, and took steps to at once familiarize himself with the situation. A visit was paid to J. G. Lee, president of the manufacturers' association, yesterday and arrangements made for a conference this morning.

When the time agreed upon arrived the employers failed to put in an appearance, and taking this as an indication they did not propose to treat, preparations were at once made for a fight.

Upon arriving here Mr. Erdhaus

TELEPHONE WAR GROWS HOTTER

LISBON BUSINESS ASSOCIATION STANDS BY THE BELL.

Columbiana County Company Hustling for Subscribers at New Rate.

Lisbon, September 23.—(Special)—At the meeting of the Lisbon Business association last evening a defiant attitude was assumed toward the Columbiana County Telephone company and a previous action emphasized by passing a resolution to notify all telephone patrons of the association that after October 1 the Bell 'phone only will be used to the entire exclusion of the Columbiana County 'phone.

This action by the Business association clinches its former decisive action in adopting the Bell telephone and defies the latest move of the Columbiana County company in discounting the rate offered by the Bell, with the apparent intention of forcing the use of both 'phones.

A petition requesting the Lisbon city council to revoke the franchise of the Columbiana County Telephone company was also introduced with the recommendation that it be presented to the council. Action was deferred by tabling the petition for the present.

Solicitors are now canvassing Lisbon in the interests of the Columbiana County company and several prominent business and professional men have signified their intention of retaining that 'phone.

A force of Columbiana County company workmen came here yesterday from Salem and is putting in some instruments.

Suit on a $450 Note.

Lisbon, September 23.—(Special.)—S. C. Hoopes, of Hanover township, as administrator of the estate of the late Mary Ann Milbourn, has filed suit against S. O. Whinnery and M. R. Elliott to recover on a promissory note for $450 given in 1898 in favor of the now deceased Mrs. Milbourn. He alleges that the only credit on the note is $90, the purchase price of a horse bought of Whinnery by the deceased. The plaintiff asks judgment for the amount actually due.

THOMAS WEDGWOOD ADJUDGED INSANE

Other Matters of Interest Acted Upon By Probate Court at Lisbon.

Lisbon, September 23.—(Special.)—The sale of real estate by William Nouffer, as administrator of the estate of the late Jacob Nouffer, having been confirmed, distribution of the proceeds amounting to $500 has been ordered.

Elias Richards, of Wellsville, having left no will, W. R. McDonald has been appointed as administrator of his estate under bond of $2,200. Appraisers, J. C. Catlett, W. E. Lowary and H. C. Wells.

The administrator having petitioned for permission to settle a claim for wrongful death the court has authorized him to accept $1,100 from the Pennsylvania Railroad company.

Thomas Wedgwood, of East Liverpool, has been adjudged insane and application made for his admission to the Massillon asylum.

MR. COLE'S CLAIM IS NOT ALLOWED

Supreme Court Rules On Disputed Point in Dairy and Food Cases.

IN A SUIT FROM SALEM

From a Staff Correspondent.

Columbus, September 23.—The supreme court reconvened for the fall session of court yesterday and handed down decisions in a number of cases. Among the cases disposed of was that of the state of Ohio on relation of Richard Cole against J. Frank Adams, auditor of Columbiana county, raising the right of persons serving on juries in dairy and food cases to collect fees when such actions are dismissed for want of prosecution.

Cole is a resident of Salem and was a juror in an action tried before Justice of the Peace K. L. Cobourn, in which Edward Umstead, of that city, was charged by State Food Inspector Martin Cowan with deception in the sale of dairy products. The jury could not agree and the justice dismissed the case. Cole presented his claim for fees, amounting to $4 to Auditor Adams, and he refused to issue a warrant on the treasurer for the same, whereupon Cole brought suit in the common pleas court to mandamus the auditor to issue the warrant.

The court allowed the application for a writ of mandamus. Prosecutor J. H. Brookes, representing the auditor, filed an appeal with the circuit court, which overruled the common pleas court. The supreme court affirms the judgment of the circuit court, which sustains the position of Auditor Adams, and Cole is out his fee.

The suit was brought more to settle the question raised than for the sum involved. Had Cole won other jurors would have put in claims for fees. Cole's petition in mandamus was filed July 19, 1900. L. P. Metzger, of Salem, and E. B. Dillon, of Columbus, now on the common pleas bench of Franklin county, represented Cole. Dillon was chief attorney for the dairy and food commission under the administration of Commissioner J. E. Blackburn, predecessor of the present incumbent, Horace Ankeney.

DOMESTIC TROUBLES

The Alleged Cause of the Insanity of a Woman of Knox Township.

Lisbon, September 23.—(Special)—Mrs. Fannie Haenny, of Knox township, was taken before Judge Martin and adjudged insane. Her condition is ascribed to domestic difficulties, together with grief over the death of her infant son, who died three years ago. On Monday the woman wandered away from her home and walking to Damascus got a rig and drove to Salem, where she was apprehended.

After the inquest last evening she was taken back home, where she will be kept pending removal to Massillon.

Sues the Estate.

Lisbon, September 23.—(Special.)—Laura Whinnery is plaintiff in a suit filed here today against S. C. Hoopes, of Hanover township, as administrator of the estate of the late Mary A. Milbourne, asking judgment for $198, with interest from July 7, 1903, alleged to be due on an account for services as a domestic.

MUCH BUSINESS BEFORE THE COURT

Anthony Clunk Will Be Tried For Killing Frank Nuzum.

THE MANY OTHER CASES

Will Likely Make the September Term One of the Busiest Ever Held. Civil Docket Now Contains About 328 Suits.

Lisbon, September 23.—(Special.)—Next Monday morning at 10 o'clock the September term of court will open. As a rule the September term is characterized by the heaviest grand jury work of the year, the grand jury a year ago being a record breaker. The amount of work to come before the jury that will convene next Monday morning can not be forecasted, but it is anticipated that there will be a proportionately large amount of business when it is remembered that a special grand jury last spring disposed of a number of cases that otherwise would have come over to this term.

Probably the most important case that will be brought before the grand jury will be that of Anthony Clunk, who is in jail charged with the murder of Frank P. Nuzum, of Elkton. Clunk has recovered from his recent attack of nervousness that seemed to portend a breaking down and will be ready to face the charge.

Clerk of Courts James N. Hanley has completed the assignments for the first week, which will be devoted to court cases only, with Judge Hole on the bench, the petit jury having been notified not to report until Monday, October 5, the beginning of the second week. There are in the neighborhood of 328 cases now on the civil docket.

Following is the assignment for the first week:

Monday, September 28, 10 a. m.—Empaneling grand jury; R. H. Everson vs. H. W. Sinclair, motion; Marv Hanley vs. Thomas Whalen et al, demurrer; David Hanley vs. Thomas Whalen et al, motion; W. P. Wells et al vs. the city of Wellsville, demurrer; McGarry Real Estate Agency vs. Etta Hawkins, motion; city of Wellsville vs. East Liverpool Railway company, demurrer; Harold T. A. Benzenhoffer, motion; Joseph H. English vs. C. A. Smith, demurrer; Mike Shuster vs. American Steel & Wire company, motion; John W. Moore vs. the Crisis Publishing company, motion; Eden Reeder vs. Peter Woodward et al, motion; John W. Rutledge vs. Joseph S. Faloon, motion; Wm. T. Kountz, executor, vs. John T. Kountz, motion; Robert Campbell vs. W. S. Potts, administrator, demurrer; Charles Potato vs. Bridget Potato; Susie Korp vs. John Korp.

Tuesday, September 29—Peck Williamson Heating & Ventilating company vs. board of education South District No. 8, Unity township, motion; Ohio on rel, J. P. McGill vs. trustees of Knox township; in re estate of Abram Hartley; Lucinda Cyrus et al vs. John Spencer et al; Arthur Green vs. Maggie J. Green; Katie Rohrbaugh vs. Tait Rohrbaugh.

Wednesday, September 30—Henry Chambers vs. the city of East Liverpool; James Faloon et al vs. John Matthews et al; Job Ritter vs. Mary Sultner et al; Samuel L. Whinnery vs. John L. Whinnery et al.

Thursday, October 1—Leonidas Wilson vs. Olive L. Wilson; Maul Lange vs. Ottmar A. Lange; R. H. McMichael vs. Lisbon Banking company; George Lower vs. C. P. Rothwell.

Licensed to Marry.

Lisbon, September 23.—(Special)—Harrison A. Weigler and Sarah McCartney, both of Wellsville, have been licensed to wed.

Homer Walker, of East Rochester, and Estelle M. Fultz, Bayard; Charles F. Craig and Mary B. Yant, East Liverpool; Robert A. Peters and Annie Clouse, East Liverpool.

Needs Investigation.

Lisbon, September 23.—(Special.)—Officials here are of the opinion that the case of Alfred Mordis, the Salineville man, who at the age of 33 wanted to marry 13-year-old Viola Beckwith, of the same town, yesterday, needs investigating.

CHANCES AGAINST CHILD'S RECOVERY

A Little One Near Lisbon Terribly Scolded By Hot Coffee.

Lisbon, September 23.—(Special)—Marshall, the 1-year-old son of Mr and Mrs. S. T. Bailey, living in the country midway between Lisbon and Salem, was terribly and it is feared fatally scalded Monday afternoon by upsetting a pot of boiling coffee upon himself. The child's entire body was badly scalded but the worst injuries are about the face and chest.

The chances are against small children in cases of serious burns, but the little one was getting along well last evening.

Will Case Appealed.

Lisbon, September 23.—(Special.)—A petition in error has been filed in the circuit court in the case of Lina Hartley vs. Mary E. Burris et al. This is the famous Salineville case in which a jury some months ago sustained the alleged will of Abraham Hartley.

MET HIS DEATH COUPLING CARS

Brakeman Weitzel Almost Instantly Killed In This City.

TRAIN MOVED SUDDENLY

A. D. Weitzel, aged 28, employed as a brakeman by the Cleveland & Pittsburg Railroad company, met a horrible death last night shortly after 10 o'clock on the main track between Broadway and Walnut street, while in the act of coupling two freight cars. He was standing between the cars when the train unexpectedly gave a sudden jerk, knocking him headlong to the track. Before he could escape from his perilous position the trucks of a heavily laden box car had passed over his left arm and both legs and crushed his body in many other places. Death relieved him of terrible agony in less than 10 minutes.

John McFarland, proprietor of a saloon opposite which the awful accident occurred, was the only witness to the shocking mishap. He was standing in front of his saloon and saw Weitzel as he went sprawling to the track. He says that the brakeman was attempting to make a coupling when the train struck him in the back. Without uttering a cry that was audible at least Weitzel fell and was so terribly crushed that he could not speak a word, dying in abject misery.

McFarland shouted to the engineer to stop the train and when this was done a number of people quickly rushed to the scene and soon had the body free from the weight of the wheels. Dr. W. J. Taylor was summoned, but by the time he arrived the life of the injured man was extinct. The patrol wagon was then called and the body was removed to the passenger depot, where it was prepared for shipment to Wellsville, where Weitzel boarded during his employ with the railroad company.

The railway officials at Wellsville had the body prepared for burial at the undertaking establishment of R. M. Haugh, Wellsville, and it will be shipped to Dayton, where, it is thought, Weizel lived prior to his arrival in Wellsville two weeks ago.

Weizel was single and had followed the life of a railroader for about five years.

DOUBT IS RAISED AS TO THE VALIDITY

Of Bequests to the Salem High School and the Damascus Academy.

Lisbon, September 23.—(Special)—Samuel Allen Bailey and Josephine Murdock, through their attorneys, Smith & Lones, of Wellsville, have filed a petition as executors of the will of the late Mary B. Haines, of Damascus, asking the judgment and direction of the court in construing the twenty-third item of the will. The item in question reads as follows: "I will to the Salem high school of Salem, O., and to the Damascus academy, of Damascus, O., $300 each, to be used for education of the worthy colored race to be spent in such manner the board of education of school directors may deem proper."

In the petition these institutions, with a large number of personal beneficiaries and several charitable and other institutions, including the home for aged women in Salem, Waynesburg college in Greene county, Pa., the Christian church of Westville, O., and the mission board of the Christian church of the American Christian convention, are named as the defendant heirs. It is alleged that all the defendants except the Damascus academy and the Salem board of education, hold that the bequests are invalid to these two beneficiaries and the executors, being in doubt about the matter, ask the court to instruct them as to their duty.

MORE DIVORCE SUITS HAVE BEEN FILED

A Young Wife of East Liverpool Tells of Desertion And Extreme Cruelty.

Lisbon, September 23.—(Special.)—Two more divorce petitions were filed today. Ferdinand Wolpert, through Attorney J. C. Boone, of Salem, asks separation from Eva Wolpert, of Salem. The petition says they were married in that city in July, 1899, and have no children. The plaintiff asserts that his wife left him June 20, 1900, and has not returned.

Edna Kays asks divorce from Frank B. Kays, of 334 Walnut street, East Liverpool. They were married February 6, 1901, and have no children. Mrs. Kays charges habitual drunkenness, gross neglect, abandonment and extreme cruelty. She says from the time of their marriage until he finally left her March 1, 1902, she was compelled to perform menial labor to support herself and husband and that when drunk he frequently beat her and used vile and abusive language. Smith & Lones, Wellsville, are the plaintiff's attorneys.

Admitted to Probate.

Lisbon, September 23.—(Special.)—Upon application of Edward W. Holz, of Leetonia, authenticated copies of the wills of the late Gertrude M. Zweidinger and A. C. Hamilton, both of Allegheny, and Martha M. Hamilton, of Jo Daviess county, Illinois, have been admitted to probate in this county. Property in Columbiana county is disposed of by these wills.

Will Save His Sight.

Lisbon, September 23.—(Special)—L. B. Pike, who was badly burned about the eyes by the spontaneous combustion of some fertilizer a few days ago, has recovered to a degree which makes it apparent that he will not lose the sight of either eye. He still suffers intense pain and has had scarcely any sleep.

COUNCIL AND THE C. & P. ONCE MORE FAIL TO AGREE ON IMPROVEMENT MATTER

Requests of Supt. Scriven Not Likely to Be Granted in Toto—Ultimatum On Bonds.

It now looks very much as if East Liverpool is going to be the stumbling block for the Cleveland & Pittsburg Railroad company in getting its double tracking through to either terminus of the lines. The councilmen of this city are utterly opposed to giving the company consideration, and at the regular meeting of the body last night a disposition was displayed to compel the company to live up to every provision of the ordinance recently passed or no extra track goes through the Crockery City.

President Horwell and Messrs. Cannon, Moon, Bullock, Croxall and Barlow were present at the meeting, and the action taken against the railroad was unanimous. Upon the reading of the communication from Supt. Scriven, Mr. Cannon took the floor and announced that he was not in favor of considering the requests at all, and he made a motion that the clerk be instructed to notify the superintendent that the ordinance as passed must be accepted or none at all. More conservative ones spoke on the requests, however, and it was finally decided to instruct Supt. Scriven that one of his requests would be granted, that relative to the changing of the roadway at Ralston's crossing; providing, however, that the railroad company pay for the re-advertisement of the ordinance.

During the conversation each councilman expressed his sentiments and all seemed much against considering in the least the communication. It will be noted from his communication, printed yesterday, that Supt. Scriven is willing to move the switch at the Broadway wharf when public necessity requires it and to erect a freight station on the hill when the merchants and business men who have occasion to patronize a freight station demand it.

Before business was taken up in earnest by council, Mr. Cannon expressed himself on the gas question. He said that he did not think it was right for council to hold a meeting without notifying every member and that he was very sorry that he did not know there was to be a meeting last Friday evening. "If I had been there," he added, "I most assuredly would have voted for the solicitor to proceed with the injunction. I would like to be placed on record as taking that stand. I am not in favor of a gas monopoly or any other monopoly, and my vote would never have been cast for dropping the proceedings."

Mr. Croxall announced that Fairview street from Division street to a distance of about 360 feet is badly in need of paving and other improvement and stated that the adjacent property owners are desirous of having the work done. It was decided to have the engineer make an estimate of the cost and report to council.

Mr. Moon reported that the police and other funds were in bad shape and that certain improvements can not be attended to unless the $92,925

CONDEMNED MAN ALMOST GOT FREE

Rand Culver Nearly Sawed His Way Out of Greensburg Jail.

WORKED HARD ALL NIGHT

Greensburg, Pa., September 23.—Charles Kruger, alias Rand Culver, alias Brown, of East Liverpool, who ten days ago was convicted of first degree murder for the killing of Constable H. F. Bierer, on Monday night made an effort to break jail by sawing off the iron bars at the back of his cell. He succeeded in cutting six of the large bars, and only one remained between him and liberty. The other prisoners in that part of the jail heard him sawing all night, but as there was no communication from that part of the prison with the sheriff's room they could not give the alarm until next morning. The sheriff found the bars almost ready to fall out.

Kruger said: "It's all up now; but you can't blame me, sheriff." A search for the saw was made and after an hour's hunt it was found hidden in a broom in Kruger's cell. He was removed to another cell and from now on a guard will be on duty at night.

The seventh bar, which when cut off, would have permitted him to crawl through, had been partly cut when his action was discovered by a fellow prisoner and an alarm was given. While the sheriff did not hear the yells of the excited prisoner, they had the effect of frightening Kruger, and he gave up the critical job in disgust. His idea was to complete the work and gain his liberty in one night. It is admitted by the jail authorities that had the murderer used better judgment and done the work by degrees, his aim would have been successful.

Kruger laughingly told the sheriff when asked where he received the saws that he would tell that secret were he a man who would delight in getting others into trouble, but as he was not of that stripe the sheriff would have to seek another source for the desired information. The sentence of death will be pronounced on Kruger on September 26.

ENGINEER BRYAN ON CITY LIGHTS

His Report Is Very Favorable to the United Power Company.

ATTENTION TO THE LAMPS

And Greater Care in Cleaning Them Would Result in Better Illumination—Contract Terms Being Complied With.

As was exclusively stated in the News Review, the report of James Bryan, expert electrician, of Pittsburg, who was employed by the board of public service to investigate the lighting system given the city by the United Power company, was very favorable to the company. The report was read to council last evening and was ordered received. It was as follows:

The Board of Public Service, East Liverpool, Ohio.

Gentlemen—At the request of Mr. Smith, a member of your board, I visited East Liverpool for the purpose of ascertaining whether the United Power company were operating arc lamps of a capacity specified in the terms of their contract with your city. The contract calls for the furnishing of arc lamps of a standard power of 2,000 candles each light, of the same make as the General Electric company, or their equivalent.

At the time this contract was entered into, the Power company had in service what are known as direct current open arc lamps consuming an average of 480 watts per lamp. The lamps at present in service are what are known as "alternating current enclosed arc lamps" consuming an average of 600 watts per lamp. In regard to the phrase in the contract, (standard power of 2,000 candles) it is universally understood to be a nominal rating, and to refer to illuminating effect of a 480 watt open arc lamp. Photometric measurements show that at no angle does the candle power of a 480 watt open arc lamp reach 2,000 candles. The average maximum candle power is about 1,250 at an angle of 45 degrees. Supposing that the lamp were to be suspended at a height of 25 feet from the ground, the maximum illumination would be at a radius of 25 feet from the center of the pole.

This illuminating effect rapidly diminishes and at a radius of 150 feet falls off to about 10 candles. This class of lamp casts an immense shadow for a radius of about 15 feet from the center of the pole. In comparing from memory the illuminating effect of the arc lamps you had in service at the time the contract was entered into, with the lamps you now have in service, the intensity of the light at a comparatively short distance from the pole in comparison with the intensity of the light from the lamps at present in service at a similar distance has been compared to the disadvantage of the present lamps. The average candle power at the radius of 150 feet of the lamps now in service is about 25 candles. The arc lamps now in service are of the General Electric company manufacture, and are of capacity recommended by them for street lighting in preference to open arc lamps.

The steadiness of the light of the enclosed arc as against the violent flickering of the old open arc, together with the illuminating effect at a greater distance results in the more satisfactory illumination for street lighting. In all modern arc light installations, the enclosed arc lamp is installed, and the alternating current arc lamp is for economic reasons, in station operation, superceding the direct current lamp. It is, however, necessary to give more attention to the cleaning of the inner and outer globes of the lamps you now have in service than is required to be given to the cleaning of the globe of open arc lamps. It is necessary for proper illuminating, that both the inner and outer globes of the lamps now in service be thoroughly cleaned each trimming, as failure to do this materially decreases the illuminating effect of the lamp, due to particles deposited in the inner globe by the combustion of the carbons.

In my opinion, the United Power company are substantially complying with the terms of their contract, in as much as they are furnishing an arc light of an equivalent illuminating capacity to the standard commercial 2,000 candle power arc lamp as universally understood.

Respectfully submitted,
JAMES BRYAN,
Engineer.

WITH THE WORKMEN IN THE CLAY PLANTS

QUAINT WARE.

Some charming new Dutch pottery from Gouda shows a great variety of figures in low relief. The colors are delicate and the scenes are all characteristics of different parts of the land of Queen Wilhelmina. Peasant women and children figure in numerous quaintly charming scenes. A Scheveningen woman is showing her small daughter the sails that dot the sea. Marines are conspicuous, as is natural among artists who dwell in the land of the coast, waterways and reclaimed land.

In another one sees two peasant women, one carrying a basket on her head and both of them beautifully neat and clean. Still another piece is in a long boat shape and is intended for a center piece or fruit dish. Outside this the vase shape predominates. Other parts, Amsterdam and Volandam, are represented. One of the former shows a girl reading a prayer book, while one of the latter shows an industrious maid knitting. Another is carrying a basket.

Quite different is the dark green Gouda pottery. This is of deep though distinct coloring, the figures and decorations, generally being confined to band and medallion shaped views in which windmills, spires and ships are most in evidence.

WILL INSTALL SPRINKLERS.

The West End pottery, which has undergone extensive improvements in the pas six months, is to be equipped with the sprinkler system of fire protection, and with this end in view the four-inch water main leading to the plant is being replaced with a main double that capacity. With the completion of this work the plant will be one of the best in the city. The capacity has been more than doubled, a necessary move, owing to the rapidly increasing volume of business.

GOES TO CAMERON.

James Myler, one of the best known dish makers in the city, has accepted a bench in the new Cameron plant and left for that city yesterday. He was formerly connected with the China works and is a skilled and steady operative. He was one of the delegates from the dishmakers local to the last national convention.

POTTERY NOTES.

Stanton Barton has returned from a brief visit with his parents at Sebring.

The clay department at the Sebring plant, Sebring, has been handicapped the past few days by a shortage of flint.

Frank Heltzel, of Lisbon, has secured a situation with the Crooksville China company and will start to work there at once.

At the Dresden the decorating department has been overworked for the past month to keep up with orders. The demand has been principally for decalcomania goods and the printers have not felt the rush.

A Purgative Pleasure.

If you ever took DeWitt's Little Early Risers for biliousness or constipation you know what a purgative pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. They do not gripe, sicken or weaken, but give tone and strength to the tissues and organs involved. W. H. Howell, of Houston, Texas, says: "No better pill can be used than Little Early Risers for constipation, sick headache, etc."

RALLY DAY SERVICES OF GREAT INTEREST

Special Sermons and Music Are Being Arranged For Second Presbyterians Next Sunday.

The Rally Day services at the Second Presbyterian church promise to be of great interest to both old and young and from present indications nearly every member or adherent of the church and Sunday school will take part. Rev. N. M. Crowe, the pastor, is making a special effort for the services and has announced that several noted speakers have been secured and that special music will be rendered.

At the morning service, which will be the rally for the Sunday school, Rev. Mr. Crowe will deliver an address particularly for the children. He has chosen a topic of the greatest interest, "The Life of Christ," and his remarks will be well worth listening to. At the evening service, the rally of the Christian Endeavor society will be held. It is the intention to have at least three out-of-town speakers at this service to make addresses. Rev. Mr. Crowe has asked Rev. S. L. Boston, of Steubenville, and two other noted relgious workers to be present and it is hoped that they will accept.

SLOT MACHINE RAIDED

Four Small Boys, Suspected of the Deed, Must Answer to the Mayor Today.

Four well known young men of the East End have been cited to appear before the mayor this evening after school hours to answer to the charge of raiding a penny slot machine at the establishment of B. A. Swan, opposite the entrance of Columbian park. The robbery occurred Monday night but was not discovered until this morning. It is alleged that 23 pennies and 70 pieces of chewing gum were taken.

Mr. Swan made an investigation and soon had one of the guilty parties under suspicion. It was later learned that four boys had been unusually well supplied with gum and suspicion also rested upon them. Captain Terrence made an investigation of the case and required all four to report to the mayor.

Mr. White visited that town several weeks ago and in a short time had the pledges of a sufficient number to secure a charter. The new lodge will be instituted tonight by Mr. White.

Grays Beat Invincibles.

The East End Grays won a lop-sided game from Sodaker's Invincibles yesterday afternoon at Columbian park by the score of 16 to 5. Bolton, who pitched for the Grays, was a puzzle. The Invincibles made four errors, while the Grays had but one.

EAST END AFFAIRS.

Miss Bessie Hauck has returned from Cleveland.

Mrs. Charles Herbert, of Erie street, is reported quite ill today.

Thomas Hayes, Sr., has returned from a visit with relatives at Monaca.

S. B. Fellons left last night for Pomeroy, where he will spend a few days with relatives.

John Searight, who was severely injured in a fall about two weeks ago, is able to get around again.

George Bower, of Steubenville, was the guest yesterday of his sister, Mrs. Dr. W. E. Mowen, of Pennsylvania avenue.

East End lovers of gridiron contests are sorely disappointed over the latest fluke in the game announced between the Oaklands and the Athletics.

Work upon the new house for Mrs. Orvilla Dawson, on Railroad street, has been commenced. The structure will be one of the finest on that thoroughfare.

Officer Jay Fisher will remain at the Pittsburg hospital for a period of 20 days to complete the Pasteur treatment necessary as a result of the dog bite received last Saturday.

Miss Sudendorf

Suffered From Impure Blood

Elgin, Ill., August 30, 1903.

E. Sudendorf, Secretary the National Creamery Buttermaker's Association, says: "*My daughter was troubled every spring with weakness and insomnia accompanied with the most painful and irritating eczema. The doctors diagnosed it as impure blood. A friend who had been cured of impure blood by Paine's Celery Compound recommended it and she has taken three or four bottles of Paine's Celery Compound each spring and fall for the past five years and has ever since enjoyed the best of health.*"

INVOLVED IN MYSTERY IS MISS RAYL'S DEATH

Continued from First Page

probably a surrey. There was but one horse attached to it. The horse wore a three-quarter shoe, with a calk on the right fore foot. The tracks indicated that the rig had been driven into the park from the St. Clair street entrance, and through a wood toward the east. About 500 feet east from the crossing the buggy was turned around.

The buggy evidently stopped there for the occupants to alight. The buggy turned at this place and the wheel tracks led back to the boulevard. The spot where the rig turned is a lonely one between two strips of woods. There is not a house for many rods. On the ground were found a great number of foot prints and the ground was badly tramped, as though there had been a struggle.

Footprints corresponding exactly with the shoe worn by Miss Rayl were found at this place. A man's plain white linen handkerchief covered with blood and with the initial J. D stamped in one corner was also found at the same place. A man's footprints were plainly discernable. Whether there was more than one man could not be told from the tracks.

From the spot where the struggle evidently took place to the place where the girl's body was found upon the track, Detectives Wilmore and Reiser traced the footprints of two persons, those of a man and of a woman. Miss Rayl's shoes were compared with these marks, but the shoe did not correspond. The marks were those of a shoe considerably larger than that of the dead girl. As Miss Rayl's footprints were found at the roadside and did not lead to the track where she was found, the detectives were left no other conclusion than that she had been murdered at the roadside and her body carried by a man and a woman to the track, where it was carefully placed so that it would be struck by the next train. What train ran over the body is not known. The engineer evidently did not notice anything upon the track. It is thought from the condition of the body that it had been placed on the track early in the evening.

The girl was very slight in stature and could be easily carried the short distance to the main track of the railroad. Between the road and the main track is a side track. On the side track were several flat cars loaded with stone. The body was lifted over one of the cars, and lying on one of the stones there was found a card bearing the name of Blanche Dillon. This is a cousin of the girl and the card probably dropped from her pocketbook. Another card found in the pocketbook bore the name of A. Hunter, 676 Payne avenue. In the pocketbook were also found proofs of some of Miss Rayl's pictures and a small picture of a friend. There was $1.70 in cash. When the girl left the house in the morning she had about $8.

Patrolman Graul also discovered a letter, torn into fragments. The fragments were saved and an attempt made to put them together. The young woman was of exemplary habits. While she was working at the hospital she was doing night work. Since her resignation she had not been out of her home a single evening, Dr. Rayl stated.

"I know of no one with whom she kept company," said the doctor. "She knew no young men in the city, as far as I am aware. She was engaged to a young man by the name of John Pettit shortly after she left high school. This engagement was broken about a year ago, for what reason I do not know. I do not think she has had any communication with the young man since that time and she corresponded with no other person that I know of. The case looks very much like murder to me, but who could have committed the deed I have not the slightest idea."

Slight blue marks were discovered upon the girl's throat.

Nurses and other attaches at Lakeside hospital were shocked upon learning the fate of Miss Rayl. She had been in that institution a short time only, but while there the other girls had learned to like her, though she made friends slowly.

Miss Ellis, the principal of the nurses' training school, liked her work and thought that in time she would make a good nurse. Last Thursday, however, Miss Rayl told Miss Ellis that she thought she was not making sufficient progress in her work and had concluded to resign. Miss Ellis advised her to stay.

Miss Rayl left, but returned the next day (Friday) accompanied by a well dressed woman of middle age. Miss Rayl and the woman told Miss Ellis that Miss Rayl had decided to re-enter the class. Miss Ellis replied that she would give the matter consideration. The woman urged Miss Rayl to take up her work again.

"If I could only get my place again," Miss Rayl said to her companion, "I should be glad to come back."

At 10:30 a. m. Monday Miss Rayl called for Miss Ellis' answer and she was informed that her place had been filled. She seemed disappointed, but went to her room for her personal effects and left.

She was next seen at the Charity hospital, where she applied for a place and seemed greatly disappointed when told that none was vacant.

Chief of Police Koehler stated last evening that he believed Miss Rayl had committed suicide. He said that facts he had learned showed that she was despondent. The presence of the buggy tracks and the bloodstained handkerchief, he said, proved nothing, as they were too far from the scene of the tragedy.

The coroner and another physician who performed the autopsy do not believe the murder theory. The idea that she was disappointed in a love affair and committed suicide on that account is not entertained by Dr. Rayl, her brother, who says she had no recent love affair.

THE DEAD GIRL'S BODY REACHES WELLSVILLE

Funeral Held This Afternoon and Largely Attended — Brother Holds to Murder Theory.

The remains of Miss Olive Rayl, who was killed in Cleveland early yesterday morning, and who, it is believed either was murdered or committed suicide, were brought to Wellsville to the Rayl home on Front street at 5 o'clock this morning, being accompanied by Dr. Will L. Rayl, of Cleveland, a brother of the deceased.

The remains, when seen this morning, did not show any marks of violence, excepting two little marks across the bridge of the nose, which were scarcely visible. The body was dressed in a beautiful white silk gown.

Funeral services were held at the home at 1 o'clock this afternoon and were attended by an enormous crowd of people. Rev. L. F. Laverty, the pastor of the First Presbyterian church here, of which the deceased was a member, was the officiating clergyman. The pall bearers were George and Wilkie Peppard, Ross Starrett, John Perkins and Roy and Earl Smith, all near relatives of the deceased. The interment was made in the family lot at Spring Hill cemetery.

The members of the Rayl family are at a loss to account for the death of Miss Rayl. Dr. Will Rayl still holds on to the theory that she was murdered, while other members of the family seem to think that it was a case of suicide, although they are unable to express a reason for such an act. It is known that Miss Rayl at one time received the attentions of a young electrician named John Pettit, although it is believed that Miss Rayl and Mr. Pettit only entertained a warm friendship towards one another. Mr. Pettit left Wellsville a year or so ago and it is believed that no correspondence has passed between the two since that time, so there can be no cause for suicide from this source. The mystery is being thoroughly investigated by Cleveland detectives.

WEEMS CHOSEN AFTER A FIGHT

Won Sixteenth District Nomination on the Eleventh Ballot.

THE VICTORY IS RUTAN'S

Outcome of a Puzzling And Strenuous Contest — Gen. Hollingsworth's Friends Were Very Sanguine of Success Until the Last Moment.

Steubenville, September 23.—Cabell L. Weems, of St. Clairsville, Belmont county, is the Republican candidate for congress in the Sixteenth district of Ohio. The choice was made on the eleventh ballot last night, after a contest close and exciting. The final vote stood:

Weems	89
Hollingsworth	27
Dunbar	42

Blythe, of Carroll, withdrew after the tenth ballot, and Carroll's vote, with one or two other factors, brought about Weems' victory.

The nominee had nine more than the 80 votes necessary to a choice. Of these 51 were cast by his home county, Belmont; 22 by Carroll, and 16 by Monroe. Gen. Hollingsworth received the 23 votes from his own county of Harrison and the four which he won out in Belmont. The solid Jefferson county vote was cast for its home candidate, Jared Dunbar, of Steubenville. On motion of delegates from all the other counties, Mr. Weems' nomination was made unanimous.

This was the outcome of a very puzzling contest, and, while there is the natural disappointment incident to defeat among the other candidates and their friends, there seems to be no soreness such as will endanger success at the polls this fall. There were several surprises connected with the convention, and practically all of them were to the disadvantage of the candidacy of Gen. Hollingsworth. Monday night his friends were most sanguine of success. They predicted with the utmost confidence that the Rouse delegation from Monroe would be seated by the convention yesterday, thus adding 16 votes to their candidate's strength, and that he would gain right along until victory perched on his banners. They counted, too, on help from Carroll county.

In both cases their hopes were blasted. Both Monroe delegations were seated, although with but half a vote for each delegate, thus neutralizing to a great extent, their potency as voting factors, and Carroll county went over to the enemy. Possibly the sorest spot that remains after the convention is to be found among the Harrison delegation, and Carroll county is the cause of it. Especially are the Hollingsworth people sore at "Deacon" D. O. Rutan, who managed I. H. Blythe's fight and is generally and justly credited with having worked out the plan by which the nomination of Mr. Weems was accomplished.

The nominee, C. L. Weems, was born in Noble county, O., about 40 years ago and served two terms as prosecuting attorney for Belmont county. He has a native humor, force and ability that cause his admirers to say he suggests Abraham Lincoln. The district is overwhelmingly Republican.

Distress After Eating Cured.

Judge W. T. Holland, of Greensburg, La., who is well and favorably known, says: "Two years ago I suffered greatly from indigestion. After eating, great distress would invariably result, lasting for an hour or so, and my nights were restless. I concluded to try Kodol Dyspepsia Cure and it cured me entirely. Now my sleep is refreshing and digestion perfect." Sold by Alvin H. Bulger.

A PASTOR'S WIFE

CURED OF PELVIC CATARRH.

She Suffered for Years and Felt Her Case Was Hopeless—Cured by Peruna.

Mrs. Anna B. Fleharty.

MRS. ANNA B. FLEHARTY, recent Superintendent of the W. C. T. U. headquarters, at Galesburg, Ill., was for ten years one of the leading women there. Her husband, when living, was first President of the Nebraska Wesleyan University, at Lincoln, Neb.

In a letter written from 401 Sixty-seventh street, W., Chicago, Ill., Mrs. Fleharty says the following in regard to Peruna:

"Having lived a very active life as wife and working partner of a busy minister, my health failed me a few years ago. I lost my husband about the same time, and gradually I seemed to lose health and spirit. My daughter is a confirmed invalid, and we both felt great need of an invigorator.

"One of my neighbors advised me to try Peruna. A bottle was immediately secured and a great change took place in my daughter's as well as in my own health. Our appetites improved very greatly, the digestion seemed much helped, and restful sleep soon improved us, so that we seemed like new women.

"I would not be without Peruna for ten times its cost."—Mrs. Anna B. Fleharty.

What used to be called female diseases by the medical profession is now called pelvic catarrh. It has been found by experience that catarrhal diseases of the pelvic organs are the cause of most cases of female disease.

Dr. Hartman was among the first of America's great physicians to make this discovery. For forty years he has been treating diseases peculiar to women, and long ago he reached the conclusion that a woman entirely free from catarrhal affection of these organs would not be subject to female disease. He therefore began using Peruna for these cases and found it so admirably adapted to their permanent cure that Peruna has now become the most famous remedy for female diseases ever known. Every where the women are using it and praising it. Peruna is not a palliative simply; it cures by removing the cause of female disease.

Dr. Hartman has probably cured more women of female ailments than any other living physician. He makes these cures simply by using and recommending Peruna.

Mrs. E. L. Brown, 329 Elliott street, Memphis, Tenn., writes:

"I suffered for several years with headache brought on by nervous prostration. I was also afflicted with insomnia. I would get up in the morning more weary than when I retired and I used to dread the approach of night. Peruna came into my home as a welcome guest, and within three short months I was like another woman. I have now enjoyed perfect health for over a year, and those who have suffered as I did will know how happy I am."—Mrs. E. L. Brown.

Mrs. Esther M. Milner, De Graff, Ohio, writes:

"I was a terrible sufferer from female weakness and had the headache continuously. I was not able to do my housework for myself and husband. I wrote you and described my condition as near as possible. You recommended Peruna. I took four bottles and was completely cured. I think Peruna a wonderful medicine."—Mrs. Esther M. Milner.

Congressman Thad. M. Mahon, of Chambersburg, Pa., writes:

"I take pleasure in commending your Peruna as a substantial tonic and a good catarrh remedy."—T. M. Mahon.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

The limit set by the Hay-Herran canal treaty for its ratification by both countries has expired. Colombia failed to ratify it, hence the whole matter remains as it was before the negotiations of that convention. The United States may take the matter up again with Colombia, or resort to the alternative course which is open under the canal act—begin negotiations with Costa Rica and Nicaragua for the necessary concessions to enable the canal to be built across the Isthmus of Nicaragua. It is probable that the matter will be taken up later with Colombia, and another effort made to negotiate a treaty which will be satisfactory to both sides. While Colombia had the undoubted right to reject the treaty, she was short-sighted in doing so.

Those Democratic newspapers which are bewailing the dragging of any "triviaitites" into the campaign must refer to Tom Johnson's sole stock in trade. It is impossible to omit "trivialities" when dealing with Tom Johnson, for of all the cheap demagogues ever before the public eye in Ohio the Cleveland mayor is undoubtedly the chief.

The Central Ohio M. E. conference at Akron struck out a clause in a committee report that strongly condemned dancing. The ministers say the attitude of the church on that form of pleasure is too well known to require re-statement.

It is unfortunate that there should be further delay in railroad improvements. It was supposed that council and the railroad officials had come to an agreement. They should now make haste to do so.

"There is little doubt that Johnson and Clarke are sons of destiny, but what is their destiny?" asks the Toledo Blade. The answer is easy. They are destined to inglorious defeat.

"Weneeda" is a new kind of brew put on the market in Ohio. It is badly named. There are enough kinds of brew now so that the oldest toper can have all his needs supplied.

If the fog were not so thick in the early morning, the most confirmed weather-grumbler could have no fault to find with these September days.

Hancock county people are going to have an oil field or know the reason why. The way they are perforating the Panhandle is a caution.

Weems, of Belmont, will have less difficulty in receiving the election to congress than he had in securing the nomination.

Cuban trade is going away from the United States. Reciprocity would bring it back.

OBITUARY

Mrs. Ruth Reeder.

Lisbon, September 23.—(Special.)—Mrs. Ruth Reeder died at 9 o'clock this morning after a two weeks' illness with the grip at the home of her son, County Commissioner Eden Reeder. The immediate cause of death was heart failure. She was born in Chester county, Pa., June 8, 1819, and at an early age came to this county with her family, who settled near Bayard. The rest of her life was spent in this county. Mrs. Reeder's maiden name was Brogan, and it will be 60 years in November since she married Jesse Reeder, who died 25 years ago. Two sons, Eden, of Lisbon, and Webster Reeder, of Marlboro, survive her.

J. Edward Long.

Word was received here by relatives of the death of James Edgar Long, of Ellwood City, Pa., which occurred at his home in that city Tuesday morning. Death resulted after a short illness from typhoid fever. Mr. Long was a son of B .J. Long, of this city, and a brother-in-law of J. M. Arbuthnot, of 317 Bradshaw avenue. Mr. and Mrs. Arbuthnot left on the morning train to attend the funeral.

The Genuine vs. the Counterfeits.

The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter, of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve.

Ex-Police Captain Still in Jail.

Minneapolis, Sept. 23.—Charles R. Hill, ex-police captain of Minneapolis, pleaded not guilty and trial was set for Oct. 1. He is still in jail, having failed to secure the $7,500 bonds fixed by court. He has been able to get bonds amounting to $5,000, however, and his attorney will make a fight for his release on bonds of that amount.

Old-Time Chicago Mayor Dead.

Chicago, Sept. 23.—Alson Smith Sherman, who was chosen mayor of Chicago in the eighth year of its corporate existence, is dead at his home in Waukegan at the age of 92 years. Mr. Sherman came to Chicago from Barre, Vt., his birthplace, in 1835 and at once took an active part in public affairs.

Always Reliable

We are not trying to establish a reputation for "lowest cut rates." We are not trying to make the biggest show. We do not claim the earth. Our ambition now is just what it was years ago—to deserve the reputation of always being reliable. We won that reputation honestly and it cannot be taken away from us. In drugs reliability is the most important consideration.

STOOP-SHOULDER MONTHS

One doesn't have to worry much about children getting round shouldered as long as they are out doors all the while. It is when they are inside, exercising less and bending over desks that the injury is done. For this reason this is an especially timely season to put shoulder braces on the child that shows signs of stooping. It is folly to wait until the habit is fixed. We have the kind you should use, the ones universally conceded to be the best.

Continued from First Page.

worth of bonds are sold. Auditor Davidson then reported that at least five funds of the city have become bankrupt and warned council that something must be done immediately or the persons employed under the departments paid by the funds must discontinue service in the city. The matter was taken up at length and the auditor was finally instructed to notify the C. R. Williams Co., of Pittsburg, that the money for the bonds must be in the hands of the city's treasurer within three days or the sale will be declared off. The auditor was instructed also to negotiate with Attorney George Gaston in the meantime and if the Pittsburg concern does not take the bonds to close a deal with Gaston if possible.

A communication was received from the board of public service, asking council to take final action on the protest offered against the extension of the window in front of the store of the Sleepless Shoe company. Council was very indignant over the request of the service board and shifted the responsibility back to the board by ordering it to enforce strictly the ordinance pertaining to blocking sidewalks.

Solicitor Davidson read the contract compiled by himself and two members of council relative to the collection and disposal of garbage. There were several points that council was not disposed to accept, and the solicitor was ordered to revise the contract accordingly. It will be taken up again at the next meeting and it is likely that it will be finally disposed of.

Attorney W. K. Gaston in a communication notified council that John J. McFadden is going to file suit against the city asking $1,000 damages as a result of an overflow of water near his house on Broadway, which, he alleged, was due to the placing of a fire plug in the gutter. The communication was referred to the solicitor, as was also the Fifth street paving proposition for which Harrison Rinehart has notified he will sue the city.

Council decided that a number of matters of importance must be taken up before the next regular meeting and the body adjourned to meet at the call of the president, which will likely be on next Tuesday evening.

AT THE THEATER

Among the important theatrical offerings of the season just opened which we are to see here in the near future is that of Mary Emerson in "His Majesty and the Maid." That this performance will be in every way a notable one is assured by the fact that Miss Emerson has been associated only with the best of attractions, among these being Louis James and Richard Mansfield. Samuel Lewis, who directs the tour, was for two years with Miss Mildred Holland.

"Turned Up," in which Nat Goodwin achieved one of his many successes, was put on last night at the Grand by the Robison Stock company. It was well staged and well acted and made a decided hit with the audience. Miss Neville won golden opinions, and her support was excellent. "Resurrection" tonight.

Tolston's "Resurrection," which is a recent success, will be presented tonight by the Robison Stock company and in the best style. Tomorrow evening Rose Coghlan's famous "Forget Me Not" will be the attraction.

Will Conclude the Two Days of Business And Pleasure—The Visitors Greatly Pleased With Their Treatment in This City.

The twelfth annual convention of the Ohio State Liquor league closed this afternoon at 12:40 o'clock. By all of the 160 or more delegates present the convention was considered the most important ever held by the organization. When adjournment was taken it was to meet at Sandusky on the first Tuesday in September, 1904.

During today's session which commenced at 9:30, business of great importance was taken up, a report of which it was not deemed advisable to make public. At the conclusion of that part of the program officers and trustees were elected for the ensuing year. John Koerber, of Akron, was re-elected president; Fred Felt, of Toledo, was elected treasurer to succeed Jacob A. Horn, of Canal Dover; William Seckler, of Cleveland, financial secretary, and Henry Blacke, of Piqua, re-elected recording secretary.

The following were elected trustees: P. J. McCaffery, of Columbus; Miller Murdock, Prospect; August L. Moltz, Sandusky; E. T. Greiner, Columbus Grove; Christ Scholtz, Massillon; Frank Webber, Findlay. McCaffery declined the honor extended him, but the members would not accept the protest.

It was generally thought that Akron would be chosen as the next meeting place, but for some unknown reason the delegates slated Sandusky for the honor early in the convention.

Timothy McDonough, of Cleveland; John Weiss, of Canton, and Charles Misser, of Cleveland, were chosen delegates to the national convention to be held in Pittsburg, after which Mr. McDonough arose and made a motion that the press of East Liverpool be extended a rising vote of thanks for the fair and liberal manner in which the league had been treated while in the city. The vote was unanimous, and aside from this manner of expressing their gratitude and thankfulness the members applauded loudly when the names of the several papers were mentioned. The league said it was the first time in the history of the organization that it was treated fairly by all the papers of the city in which it met.

A meeting of the executive board was held this afternoon when plans for the coming year were mapped out. The members of the board were sworn by a notary public at 4:30 at the Hotel Walsh.

Though a few of the delegates left the city this afternoon for their homes the great majority of them remained for the elaborate banquet which will be given in honor of the convention at Turner hall this evening.

HELD FOR COURT CHARGED WITH THEFT

Colored Couple Accused of Stealing $140 from Another Colored Citizen.

Mr. and Mrs. William Hoskins, colored, were brought before Mayor Fogo last evening in answer to the charge of having stolen $140 from Jack Lewis, also colored, last Monday evening on First street. Mr. and Mrs. Hoskins were arrested Monday, but pleaded not guilty at that time and were lodged in jail.

Attorney W. F. Lones appeared in behalf of Mrs. Hoskins in the case last evening. Several witnesses were examined and all testimony pointed to the guilt of Hoskins alone. The mayor's decision in the case was the acquittal of Mrs. Hoskins and the binding over of Mr. Hoskins to court in the sum of $200. He will be taken to Lisbon some time today.

HURTS WERE FATAL

David Jordan, Injured Railroader, Died at the Alliance Hospital Monday.

Word was received here yesterday afternoon to the effect that David Jordan, who was run down by a switch engine in the yards and who had both of his legs taken off, died at the Alliance hospital, where he was taken by Dr. Noble, of this city, Monday evening, at 8 o'clock.

The remains were taken by the wife to a little town near Coshocton, the former home, where funeral services were held.

WATER WORKS TRUSTEES

Held a Meeting, Paid Bills And Looked After New Pump House Work.

The board of water works trustees held a meeting last evening in the office of the board of public service. The bills for the freight and unloading of the big crane which is being used for the construction work on the new water works pumping station were received and ordered paid.

Report No. 1 was received from the Dean Steam Pump company, of Holyoke, Mass., on the big pumps which are being made for the new pumping station. As this report had passed through the hands of Hunt & Co. at Pittsburg, the contracting engineers, it was satisfactory to the local board and was ordered placed on file.

A motion was made and passed that the contractors in charge of the work on the foundation of the new pumping station be requested to proceed at once with the foundation for the big stacks which are to be erected as the board desires to have Mr. Fawcett, who has the contract for this work, to construct the new stacks before cold weather sets in.

TO HAVE NEW HOME

Pleasant Heights Circle Has Planned to Build Lodge Room This Fall.

At the recent meeting the members of D. F. White circle, P. H. C., adopted a plan by which a new lodge building is to be constructed upon Pleasant Heights. While the plan has been adopted the details have not been given out, owing to the fact that the location of a site has not been determined upon. It is expected to have the building, which is to be commodious and modern, completed before winter.

This circle, while only a few months old, has experienced a remarkable growth in membership.

UNBOUNDED FAITH IN MI-O- NA

Will Reed Will Refund Money If It Fails to Increase Flesh and Cure Dyspepsia.

"I have been in the drug business long enough to know that there are very few remedies that can be sold on a guarantee to refund the money if they do not give satisfaction.

"I have sold so much Mi-o-na and seen such remarkable results following its use that I welcome the chance to convince any doubter of its merit, by offering to give with each package of Mi-o-na a written guarantee to refund the money if it does not give an increase in weight, regulate the digestion and restore health.

"If you cannot call at my store, send me the price of Mi-o-na, 50c, by mail and I will forward you a regular size box, postage paid, with the same agreement to refund the money if it does not give satisfaction."

Anyone who has been losing flesh, or who has always been too thin, should use Mi-o-na. Thinness and scrawniness are signs that the food is not properly assimilated and that you do not get the nourishment from it that you should.

Mi-o-na mingles with the food you eat, aids its assimilation, tones up and strengthens the digestive organs and puts the whole system in a proper physical condition.

Remember that you risk nothing in buying Mi-o-na. If it fails to give you the desired effect, the cost is trifling. If it fails, Will Reed will pay for the remedy himself.

LOOKING FOR RUNAWAY BOYS

MARTIN'S FERRY MAN HERE SEEKING THEM.

Says His Son Took $50 And Decamped With Another Lad.

John Hessler arrived in the city this morning from Martin's Ferry and went at once to the mayor's office, where he related a rather unusual story. The old man states that his son, Otto Hessler, and a companion named James Walker, aged 15 and 17 respectively, had run away from their homes in that town, taking with them a considerable sum of money.

The boys were employed in the rolling mill at Martin's Ferry, and after what money was coming to him young Hessler appropriated $50 belonging to his father. They had been traced to this city and the parent was of the opinion they had secured employment at the tin mill.

It was learned that the lads had arrived in Wellsville by the "growler" Saturday night, and later made their way here. Officer Morris was detailed on the case and his first move was to visit the Chester plant of the American Tin Plate company. There he learned that the boys had made application for work early Monday morning, but for some reason they could not be put to work on account of the absence of application blanks. It is presumed they became alarmed at the possibility of being apprehended and left town. Instructions were left at the office of the tin mill that should the boys put in an appearance the authorities in this city were to be notified at once. It was thought perhaps the runaway boys had gone to Canal Dover or Akron and Mr. Hessler left for the latter town today.

CLIMAX NEAR IN THE DISPUTE

Continued from First Page.

drew up an agreement covering all of the points and it is now in the hands of the manufacturers. The aim of the engineers was to equalize working conditions in this district, and a minimum wage was placed at $2.50 per day. The rate was deemed but fair since it has been contended the engineers have been the poorest paid craft in the city. The revised scale prepared by Mr. Erdhaus is as follows:

Agreement entered into this..... day of ..... 190.., by and between the undersigned, The Western Pottery Association of East Liverpool, Ohio, and vicinity, parties of the first part and the International Union of Steam Engineers, No. 169, East Liverpool, Ohio, parties of the second part.

1. The undersigned, the aforesaid Pottery Association of East Liverpool, Ohio, parties of the first part, agree to employ none but members of the International Union of Steam Engineers No. 169, of East Liverpool, Ohio, or in case said union cannot supply engineers competent in the opinion of the employer, such engineers who are competent and shall become members of said Steam Engineers No. 169.

2. The chief engineer shall in all cases have full charge of the engine and boiler rooms.

3. The minimum wages shall be two and 50-100 dollars ($2.50) for day engineers and two dollars ($2.00) for night engineers. The present hours and working conditions to remain the same but not to conflict with Section No. 1.

4. Where present wages are higher than the minimum they shall not be reduced.

5. The International Union of Steam Engineers No. 169, of East Liverpool, Ohio, party of the second part, pledges itself to promote the mutual interests of the parties to this agreement and to continue the present amiable relations between employer and employe, to observe engine room regulations, discipline such of its members as may be guilty of conduct unbecoming an engineer, to advertise the standing of said firms through the usual channels as union concerns and to use the organization's good offices in behalf of the party of the first part in every honorable manner.

6. Should the parties of the first part and the parties of the second part fail to come to an agreement at the expiration of this contract, this contract shall extend sixty (60) days beyond the date of its expiration.

7. This agreement shall go into effect.....day of.....190.. and shall expire.....day of.....190...

Any other contract now existing between the parties hereto, is hereby, by mutual consent, rescinded.

Signed for the Western Pottery Association of East Liverpool, Ohio.

Signed for the International Union of Steam Engineers No. 169.

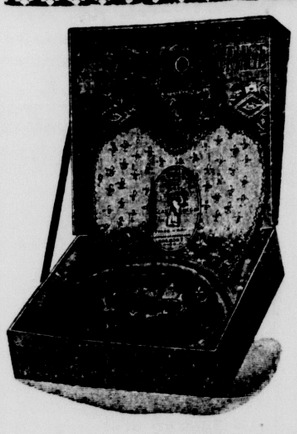

Mr. Erdhaus, who is one of the best posted and most conservative of the higher officials, and who owes his present position to that fact, said this morning that he, with Organizer Charles Kontnier, has exhausted every means in their power to bring about a settlement, and that it is now up to the local organization and the headquarters officers. A report has been sent to the international headquarters by wire and a reply is expected at any moment. The men are anxious to bring the matter to a focus at once, and are unanimous in their determination to go out if their terms are not acceded to.

THE REBEKAH DEGREE HELD CELEBRATION

Fifty-First Anniversary Observed In An Impressive and Enjoyable Manner.

The observance of the fifty-first anniversary of the establishment of the Degree of Rebekah, I. O. O. F., by Ceramic City lodge No. 28, was one of the pleasant lodge functions of the year. Nearly 70 members of the order assembled at the Odd Fellows' hall and the evening was greatly enjoyed in a social way. Tempting refreshments were served.

The Degree of Rebekah in this city has shown a steady growth since its inception and is now popular and prosperous. Arrangements for the anniversary celebration were left with the officers and while the time was short, the entertainment provided was most acceptable. The following ladies, as officers, served on the committee: Mrs. W. E. Warren, noble grand, chairman; Mrs. A. G. Hofman, vice noble grand; Mrs. Harshey, chaplain; Mrs. Gus Trenle, financial secretary; Mary Lloyd, treasurer; Mrs. Sheridan McGavern, recording secretary; Mrs. Sarah Campbell, warden; Miss Kitty Burton, conductor; Mrs. John Anderson, right supporter to the noble grand; Mrs. Tom Pickal, left supporter to the noble grand; Thomas Pickal, right supporter to the vice noble grand; Mrs. Maggie Kinsey, left supporter to vice noble grand.

Arrangements were made at the meeting to attend the big Odd Fellows' picnic to be held at Rock Springs park tomorrow and one candidate was obligated.

BIG DAY TOMORROW FOR THE ODD FELLOWS

Trainloads of Visitors Coming—A Big Parade And Picnic.

Odd Fellows from all over this section of the state, several thousand strong, are coming to East Liverpool and Rock Springs park tomorrow to attend the big picnic planned by the local brances of the order. The indications are that the attendance will be unusually large. Word has been received that four special trains will be run, and it is probable that other trains will be added.

One of the trains will start from Dennison and Uhrichsville, bearing the members of the Twin City lodges and their friends. The canton will come in full uniform and will participate in the parade here in the afternoon. The parade will be formed by the canton named above, Canton Rhodes, of this city, and others, if they are heard from in time. Haines' band will head the parade and later will make music at the park.

A program of sports, consisting of foot ball, base ball and other athletic games has been arranged and the day will be spent in the good old fashioned way. The regular park attractions will be running and the young people will have the usual opportunity to dance. One feature of the program that will be of particular interest is the base ball game to be played by the married and single men of the local lodge. Several faces will be seen upon the diamond for the first time in years.

The Odd Fellows have extended a very cordial invitation to the families and friends of all members to attend, and this includes almost the entire population.

BIGGEST CROWD IN HISTORY

Saw Reark's Pets Trimmed By Risher's Homestead Bunch, 10 to 6. Godwin And Rising in the Game And Did Well.

Homestead took the measure of young Mr. Miller, the off-side slabbist who recently graduated from the Central league and came back to town to help the preachers in the closing games of the season. There were more sad hearts about 6 o'clock last evening than there has been since the old bell cow fell over the bluff, all because young Mr. Miller, the idol of the fans, had been given his bumps. As the sad-hearted, at least 1,000 strong, trudged homeward there could be heard explanations for the defeat. For every fan there was a different reason, but to the scorers in the roost above the grand stand it looked as though it might be accounted for by the unwarranted liberties Risher's bunch took with young Mr. Miller's shoots and slants and his liberality in sending men down to first. He had no mercy on the anatomy of his opponents and soaked four of them.

Nine hundred and ninety-nine of the spectators are willing to swear that the team Manager Reark sent to the field yesterday afternoon is the strongest that has represented this city in years. At that Homestead is not at a disadvantage. That trio of outer gardeners, Rising, Godwin and Wallace, could not be bettered this side of California for both fielding and hitting. A look at the score will show to what extent they were in the game. The infield, too, was strong, though there was very little doing at either of the three corners. There were 10 put outs for the outfield, a slight indication of the way the visitors were rapping the ball. The game was peculiar in several ways. For instance, only three assists are credited to the infield, Houser getting two and Miller one. Heckathorn's first put out came in the fifth when Coursey sent a grounder to Houser and was thrown out. Only five in the entire game perished at the hands of Big Heck.

There is no disgrace attached to yesterday's defeat. The preachers fought gamely until the last when things were breaking badly for them from the start off. Every grasser, no matter how speedy, from the preachers' bats took just the right bound for the visiting fielders. Some of them, with a fair share of the luck, would have been hits. On the other hand the visitors seemed to keep them out of reach of local fielders. It was tough luck.

Thayer Torreyson, who commenced his base ball career along about the same time as "Jamey" Westlake and Chick Reark, was on first for the visitors and lifted the low spirits of the spectators with his stunt on the coaching lines. "You're an all right kid," he said to Miller, "and in a couple of years you will be able to get away with it."

While Miller has improved in the finer points of the game by his short stay in Central league company, he did not show to near so good an advantage as in some of his earlier games here. It was clearly an off day for him. When he used his steam they would not come over the pan and when he eased up a Homestead swatter would land for keeps. Had he been as steady as his opponent and as niggardly with free passes there would have been a different story to tell.

The preachers did things to Risher's Eastern league twirler. They opened up on him in the first for a couple of clean three-sackers and a single, but he steadied down and was invincible until the eighth. He is built on the same plan as "Slab" Burns and uses about the same tactics as that luminary of the diamond and gridiron.

Manager Reark sent the visitors to the bat and Captain Edmondson, first up, could do nothing better than disturb the atmosphere. McChesney gave Godwin his first chance and McCloskey gave Rising the opportunity of making one of the prettiest plays of the game. His line drive went to the left field fence, but Rising had judged it perfectly and was there when it dropped.

Godwin was nipped on his grounder to Edmondson and Houser followed with a corking triple to left center. Wallace duplicated the feat with a triple to right, Houser scoring. Cosgrove fumbled Rising's grounder, Wallace scoring. Brown sent Rising to third with a single, but was thrown out trying to steal. Heck's grounder to McCloskey left Rising on third.

Miller gave his first pass in the second and it blossomed into a run. After Torreyson had failed Coursey drew the free ticket and moved up when Tate got a jolt in the short ribs. Coursey counted on Cosgrove's single. Westlake singled, but was forced by Miller. A passed ball helped Miller to second, but he was left.

Homestead took the lead in the third. Brown singled to center and Edmonston was hit by a pitched ball. McChesney hit safely, scoring Brown. McCloskey sent a hard foul to right that Wallace caught after a hard run, Edmondson scoring. McChesney scored while Miller was retiring Torreyson at first. They added three more in the fourth. Tate hit safely to right and Cosgrove sent a safety to the opposite field. Ferguson's walk filled the corners. Brown's grounder to Houser forced Tate at the plate. Edmondson placed a pretty single to right, scoring Cosgrove and Ferguson. Edmondson was caught, Wallace to Webb, trying to make second on the hit. McChesney sent a fly to deep center, good for two sacks, Brown counting.

McCloskey made the circuit in the seventh on his single to center and Torreyson's two-bagger to right.

There was a ray of hope for the preachers in the eighth when Brown was touched up rather lively. Cosgrove fell down on Godwin's easy one and Houser planted a safe one past short. Wallace helped out with a bingle to left, scoring Godwin and then Percy Rising distinguished himself with one of the prettiest swats ever seen on the local grounds. He sent the leather on a line and it was "still on the rise" as it passed Tate in deep left. Rising stopped at third, Houser and Wallace counting. Brown failed, but Big Heck placed on in right that Ferguson couldn't field, Rising counting. That was the end of the run getting for the locals. Houser gave Homestead a pair by a rank error in the ninth, the only miscue for the preachers in the game. McCloskey was hit and after Torreyson and Coursey had been disposed of by Rising, Tate singled. Coursey, who had three bingles out of four tries, was sent down on balls. Ferguson sent Houser an easy one, but he missed it and McCloskey and Tate counted.

Godwin singed in the ninth and kept on running when Coursey's throw to catch him stealing went on to center. It was a pretty piece of base running, but McChesney nipped him at the plate by a splendid throw.

ANOTHER FIZZLE IN ARRANGING THE GAME

Numbers of West End Rovers Refuse to Play at Columbian Park And Game Is Off.

Once more the West End Rovers and the Oakland Athletics have made a fizzle of an attempt to arrange a game, this time after it seemed that everything was settled. For the past two seasons these teams have been bitter rivals and charges of cowardice have been made by their partisans. Claims have been advanced, but until the teams meet upon the gridiron the question of superiority will not be settled to the satisfaction of the public.

When the News Review decided to treat its friends to a foot ball game at its first annual outing at Rock Springs park, a tempting offer was made to these teams to play the game. The Rovers were willing, but the Oaklands claimed that they could not get ready in time. Players of both elevens stated they were hungering for the fray, so Manager Ashbaugh, of the Rovers, and Manager Weaver, of the Oaklands, met a few days ago and agreed to play a game next Monday September 28, at Columbian park. Apparently everything was settled and the advertising for the event was ordered. But then came an objection on the part of several members of the Rovers to playing on the Columbian park gridiron and the game has fallen through again.

The matter of where the game is to be played and other minor details could be easily arranged if the teams are really anxious to meet and if the players will abide by the decision of their managers. This latest fizzle is causing many of the friends of the two teams to think there is a little nerve lacking. The announcement that a game has been arranged will alter this.

Since cancelling the game, the Rovers have opened negotiations with the Sebring team to play at the West End park next Monday. Sebring was beaten here last year by the Rovers and were beaten by Salem 10 to 0 in the opening game this year.

Will Accept the Challenge.

The Brewery Athletic club will accept the challenge of the Chester Athletic club for a game of foot ball. Manager Burgess, of the first-named team, so informed the sporting editor of the News Review last night and would like to meet the Chester manager to arrange the date and other details. He will be at the News Review office at 8 o'clock Thursday night for this purpose.

Hill Top Tigers Reorganized.

The Hill Top Tigers have organized their foot ball team for the season and would like to arrange a game with any 90-pound team in this section. The youngsters know a few things about the game and have been practicing hard. Their manager is Matthew Barlow, 132 Sheridan avenue.

Independent Packers Discuss Plans.

Kansas City, Sept. 23.—A meeting of the promoters of the Independent Packing company, which was incorporated recently to fight the alleged packers' combine, was held here. The general plans for the organization and financing of the company were discussed and a board of directors was elected which will control the affairs of the company. The company is capitalized at $5,000,000 and 100,000 shares of stock at $50 a share will be issued. The board of directors comprise cattlemen from almost every state in the west. Charles F. Martin, secretary of the National Live Stock association, said the first meeting of the board of directors probably would be held in Denver on the first of next month. At this meeting the officers of the company will be elected and the plans for financing the company prepared.

Escaped Convict Captured.

Gardner, Mass., Sept. 23.—Chief of Police Warren P. Allen captured Tom Stacy, who escaped from the Louisiana state penitentiary at Baton Rogue. The man admitted his identity. When searched at the station he had a revolver fully loaded in his belt. He said he would have used it on his captor if he got a chance. Stacy was sent to the penitentiary Jan. 27, 1901, on a 12-year sentence for bigamy and larceny. He escaped with two negroes on July 5 and has since been free.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

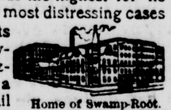

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

ADJUSTING DISPUTES

Executive Council of Federation Hear Troubles of Subordinate Unions.

PITTSBURG PLUMBERS PROTEST

Say Territory Is Infringed—Governor Hunt Confers About Labor Situation in Porto Rico—New York Wants Building Trades Dispute Adjusted.

Washington, Sept. 23.—No formal consideration was given the Miller case at the morning session of the executive council of the Federation of Labor, the meeting being devoted mainly to adjusting disputes between subordinate organizations. It is pointed out that while an official copy of the resolutions of the Central Labor union was forwarded by that body to the federation, the local bookbinders' union No. 4, which expelled Miller from its membership, has not reported the matter to the federation. It was asserted that this is a condition precedent to a formal consideration of the case by the executive council.

President Whitmore, of the stereotypers' and electrotypers' union of this city, made a statement to the effect that his opposition to the Central Labor union's resolutions sent to President Roosevelt in the Miller case was individual and not representing the union. Mr. Whitmore said that the stereotypers' union is not and will not be involved in the controversy.

Want Charter Revoked.

John Mulholland, of Toledo, O., president of the allied metal mechanic's organization, appeared before the executive council and submitted a petition for the revocation of the charter of the International Association of Mechanics on the ground that it infringed on the territory of the allied metal mechanics. The protest is an outgrowth of the action of the last machinists' convention in extending the constitution so as to embrace crafts that the metal mechanics claim fall within their jurisdiction. The machinists have a membership of 70,000 and the allied metal mechanics 16,000. The petition finally was withdrawn on an agreement to have representatives of the two organizations confer and adjust matters.

The local plumbers' union of Pittsburg also submitted a protest, alleging infringement on their territory by the allied metal mechanics. It was decided to adjust the dispute by conferring representation on the two organizations.

Labor Situation in Porto Rico.

In the afternoon Governor Hunt, of Porto Rico, had a conference with the executive council relative to the labor situation of Porto Rico, and also in regard to the proper enforcement of the eight-hour law for all mechanics artisans and laborers in the island. The conference took a wide range and lasted nearly an hour.

A delegation from the engineers union of New York asked the good offices of the executive council for the purpose of bringing about an adjustment of the building trades dispute in New York city and to insist upon the rights to which the unions are entitled being accorded them by affiliated organizations. Without arriving at any conclusion upon the subject the council then took up the matter of the controversy between the brewery workers, engineers and firemen.

An organizer was appointed to visit Bangor, Pa., with power to call a convention of all local unions of slate quarrymen for the purpose of uniting the craft in a comprehensive practical organization. It is expected that the difficulties between the International Association of Allied Metal Mechanics and the International Association of Machinists will be settled by next week.

Religious Bodies Unite.

Delaware, O., Sept. 23.—The union of the Delaware and Marion presbyteries has been effected, thereby forming a religious body covering a large expanse of territory in Ohio.

MACEDONIA AFFAIRS DISCUSSED

Turkey Guarantees Protection to Refugees—Bulgarian Frontier Forces to Be Strengthened — Revolutionaries Still Hold Mountain Passes.

Sofia, Bulgaria, Sept. 23.—Within 48 hours the question of peace or war will probably be settled, according to authoritative opinions here. Premier Petroff had an interview with Ali Feruh Bey at which the whole situation in Macedonia was discussed. As a result of this conference a much better feeling prevails and confident hopes are expressed that a satisfactory adjustment will be reached. This view is strengthened by a report from Constantinople to the effect that the council of ministers after some days' discussion is within measurable distance of an agreement on the chief points at issue.

The premier complains to the Turkish diplomatic agent of the situation created by the arrival at Burgas of thousands of destitute refugees from the district of Losengrad. After a discussion an understanding was practically reached that Turkey should guarantee safe protection of the refugees and take steps to reinstate them in their homes.

The general effect of these conferences in Constantinople and Sofia has induced a much more hopeful feeling here, although in Balkan affairs it is always possible that the next day's happenings may change the entire situation.

The war ministry has taken steps to strengthen the Bulgarian frontier forces and it is reported that troops will occupy all the commanding positions, thus making it almost impossible for bands to cross the frontier. Some regiments of the Second and Third divisions have been ordered to the Adrianople frontier, where the Turks have massed strong bodies of troops.

Revolutionary bands are reported to be active in the district of Raslog, province of Seres, where they hold all the mountain passes. The Turkish population is fleeing toward Salonica.

Rogues' Gallery at World's Fair.

Washington, Sept. 23.—Major Sylvester, president of the International Association of Chiefs of Police, has taken initiatory steps to securing a successful police exhibit at the St Louis exposition. He sent letters to chiefs of police everywhere, asking their aid in making the exhibit, which will be in the building dedicated to eduction and economics, successful in every particular. It is proposed first to show the evolution of the policeman, both in this country and in Europe, by a display of the headgear, uniforms and equipments worn at different periods in the years gone by. A gallery of pictures of prominent chiefs of police and an extensive "rogues' gallery" will be features. A presentation of causes of crime will be made, also both modern and ancient methods of detection and prevention. The modern methods of execution and humane treatment of prisoners will be contrasted with the old.

President Weighs 220 Pounds.

Washington, Sept. 23.—A letter from Oyster Bay says that the president now tips the scales at 220 pounds and that there is every indication of a still further increase in his weight. He has been trying to reduce his weight, but his flesh is as hard as a knot and refuses to yield to ordinary methods.

Ten Years for Sherwood.

New Haven, Conn., Sept. 23.—Oliver T. Sherwood, the defaulting cashier of the Southport national bank, was sentenced to 10 years in the penitentiary for embezzling $100,000. He fled to Panama but was apprehended and brought back.

American Farmers for Cuba.

Havana, Sept. 23.—Thomas J. Anderson, general passenger agent of the Southern Pacific railroad, announces that he has come to Cuba with the idea of arranging for the immigration of American farmers to settle on Cuban soil.

Berlin, Sept. 23.—The municipal council of Frankfort will participate in the collective exhibit of German cities at the St. Louis exposition.

CURIOSITY BAFFLED

Secret Service Men Find Suspicious Character Prowling Around Sagamore Hill.

PRESIDENT BUSY CUTTING WOOD

Desire to See Chief Magistrate and His Summer Home Frustrated by Officers—Man Claimed to be Swedish Gardener—Left for New York.

Oyster Bay, Sept. 23.—A suspicious charcater giving his name as Samuel Swenyon was held by the secret service officers at Sagamore Hill while making an effort to see the president. He was turned back to the village, shadowed, stopped in Oyster Bay and searched and later placed on a train for New York. He was unarmed and appeared to be a harmless crank, possibly a religious fanatic.

Swenyon, who is a slightly built man about 35 years of age, with a reddish brown beard and mustache, blue eyes and a strongly foreign cast of countenance, walked up the roadway leading to Sagamore Hill about 4:30 in the afternoon. He was shabbily attired, his clothes being badly torn in several places. He was stopped by a secret service officer. He told the officer that he was a Swede and had come from New York to see the president and Sagamore Hill, having read about the president's summer home in the newspapers. A short time before the president, accompanied by Mrs Roosevelt, had gone from the house to the woods nearby to chop wood, that being a favorite exercise of his.

The man was turned back by the officer, who told him the president was not at home. Swenyon, who said he was a gardener, looked curiously about the grounds and then started on his return to the village. He was followed by another officer in one of the president's road wagons. Swenyon asked a passing driver for a ride and rode into the village with him. He had scarcely arrived in Oyster Bay when he was taken from the wagon by two secret service officers and examined. Swenyon had nothing in his pockets except about $4 in money and a Swedish religious newspaper. On a piece of paper he wrote his name and address in a perfect legible hand. He said he lived at the Sayszerry hotel, New York City. After examining him thoroughly the officers were convinced that he was entirely harmless and that he was neither an anarchist nor a socialist.

He readily acceded to the suggestion of the officers that he leave the village. They accompanied him to the station and he bought his own ticket to New York, shaking hands with the officers before entering his car. At no time did he appear to be excited except when one of the officers at Sagamore Hill told him that if he returned he was liable to be shot. He left the hill in a hurry. He answered all questions in a frank and straightforward manner and bore every evidence of being an unsophisticated foreigner, touched slightly, perhaps, with religious fanaticism, who had been induced to come here merely by his curiosity.

CARRIED A REVOLVER.

Delegates to Iron Workers' Convention Appear in Police Court.

Kansas City, Sept. 23.—The contentions between the rival factions in the International Association of Bridge and Structural Iron Workers were given an airing in police court when James Kelley, of New York, was fined $15 for carrying a revolver.

Kelley, who is one of the active opponents of Samuel Parks, the walking delegate, and John Henderson, of St. Louis, were arrested while quarreling. Henderson struck Kelley and knocked him down.

"I carried the revolver because I had $187 in my pocket," explained Kelley. "For another reason, I was afraid of being slugged by the Parks gang."

Henderson was discharged.

Training Ship Aground.

New London, Conn., Sept. 23.—The United States training ship Alliance is aground at Race Rock. Although she is apparently hard and fast she is in no danger. The sea is smooth and unless there is a sudden change in weather conditions the ship will be safely floated. The tug Alert offered to assist the Alliance, but her captain declined the proffered services. A United States monitor is standing by the stranded vessel.

COUNTY AND NEIGHBORHOOD

Chris Williams, a miner of Portland, was sitting on the C. & P. track at Highland City when a train struck and killed him.

The Carroll county fair will be held on October 7, 8 and 9. Great preparations are being made to make it one of the best on record.

James Ramsey, cook on the steamer Vulcan, was found dead in his berth on that boat at Elizabeth, Pa. He had followed the Ohio and Monongahela rivers for many years.

Charles Moffit, of Church Hill, this county, took his 12-year-old son to Youngstown with him recently and in some manner they became separated and the boy cannot be found.

Dr. Peter S. Greenamyer died at his home in Orrville after an illness of some months. Dr. Greenamyer was born in Columbiana county on May 2, 1834, leaving here while a young man.

Mr. and Mrs. C. F. Lease, of Salem, who went to California on the G. A. R. excursion, are still in Pasadena, being detained by the illness of Mrs. Lease. She has been ill ever since they reached that city.

A bald eagle, weighing 32 pounds and measuring seven feet from tip to tip, was shot at Mineral Ridge by Keller Marshman. Richard Lloyd had been missing young pigs and the eagle was discovered attacking them.

NATIONAL OFFICERS ELECTED.

Patriotic Sons of America Select Atlantic City for Next Meeting.

Baltimore, Sept. 23.—The triennial convention of the national camp, Patriotic Sons of America, is in session with 114 delegates present. State President William I. Heaps, of Maryland, delivered an address of welcome. Vice President Edward A. Doane, of New York, responded in an address in which he dwelt at length on social conditions in this country and urged the adoption of laws against indiscriminate immigration.

The following national officers were elected to serve during the ensuing two years: President, J. Shindel Krause, of Pennsylvania; vice president, William H. Tilton, of New Jersey; secretary, F. E. Stees, of Pennsylvania; chaplain, Rev. D. E. Rupley, of Pennsylvania; master of forms, William E. Valiant, of Maryland; treasurer, E. P. Spiese, of Pennsylvania.

Atlantic City, N. J., was chosen as the next place of meeting, which will begin the fourth Tuesday in September, 1905. Chattanooga and Niagara Falls were also proposed and Atlantic City was not chosen until after a spirited debate.

Farmers' Congress in Session.

Niagara Falls, N. Y., Sept. 23.—The farmers' national convention opened its session here and among the speakers were Governor Odell, Timothy L. Woodruff and Secretary Cortelyou, of the department of labor and commerce. The addresses by the officers show the congress to be a growing power and influence in securing beneficial national legislation. The convention will devote a great portion of its time to the distribution side of farming.

Union Scores a Victory.

Cleveland, Sept. 23.—The conference between the operators and miners of the eastern Ohio coal district No. 6 over the employment of union men ended by the employers agreeing to hire none but union engineers, firemen, pumpmen and electricians. The conference was held at Senator Hanna's office.

DOES YOUR

Husband Drink?

"ORRINE"

Will Surely and Permanently Cure Him, Without his Knowledge.

Drunkenness is a disease and is so recognized by the medical profession. Don't expect impossibilities of your husband, son or father. If he has acquired a taste for strong drink, it is your duty to save him, yourself and family from the terrible consequences of the excessive use of whiskey, beer, wine, etc.

SSS FOR THE BLOOD

The best known and most popular blood purifier and tonic on the market to-day is S. S. S.

There is hardly a man, woman or child in America who has not heard of **"S. S. S. for the blood."** It is a standard remedy, a specific for all blood troubles and unequalled as a general tonic and appetizer. S. S. S. is guaranteed purely vegetable, the herbs and roots of which it is composed are selected for their alterative and tonic properties, making it the ideal remedy for all blood and skin diseases, as it not only purifies, enriches and invigorates the blood, but at the same time tones up the tired nerves and gives strength and vigor to the entire system.

FROM CONGRESSMAN LIVINGSTON, OF GEORGIA.

I know of the successful use of S. S. S. in many cases. It is the best blood remedy on the market.

FROM EX-GOV. ALLEN D. CANDLER.

S. S. S. is unquestionably a good blood purifier, and the best tonic I ever used.

For Chronic Sores and Ulcers, Catarrh, Rheumatism, Blood Poison, Malaria, Anæmia, Scrofula, Eczema, Psoriasis, Salt Rheum, Tetter, Acne and such other diseases as are due to a polluted or impoverished condition of the blood, nothing acts so promptly and effectually as S. S. S. It counteracts and eradicates the germs and poisons; cleanses the system of all unhealthy accumulations and soon restores the patient to health. Write us and our physicians will give your case prompt attention without charge.

HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

New Physical Director—The board of directors of the Y. M. C. A. held a meeting last evening and selected E. P. State, of East Akron, to fill the position of physical director to succeed P. J. Stephens, resigned.

Only Two Arrests—Pat Clark and Walter Smith were the only two men to fall into the hands of the police last night. Clark was arrested by Officer Rose and the latter by Officer McDermott. Both were plain drunks and each was fined $2 and costs.

Boys Caused Explosion—Some small boys at play last night at the corner of East Fifth and Walnut streets caused a peculiar explosion which might have been attended by serious results. One of the number climbed to the top of a pole and held a lighted match to the end of a waste pipe from the gas main. An explosion resulted, sending the wooden cover of a man hole leading to the sewer to a great height. No damage was done.

Fine Ambulance—One of the finest ambulance wagons in this section has been received by Undertaken C. N. Miller. It is complete in every particular and is built upon modern lines. It is to be used in transporting sick and injured from one point to another.

THREE FAST GAMES ARE PROMISED

Warren Team Composed of Great Players and Locals Will Not Be Slow.

That the last three games of base ball to be witnessed in the city this week will be as interesting as the first two, no one will doubt after reading the lineups of both teams. Warren is the attraction and beyond a doubt the team is just as fast as Homestead or any other independent profressional team in the country. The majority of the Warren team are from the Jamestown, N. Y., aggregation. The lineups for tomorrow's game are as follows:

Y. M. C. A.—Westlake, c; Vasbinder, p; Heckathorn, 1b; Webb, 2b; Brown, 3b; Godwin, s; Gibson, lf; Rising, m; Wallace, rf.

Warren—Peiper, c; Whissner, p; Austin, s; Hawkins, 1b; Gouzzie, 2b; O'Malia, 3b; Paskert, lf; McDonald, m; Jackson, rf.

MAMMOTH BUSINESS

And How an Enterprising Local Firm Is Preparing for It.

One of the best and most convincing proofs of the enterprise and push of the ever-popular Surprise Clothing House is found in the fact that work is now in progress which will result in a big change in the establishment.

An arrangement has been made whereby the proprietors of the Surprise will obtain the use of the entire ground floor of the Little block in the Diamond. A partition has been taken away which formerly separated the store room of the Surprise from a business room just west of the present quarters of the clothing store, and the latter will in that manner be so enlarged as to make it one of the most commodious in the city.

By the change the Surprise will be enabled to carry a mammoth stock all the year round, and it is now expected the improvements will be completed in time to accommodate the big new fall stock. No establishment in this section will be better able to cater to the wants of the people in the clothing line, and with the business enterprise which has made the firm famous in the past, the well known house will flourish as it has ever did before.

NARROW ESCAPE

Teamster and His Son Uninjured After a Hair-Raising Experience.

John Lutton, the well known teamster, had a narrow escape from death yesterday afternoon, and but for the prompt action of the engineer of the afternoon east bound train, his team would have been killed and the outfit he drove smashed to kindling wood.

Lutton with his four-year old son had been at the plant of the East Liverpool Brick Manufacturing company and after loading the wagon with 6,500 pounds of brick, started to drive across the tracks to the main highway. The team had reached the main track before Lutton saw the approaching train. The engineer took in the situation at the same moment, and without hesitating an instant pulled the throttle wide open. Lutton had barely time to pull the horses' heads to one side when the train whizzed by.

The call was so close that the pilot of the engine hit one of the horses on the side of the head, tearing away a piece of the bridle. Lutton was so nearly overcome that he was unable to climb down from his seat for several minutes.

SOCIAL EVENTS

Hallowe'en Dance.

One of the most popular social functions of the season will be the hallowe'en dance to be given by the members of the Hollenden club at Rock Springs park October 30. Preparations have been in progress for some time and the affair promises to surpass anything of its kind held there in a long time. The club has placed the arrangements in the hands of a committee, composed of the following well known society young men: Clyde Huss, George Rigby, Gaylord Albright, Vance Brunt, Edward Bunting. The details are being arranged on an elaborate scale. The club gave one of the most successful dances of the season earlier in the year, and the committee means to outdo its previous efforts if it is at all possible.

Girls' Missionary Society.

The Girls' Missionary society of the First Presbyterian church held its first meeting last evening at the home of Miss Anna Myers on Fifth street. The program was informal, but most interesting. When fully organized there will probably be 20 or more girls interested. The business last evening was to plan the winter's campaign. The girls may hold several socials, sales, or other entertainments. Mrs. Scott, formerly Miss Emily Southall, of this city, spoke on the "Negro in the South and Work Among That Race." Her remarks were fully appreciated.

Chautauqua Circle.

The Chautauqua Circle will not meet until the first Friday evening in October, when the members will be entertained at the home of Mrs. C. T. Hard on College street. Many interesting features will then occupy attention. One topic for discussion, which has never been fully decided by scientists, and leaves great room for argument, is "The Racial Proposition of the American People." The ladies will take up the study of a new book which is required in the Chautauqua course. Mrs. W. H. Romey this year is a member eligible for graduation from the national circle.

Delightful Card Party.

Mrs. Roland Patterson gave a delightful card party to 18 of her friends yesterday afternoon from 2 to 5. Flowers of various kinds were arranged in perfect taste. The entertainment was given in honor of Miss Briggs, a cousin of Mrs. Patterson. The first prize, a very dainty hand-made handkerchief, was won by Mrs. J. Bert George. Miss Bessie Adams was presented the consolation prize, a box of candy. Refreshments were served. The affair was a most pleasant event.

Class to Be Entertained.

J. M. Shive will entertain his Sunday school class of the First M. E. church at his home on Fifth street tomorrow evening. Miss Goldie Weaver will be present in order that those in the class may have an opportunity of bidding her farewell before her departure for Europe. The class has been one of the active and best instructed in the M. E. Sunday school. A musical program will be presented.

Lisbon Weddings.

Lisbon, September 23.—(Special)—Charles Stallsmith, of Sunol, Pa., and Miss Pearl Augustine, of East Palestine, were married by Rev. George Fowler at the parsonage of the Christian church here yesterday. Aaron Tunstall, of East Palestine, and Miss Eva McMillan, of Negley, were married in the probate court room by Mayor Farrell.

Married in Niles.

Lisbon, September 23.—(Special.)—Harvey Helman, of Lisbon, and Miss Anna Difford, of Portage county, were married in Niles Monday morning by Justice Phillips. Mr. and Mrs. Helman came here yesterday afternoon and will spend a few days at the home of his father, Charles Helman, after which they will go to Warren and commence housekeeping.

It's folly to suffer from that horrible plague of the night, itching piles. Doan's Ointment cures, quickly and permanently. At any drug store, 50 cents.
